Practical Jinn Magick Visionary Living, Inc.

The most comprehensive book about the Ouija board ever written! For more than a century, simple divination devices called "talking boards" have captivated millions of people curious about contacting the spirit world. The most famous is the Ouija, whose trademarked name has become synonymous with all boards. Ouija messages have inspired writers, artists, and musicians, and have played a part in murder, suicide, possession, treasure hunting, marriage, divorce and bizarre behavior. Authors Rosemary Ellen Guiley and Rick Fisher provide a detailed examination of the Ouija. They debunk myths and discuss how horror films have influenced popular opinion. *Ouija Gone Wild* features dozens of true stories collected over decades, many told in print for the first time., including tales of unexpected terror: "She realized she had a problem when an aggressive entity turned the planchette into a sex toy and sent it slithering up her thigh..." "I glanced over at the heat vent and what I saw scared me so much I dove off of the chair and refused to touch this 'so called game' again. I saw two red eyes staring back at me through the grates..." "Suddenly I was sucker punched in my stomach. The force of the blow made me slam face-forward onto the table. Clutching my stomach, I took my hand off the planchette..." "Once you start, you won't be able to put it down!

"While exploring the evidence for an afterlife, I witnessed some unbelievable things that are not supposed to be possible in our material world. Yet they were unavoidably and undeniably real. Despite my initial doubt, I came to realize that there are still aspects of Nature which are neither understood or accepted, even though their reality has profound implications for understanding the true breadth of the human psyche and its possible continuity after death." So begins Leslie Kean's impeccably researched, page-turning investigation, revealing stunning and wide-ranging evidence suggesting that consciousness survives death. In her groundbreaking second book, she continues her examination of unexplained phenomena that began with her provocative New York Times bestseller *UFOs: Generals, Pilots, and Government Officials Go on the Record*. Kean explores the most compelling case studies of young children reporting verifiable details from past lives, contemporary mediums who seem to defy the boundaries of the brain and of the physical world, apparitions providing information about their lives on earth, and people who die and then come back to report journeys into another dimension. Based on facts and scientific studies, *Surviving Death* includes fascinating chapters by medical doctors, psychiatrists, and PhDs from four countries. As a seasoned journalist whose work transcends belief systems and ideology, Kean enriches the narrative by including her own unexpected, confounding experiences encountered while she probed the question concerning all of us: Do we survive death?

If you fear one thing in life, fear the djinn. This groundbreaking book presents the findings of Rosemary Ellen Guiley and Philip J. Imbrogno's investigation into the powerful and mysterious interdimensional beings known as djinn or genies. It reveals what the djinn are, where they can be found—and their hidden agenda against the human race. Working with material compiled from a variety of sources—including their own case files, Middle Eastern lore, the Qur'an, teachings of Islamic scholars, and the latest theories in quantum physics—the authors explore the relationship between the djinn, demons, fairies, shadow people, and extraterrestrials. They discuss the military's interest in these clandestine beings, offer eyewitness accounts of modern human encounters with the djinn, and reveal the location of interdimensional entry points in North America.

For decades, stories of alien abductions, UFO encounters, flying saucer sightings, and Area 51 have led millions of people to believe that extraterrestrials are secretly among us. But what if those millions of people are all wrong? What if the UFO phenomenon has much darker and far more ominous origins? For four years, UFO authority Nick Redfern has been investigating the strange and terrifying world of a secret group within the U.S. Government known as the Collins Elite. The group believes that our purported alien visitors are, in reality, deceptive demons and fallen angels. They are the minions of Satan, who are reaping and enslaving our very souls, and paving the way for Armageddon and Judgment Day. In FINAL EVENTS you'll learn about the secret government files on occultists Aleister Crowley and Jack Parsons, and their connections to the UFO mystery; revelations of the demonic link to the famous "UFO crash" at Roswell, New Mexico, in 1947; the disclosure of government investigations into life-after-death and out-of-body experiences; and an examination of the satanic agenda behind alien abductions. FINAL EVENTS reveals the stark and horrific truths about UFOs that some in the government would rather keep secret.

Could a single entity be responsible for a multitude of our paranormal experiences throughout history? Drawing upon her decades of extensive research in all facets of the paranormal, Rosemary Ellen Guiley makes a compelling case that our interactions with spirits, extraterrestrials, shadow figures, ancient aliens, demi-gods and human-creature hybrids all involve the mysterious Djinn. The Djinn are little-known in the West beyond folk tales of genies in lamps and bottles, but they are real and active in our world. They are a race of powerful, masterful shape-shifters who exist in a dimension parallel to ours. Humans have had millennia of intense engagements with the Djinn, who disguise themselves in the forms of many different entities in order to keep themselves and their true motives hidden. Some of their motives are not in our best interests. The Djinn are not the only beings interacting with humans, but their giant shadow falls across every part of our paranormal and entity contact experiences, including bedroom invasions, alien abductions, and genetics manipulators from other worlds. The Djinn are significant force in the destiny of human beings. In *The Djinn Connection*, Guiley explains what we need to know - and how we should respond.

A Universal Guide Visionary Living, Inc.

'An energy, a pulse form of quantum physics perhaps, alive at the margins of sleep or madness, and more often in the whispering of a single unwelcome thought.' The Economist According to Islamic tradition, Allah created three types of beings: angels, made of light; humans, made of earth; and jinn, made of smokeless fire. Supernatural, shape-shifting, intelligent and blessed with free will and remarkable powers, jinn have over the ages been given many names - demon, spirit, ghou, genie, ifrit and shaitan. Neither human nor immortal, they roam the earth inhabiting dark and empty places, luring humans to their deaths or demonically possessing them if harmed or offended. Despite the fact they cannot be seen, jinn are said to be strangely human-like - marrying, bearing children, forming communities and tribes, eating, sleeping, playing and facing judgement like any other human. They are ever-present partners in the human experience, causing endless mischief, providing amazing services and sometimes inducing sheer terror. Believed in by hundreds of millions of people throughout the world and from all faiths, jinn have played a particularly central role in the literature, culture and belief systems of the Middle East and the Islamic world. *Legends of the Fire Spirits* explores through time and across nations the enduring phenomenon of the jinn. From North Africa to Central Asia, from the Mediterranean to sub-Saharan Africa and beyond, this riveting, often chilling, yet reasoned book draws on long-forgotten ancient testimonies, medieval histories, colonial records, anthropologist's reports and traveller's tales to explore the different types of jinn, their behaviour, society, culture and long history of contact with humankind. It documents their links with famous figures in history such as King Solomon and the Queen of Sheba and illustrates the varied and vivid portrayals of jinn in world literature. In essence *Legends of the Fire Spirits* demonstrates the colourful diversity of human culture and the durability of faith and is a magnificent and indispensable portrayal of the rich folklore of the Islamic world.

Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about *The Fire Spirits*, known as the Jinn (or Djinn), but books of practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase

what you have and can make people appreciate your work or make others lose what money they have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want.

The black mirror is a powerful divination and visioning tool, revered for centuries for its ability to penetrate the veil between worlds. Mirror gazing, or scrying, is an ancient art for making contact with the dead, opening the gates to the angelic realm, seeing into the future and past, and seeing distant locations. All kinds of shiny surfaces have been used as tools, but the black mirror stands above them all. This complete and concise guide covers the history of black mirrors and scrying, and famous people who have relied on mirrors to reveal secrets and truth. It explains how black mirrors work in psychic seeing, and gives detailed advice on how to use a black mirror for talking to the dead, exploring the astral plane, discovering past lives, expanding your spiritual knowledge, and much more. Follow in the footsteps of history's great alchemists, mediums, and sages, such as John Dee, Queen Elizabeth I's royal astronomer, who used scrying to contact angels, and Nostradamus, the famous French seer whose prophecies reached far into the future. "Saad Z. Hossain continues to blow through the flimsy walls of genre like a whirlwind with *The Gurkha* and the Lord of Tuesday, sweeping science-fiction, fantasy, myth, and satire into the wildly imaginative vortex of his ever-expanding fictional universe of alternate djinn-history and futures. Hossain's wit and wry compassion create a vision of humanity's hurtling path through time and space as both farcical and epic, leaving a blazing trail of casualties and wonders."—Indra Das When the djinn king Melek Ahmar wakes up after millennia of imprisoned slumber, he finds a world vastly different from what he remembers. Arrogant and bombastic, he comes down the mountain expecting an easy conquest: the wealthy, spectacular city state of Kathmandu, ruled by the all-knowing, all-seeing tyrant Al Karma. To his surprise, he finds that Kathmandu is a cut-price paradise, where citizens want for nothing and even the dregs of society are distinctly unwilling to revolt. Everyone seems happy, except for the old Gurkha soldier Bhan Gurung. Knife saint, recidivist, and mass murderer, he is an exile from Kathmandu, pursuing a forty-year-old vendetta that leads to the very heart of Karma. Pushed and prodded by Gurung, Melek Ahmer finds himself in ever deeper conflicts, until they finally face off against Karma and her forces.
