KEITH CLARA

Classic Cocktails and Curious Concoctions Farrar, Straus and Giroux
 Provides recipes for no-bake, bar, drop, pressed, and deep-fried cookies, and includes nutritional information
Nathaniel's Nutmeg Penguin
 A true tale of high adventure in the South Seas. The tiny island of Run is an insignificant speck in the Indonesian archipelago. Just two miles long and half a mile wide, it is remote, tranquil, and, these days, largely ignored. Yet 370 years ago, Run's harvest of nutmeg (a pound of which yielded a 3,200 percent profit by the time it arrived in England) turned it into the most lucrative of the Spice Islands, precipitating a battle between the all-powerful Dutch East India Company and the British Crown. The outcome of the fighting was one of the most spectacular deals in history: Britain ceded Run to Holland but in return was given Manhattan. This led not only to the birth of New York but also to the beginning of the British Empire. Such a deal was due to the persistence of one man. Nathaniel Courthope and his small band of adventurers were sent to Run in October 1616, and for four years held off the massive Dutch navy. Nathaniel's Nutmeg centers on the remarkable showdown between Courthope and the Dutch Governor General Jan Coen, and the brutal fate of the mariners racing to Run--and the other corners of the globe--to reap the huge profits of the spice trade. Written with the flair of a historical sea novel but based on rigorous research, Giles Milton's Nathaniel's Nutmeg is a brilliant adventure story by Giles Milton, a writer who has been hailed as the "new Bruce Chatwin" (Mail on Sunday).

The Triumph of Seeds How Grains, Nuts, Kernels, Pulses, and Pips Conquered the Plant Kingdom and Shaped Human History
 Beware...this book is cursed! These strange but true stories of the world's most infamous items will appeal to true believers as well as history buffs, horror fans, and anyone who loves a good spine-tingling tale. They're lurking in museums, graveyards, and private homes. Their often tragic and always bizarre stories have inspired countless horror movies, reality TV shows, novels, and campfire tales. They're cursed objects, and all they need to unleash a wave of misfortune is . . . you. Many of these unfortunate items have intersected with some of the most notable events and people in history, leaving death and destruction in their wake. But never before have the true stories of these eerie oddities been compiled into a fascinating and chilling volume. Inside, readers will learn

about: • Annabelle the Doll, a Raggedy Ann doll that featured in the horror franchise The Conjuring • The Unlucky Mummy, which is rumored to have sunk the Titanic and kick-started World War I • The Dybbuk box, which was sold on eBay and spawned the horror film The Possession • The Conjured Chest, which has been blamed for fifteen deaths within a single family • The Ring of Silvanus, a Roman artifact believed to have inspired J. R. R. Tolkien's The Hobbit • And many more!
Sky Blue Photo Album BoD - Books on Demand
 NEW YORK TIMES BESTSELLER • From the stars of the Netflix series Get Organized with The Home Edit (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. "A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way."—Glamour (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it's not hard to do—in fact, it's a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea's signature approach to decluttering. The Home Edit walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don't need another do-over in six months. When you're done, you'll not only know exactly where to find things, but you'll also love the way it looks. A masterclass and look book in one, The Home Edit is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there's nothing like a little ROYGBIV to soothe the soul). Above all, it's like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).
Amazing Innovations Simon and Schuster
 An award-winning first novel follows the experiences of foster kid Carley, who uses humor and street smarts to cope with her unpredictable life until the loving, bustling Murphy family offers her more stability and a greater sense of belonging than she ever thought possible.

delightful plant-based whole-food recipes from 24 cultures around the world Meredith Books

Sky Blue Photo Album

Latin Americans Thought of It Meredith Books

A culinary journey around the world with recipes from five continents. The recipes in this book are varied from 24 different countries from A to Z, printed on brilliant 200g foto paper. All recipes are whole-food, gluten-free, egg-free and lactose-free and completely functional without the use of animal products. They also do not contain any tofu, seitan, soy protein, etc. The recipes can be prepared quickly and easily. A delicious and versatile introduction to vegan cooking.

Cursed Objects Puffin

In this updated and revised edition of Tree, readers can see a seed grow into a sapling, the changing colors of fall leaves, and the tiny insects that live in rotting leaves on the forest floor, plus learn why deciduous trees lose their leaves in the fall, how a tree breathes, how bark defends trees from attack by animals, and more. Each revised DK Eyewitness book retains the stunning artwork and photography from the groundbreaking original series, but the text has been reduced and reworked to speak more clearly to younger readers. Still on every colorful page: vibrant annotated photographs and the integrated text-and-pictures approach that makes DK Eyewitness a perennial favorite of parents, teachers, and school-age kids.

How Grains, Nuts, Kernels, Pulses, and Pips Conquered the Plant Kingdom and Shaped Human History Meredith Books

Eating well has never felt easier.

: Egyptian Secrets Clarkson Potter

A humorous and rousing set of literal and figurative sojourns as well as a mission statement about comprehending, protecting, and truly experiencing the outdoors, fueled by three journeys

undertaken by actor, humorist, and New York Times bestselling author Nick Offerman. Nick Offerman has always felt a particular affection for the Land of the Free—not just for the people and their purported ideals but to the actual land itself: the bedrock, the topsoil, and everything in between that generates the health of your local watershed. In his new book, Nick takes a humorous, inspiring, and elucidating trip to America's trails, farms, and frontier to examine the people who inhabit the land, what that has meant to them and us, and to the land itself, both historically and currently. In 2018, Wendell Berry posed a question to Nick, a query that planted the seed of this book, sending Nick on two memorable journeys with pals—a hiking trip to Glacier National Park with his friends Jeff Tweedy and George Saunders, as well as an extended visit to his friend James Rebanks, the author of *The Shepherd's Life and English Pastoral*. He followed that up with an excursion that could only have come about in 2020—Nick and his wife, Megan Mullally, bought an Airstream trailer to drive across (several of) the United States. These three quests inspired some “deep-ish” thinking from Nick, about the history and philosophy of our relationship with nature in our national parks, in our farming, and in our backyards; what we mean when we talk about conservation; and the importance of outdoor recreation, all subjects very close to Nick's heart. With witty, heartwarming stories and a keen insight into the human problems we all confront, this is both a ramble through and celebration of the land we all love.

Parragon

We live in a world of seeds. From our morning toast to the cotton in our clothes, they are quite literally the stuff and staff of life, supporting diets, economies, and civilizations around the globe. Just as the search for nutmeg and the humble peppercorn drove the Age of Discovery, so did coffee beans help fuel the Enlightenment, and cottonseed help spark the Industrial Revolution. And from the Fall of Rome to the Arab Spring, the fate of nations continues to hinge on the seeds of a Middle Eastern grass known as wheat. In nature and in culture, seeds are fundamental—objects of beauty, evolutionary wonder, and simple fascination. How many times has a child dropped the winged pip of a maple, marveling as it spirals its way down to the ground, or relished the way a gust of wind (or a stout breath) can send a dandelion's feathery flotilla skyward? Yet despite their importance, seeds are often seen as a commonplace, their extraordinary natural and human histories overlooked. Thanks to

Thor Hanson and this stunning new book, they can be overlooked no more. What makes *The Triumph of Seeds* remarkable is not just that it is informative, humane, hilarious, and even moving, just as what makes seeds remarkable is not simply their fundamental importance to life. In both cases, it is their sheer vitality and the delight that we can take in their existence—the opportunity to experience, as Hanson puts it, “the simple joy of seeing something beautiful, doing what it is meant to do.” Spanning the globe from the Raccoon Shack—Hanson's backyard writing hideout-cum-laboratory—to the coffee shops of Seattle, from gardens and flower patches to the spice routes of Kerala, this is a book of knowledge, adventure, and wonder, spun by an award-winning writer with both the charm of a fireside story-teller and the hard-won expertise of a field biologist. A worthy heir to the grand tradition of Aldo Leopold and Bernd Heinrich, *The Triumph of Seeds* takes us on a fascinating scientific adventure through the wild and beautiful world of seeds. It is essential reading for anyone who loves to see a plant grow.

An Illustrated History of Everything We Eat Houghton Mifflin Harcourt

This all-new and gorgeous edition of *Better Homes and Gardens Baking* (the first major all-purpose BH&G baking title published since 1998) is a compendium of irresistible cookies, brownies, cakes, pies, cobblers, pastries, and breads—from everyday sweets to special-occasion show-stoppers. It has everything you need to bake fuss-free and with delicious results for bake sales, cookie swaps, birthday parties, holiday tables, or just because you're in the mood to bake. You'll find: More than 400 recipes for luscious baked goods such as Cinnamon Rolls (with four fun shape variations), Raspberry French Silk Pie Bars, and Herbed Boule. More than 250 photos showcase the recipes and clarify techniques. Chapter-opener features with classic recipes that teach secrets to baking success. Make-It-Mine recipes with choices to help you adapt to your taste, convenience, and occasion. Make-It-Mini guides to help bakers turn out scrumptious sweets in smaller sizes. This will surely be the go-to baking reference and inspiration for years to come.
