Breaking The Rules Of Watercolour

JAYLEN HERRING

The Watercolour Ideas Book Sopo Press
 John Singer Sargent's approach to watercolour was unconventional. Disregarding late-nineteenth-century aesthetic standards that called for carefully delineated and composed landscapes filled with transparent washes, his confidently bold, dense strokes and loosely defined forms startled critics and fellow practitioners alike. One reviewer in England, where Sargent spent much of his adult life, called his work swagger watercolours. For Sargent, however, the watercolours were not so much about swagger as about a new way of thinking. In watercolour as opposed to oils his vision became more personal and his works more interconnected. Presenting nearly 100 works of art, this book is the first major publication of Sargent's watercolours in twenty years. Each chapter highlights a different subject or theme that attracted the artists attention during his travels through Europe and the Middle East: sunlight on stone, figures reclining on grass, patterns of light and shadow. Insightful essays by the worlds leading experts enhance this book and introduce readers to the full sweep of Sargent's accomplishments in the medium, in works that delight the eye as well as challenge our understanding of this prodigiously gifted artist.

Painting Beautiful Watercolor Landscapes The Crowood Press
 An inspirational and practical art manual, packed with step-by-

step projects. Artist Ann Blockley is renowned for her innovative approach to watercolour painting. Her highly anticipated new book provides a series of workshops demonstrating how to push the boundaries of watercolour, using key techniques to develop your own work and take your paintings to the next level. Ann's easy-to-follow, step-by-step projects demonstrate how some of her most dramatic paintings are created. She describes in detail some of the key techniques used and how you can experiment with alternative methods to create your own interpretations. Finally, her beautiful and inspirational artworks demonstrate how different interpretations of a subject might take an unexpected or unusual direction, and how to make the most of these opportunities. The book moves, with progressively challenging projects, from loose wildflower meadows, textured woodland and rustic rambling walls to atmospheric or semi-abstract landscape corners, all rendered in Ann's adventurous signature style. Loose, expressive mark-making and unusual techniques include combining water-based paint and ink with granulation medium for dramatic texture, drawing with twigs, using gesso and collage to create unique effects; manipulating paint with materials such as plastic wrap (clingfilm); developing printed marks made using found materials. Following the huge demand for more practical guidance in experimental painting, the book provides plenty of techniques and instruction. Ann's personal commentary also gives a unique insight into the mind of the artist - ways of looking at your subject, how to explore and experiment - to unlock the potential of your watercolour painting.
