**If the Fruit of Freedom Is Joy, Why Are We Still Crying?** Createspace Independent Publishing Platform  
 Jump Start: A Believer's Beginning Guide to Financial Freedom is a must-read for those desiring to take their finances to the next level. Learn how to take the steps needed to avoid the financial pitfalls that are far too common. Based on the author's principles of legacy building, evaluate your mindset and current financial situation to achieve true wealth.  
[Jump Ship to Freedom](#) Jump Ship to Freedom  
 The issues Reichman considers—which are the subjects of daily conversation on college and university campuses

nationwide as well as in the media—will fascinate general readers, students, and scholars alike.

### **Juneteeth Jumps!** Abrams

Young Daniel Arabus and his mother are slaves in the house of Captain Ivers of Stratford, Connecticut. By law they should be free, since Daniel's father fought in the Revolutionary army and earned enough in soldiers' notes to buy his family's freedom. But now Daniel's father is dead, and Mrs. Ivers has taken the notes from his mother. When Daniel bravely steals the notes back, a furious Captain Ivers forces him aboard a ship bound for the West Indies--and certain slavery. Even if Daniel can manage to jump ship in New York, will he be able to travel the long and dangerous road to freedom?

*A Drama, in Five Acts* Philadelphia : J.B. Lippincott [1949]

“A Haitian grandmother and granddaughter share a holiday, a family recipe, and a story of freedom. . . . A stunning and necessary historical picture book.” —Kirkus Reviews (starred review)  
 The shake-shake of maracas vibrates down to my toes. Ti Gran's feet tap-tap to the rhythm. Every year, Haitians all over the world ring in the new year by eating a special soup, a tradition dating back to the Haitian Revolution. This year, Ti Gran is teaching Belle how to make Freedom Soup just like she was taught when she was a little girl. Together, they dance and clap as they prepare the holiday feast, and Ti Gran tells Belle about the history of the soup, the history of Belle's family, and the history of Haiti, where Belle's family is from. In this celebration of cultural traditions passed from one generation to the next, Jacqueline Alcántara's lush

illustrations bring to life both Belle's story and the story of the Haitian Revolution. Tami Charles's lyrical text, as accessible as it is sensory, makes for a tale that readers will enjoy to the last drop.

**Making the Jump** Oxford University Press  
Courage and desperation lead fifteen-year-old David and his father to flee Cuba's repressive regime and seek freedom by taking to the sea on a raft headed for Miami.

**Jump for Freedom** Yale University Press  
We speak of being 'free' to speak our minds, free to go to college, free to move about; we can be cancer-free, debt-free, worry-free, or free from doubt. The concept of freedom (and relatedly the notion of liberty) is ubiquitous but not everyone agrees what the term means, and the philosophical analysis of freedom that has grown over the last two decades has revealed it to be a complex notion whose meaning is dependent on the context. The Oxford Handbook of Freedom will crystallize this work and craft the first wide-ranging analysis of freedom in all its dimensions: legal, cultural, religious, economic, political, and psychological. This volume includes 28 new essays by well regarded philosophers, as well some historians and political theorists, in order to reflect the breadth of the topic. This handbook covers both current scholarship as well as historical trends, with an overall eye to how current ideas on freedom developed. The volume is divided into six sections: conceptual frames (framing the overall debates about freedom), historical frames (freedom in key historical periods, from the ancients onward), institutional frames (freedom and the law), cultural frames (mutual expectations on our 'right' to be free), economic frames (freedom and the market), and lastly psychological frames (free will in philosophy and psychology).

**The Dilemma of Freedom and Foreknowledge** AudioGO

The aim of this book is to carefully reconstruct Marx and Engels's theory of freedom, to highlight its centrality for their vision of the communist society of the future, to trace its development in the history of Marxist thought, including Marxism-Leninism, and to explain how it as possible for it to be transformed at the height of its influence into a legitimization of totalitarian practices. The relevance of the Marxist conception of freedom for an understanding of communist totalitarianism derives from the historical fact that the latter came into being as a the result of a conscious, strenuous striving to realize the former. The Russian Revolution suppressed "bourgeois

freedom" to pave the way for the "true freedom" of communism. Totalitarianism was a by-product of this immense effort. The last section of the book gives a concise analysis of the dismantling of Stalinism, involving not only the gradual detotalitarization but also the partial decommunization of "really existing socialism." Throughout, Marxism is treated as an ideology that has compromised itself but that nevertheless deserves to be seen as the most important, however exaggerated and, ultimately, tragically mistaken, reaction to the multiple shortcomings of capitalist societies and the liberal tradition.

**Swimming to Freedom** Createspace  
Independent Publishing Platform

In 1787 a fourteen-year-old slave, anxious to buy freedom for himself and his mother, escapes from his dishonest master and tries to find help in cashing the soldier's notes received by his father for fighting in the Revolution.

**The Escape; Or, a Leap for Freedom** Arte Publico Press

(Guitar Educational). This revolutionary approach to chord-tone soloing features a 52-week, one-lick-per-day method for visualizing and navigating the neck of the guitar. Rock, metal, blues, jazz, country, R&B and funk are covered. Topics include: all 12 major, minor and dominant key centers; 12 popular chord progressions; half-diminished and diminished scales; harmonic minor and whole-tone scales; and much more. The accompanying audio tracks feature demonstrations of all 365 licks! Written by Troy Nelson, author of the #1 bestseller *Guitar Aerobics* and former editor-in-chief of *Guitar One*.

**Jump from Debt to Freedom** JHU Press  
Recognized from her roles on *Survivor*, *The View*, and *Fox & Friends*, best-selling author Elisabeth Hasselbeck presents a deeply intimate journey of faith, told through the important moments in her life. From designing shoes to surviving *Survivor* to not surviving *The View*, Elisabeth Hasselbeck has learned more about standing up for her convictions in the public eye than she ever thought she would when she applied for a reality TV show on a whim almost two decades ago. Through most of those years, Elisabeth strived as if she had to earn the approval of others and of God. But God was gently at work in her to show His point of view--His invitation for her to rest in the calling, rest in His Word, and rest fully in the truth of the gospel. *Point of View* is an intimate walk of faith, as she writes mom to mom, friend to friend, mother to daughter. From the divisive table at *The View* to national political platforms to the breakfast table,

Elisabeth bares her heart about her failures, her triumphs, and her path of learning lessons the hard way.

**Jump, My Brothers, Jump. Poems from Prison.** Ed. and Introd. by A. Mitchell JHU Press

These poems are about times that were difficult to comprehend, to bear and very painful. These poems are of a race only wanting freedom and peace. A people that were proud, but never able to display it. Had eyes that were never able to look up. A voice that could never speak what they wanted to say. A people strong as wind, but gentle and soft as a snowflake at heart. Only wanting to be left alone to be what God made them to be...His children and free.

**The Wealth of Networks** Cosimo, Inc.

Describes how patterns of information, knowledge, and cultural production are changing. The author shows that the way information and knowledge are made available can either limit or enlarge the ways people create and express themselves. He describes the range of legal and policy choices that confront.

**How Social Production Transforms Markets and Freedom** Hay House, Inc

Part of the acclaimed Higher Ed Leadership Essentials series, this book surveys academic freedom's history and its application in today's universities. Academic freedom is once again at the epicenter of the crisis in higher education. A community college instructor in Iowa is pressured to resign after his pro-antifa social media comments garner vicious harassment that administrators find threatening to campus safety. A tenured biology professor at a college on Long Island is threatened with dismissal because she allegedly grades students too strictly. And in the wake of the COVID-19 pandemic, a conservative activist calls on his followers to take advantage of online classes to send "any and all videos of blatant indoctrination" to his organization so that it might expose and blacklist "leftist professors." These incidents from the 2019-20 academic year represent only the tip of the iceberg. Academic freedom, long heralded as a core value of American higher education, may now be in as much danger as at any time the 1950s. But what is "academic freedom"? A value upheld for one's supporters (but not one's opponents) when discussing a polarizing controversy? Or a narrow claim of privilege by a professorial elite, immune from public accountability? In this concise and compelling book, Henry Reichman, who chaired the American Association of University Professors' Committee on Academic Freedom and Tenure for nearly

a decade, mounts a rigorous defense of academic freedom and its principal means of protection: the system of academic tenure. Probing academic freedom's role in multiple contexts, Reichman draws on a wealth of historical and contemporary examples to offer the first comprehensive introduction to the concept in all its manifestations. Elucidating its sometimes complicated meanings, Reichman argues that academic freedom—like its cousin, freedom of speech—cannot easily be defined but, instead, emerges from the contextual application of guiding principles developed and modified over time. He also explores why the rise of contingent faculty employment represents the gravest current threat to academic freedom; reveals how academic freedom is complicated by both fiercely polarized campus environments and the emergence of social media that extend speech beyond the lecture halls of the academy; and touches on the rights of students in and out of class, including treatment of student protest movements.
