Dear Jay, Love Dad Flatiron Books

Born in Victoria, Fr John Wallis (1910-2001), Catholic priest of the Archdiocese of Hobart, founded the Australian Religious Order, the Missionary Sisters of Service, in Tasmania, in 1944. The Sisters were to be available to go into the highways and byways; and flexible to meet the pastoral needs of isolated communities throughout Australia. This series of letters to John's parents and family gives us a rare and precious insight into his life as a seminarian and young priest. They also reflect a growing development of his piety and spirituality, where seeds were sown that would develop into his deep concern for people, especially the poor and the marginalised in rural and outback areas of Australia, and for ways to meet their pastoral and social needs. The letters have been arranged in ten chapters, with a general introduction about that period in John's life. Each letter itself has a commentary that contextualises the letter, providing biographical and other details that make the entire series come to life, tracing his experiences, development, misgivings and plans. They anticipate his enthusiasm for the changes that followed the Second Vatican Council and played such a part in his priestly ministry. The series of letters in each chapter close with insightful reflections from eminent Australians who consider John's character and spiritual growth as well as applying his insights into contemporary Church life in Australia. 'Bernadette Wallis has provided the contemporary reader with a lovingly familiar insight into the development and vision of one of Australia's great pioneer priests...' Fr Frank Brennan SJ

A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love
Dear Dad Harper Collins

The Classic Autobiography "Random Reminiscences Of Men And Events" written by the oil titan John D. Rockefeller himself - John Davison Rockefeller Sr. (July 8, 1839 - May 23, 1937) was an American tycoon in the oil industry business and a philanthropist. He is widely regarded the wealthiest American of all time. His autobiography "Random Reminiscences Of Men And Events" gives interesting insights into the life of the richest person in modern history. - Probably in the life of every one there comes a time when he is inclined to go over again the events, great and small, which have made up the incidents of his work and pleasure, and I am tempted to become a garrulous old man, and tell some stories of men and things which have happened in an active life. In some measure I have been associated with the most interesting people our country has produced, especially in business-men who have helped largely to build up the commerce of the United States, and who have made known its products all over the world. These incidents which come to my mind to speak of seemed vitally important to me when they happened, and they still stand out distinctly in my memory.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

"Among the funniest [letters] ever dispatched in the vain hope of steering a black sheep onto something like the straight and narrow." —The Wall Street Journal Nostalgic, witty, and original, Dear Lupin by Roger Mortimer and Charlie Mortimer tracks the entire correspondence between a father and his only son. When the book begins, Charlie, the son, is studying at Eton, although the studying itself is not a priority, much to his father's chagrin. After Charlie graduates and moves from South America to Africa and eventually back to London, Roger continues to write regularly, offering advice (which is rarely heeded) as well as humorous updates from home ("Your mother has had the flu. Her little plan to give up spirits for Lent lasted three and a half days"). Roger's letters range from reproachful ("You may think it mildly amusing to be caught poaching in the park; I would consider it more hilarious if you were not living on the knife edge") to resigned ("I am very fond of you, but you do drive me round the bend"), but his correspondence is always filled with warmth, humor, and wisdom that offers unique insight into the relationship between father and son.

College football fans need no introduction to Bud Wilkinson, but few of them know the great University of Oklahoma football coach as a devoted father. In Dear Jay, Love Bud, Jay Wilkinson, Bud's younger son, shares forty-seven letters his father wrote to him while he was in college and graduate school. Spanning the early to mid-1960s, these letters reveal Bud's deep love for his son, as well as the philosophy and values that led to his remarkable success in sports and in life. Beginning with the first letter Bud wrote when Jay left home, this collection shows a father guiding his son toward his own path while stressing the importance of service to others. The embodiment of the scholar-athlete, Bud mixes encouragement with intellectual discussions. When Jay reads American philosopher William James for a class at Duke University, his father, a serious student of literature, reads the book, too, and uses its insights to help Jay deal with the challenges of his freshman year. Bud writes about his own challenges, as well, including his debate over whether to accept the Kennedy administration's invitation to head the President's Council on Physical Fitness. Jay's comments about each of these letters provide context and further insight. By the time Jay becomes a graduate student at the Episcopal Theological School, the correspondence turns toward religion and politics, as Bud reflects on the philosophical issues of the day and on his unsuccessful run for the U.S. Senate in 1964. His belief that the greatest leaders are not always the most popular made him an unlikely politician even then, but a wonderful role model and interlocutor for his son. Bud's thoughts on ethics in business and politics are as inspiring today as when he wrote them a half-century ago.

`My object is to have you fit to live; which, if you are not, I do not desire that you should live at all.' So wrote Lord Chesterfield in one of the most celebrated and controversial correspondences between a father and son. Chesterfield wrote almost daily to his natural son, Philip, from 1737 onwards, providing him with instruction in etiquette and the worldly arts. Praised in their day as a complete manual of education, and despised by Samuel Johnson for teaching `the morals of a whore and the manners of a dancing-master', these letters reflect the political craft of a leading statesman and the urbane wit of a man who associated with Pope, Addison, and Swift. The letters reveal Chesterfield's political cynicism and his belief that his country had `always been governed by the only two or three people, out of two or three millions, totally incapable of governing', as well as his views on good breeding. Not originally intended for publication, this entertaining correspondence illuminates fascinating aspects of eighteenth-century life and manners. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
