A dictionary suitable for
English and Spanish

speakers at all levels of proficiency, this volume contains over 100,000 entries, with examples of usage including many chosen to help users express themselves in a fluent style.

The Chicago Manual of Style Ediciones Díaz de Santos

"The signature undertaking of the

Twenty-Second Edition was clarifying the QC practices necessary to perform the methods in this manual. Section in Part 1000 were rewritten, and detailed QC sections were added in Parts 2000 through 7000. These changes are a direct and necessary result of the mandate to stay abreast of regulatory

requirements and a policy intended to clarify the QC steps considered to be an integral part of each test method. Additional QC steps were added to almost half of the sections."--Pref. p. iv.

Standard Methods for the Examination of Water and Wastewater

MHRA

This book addresses the

technical, health, regulatory, and social aspects of ground water withdrawals, water use, and water quality in the metropolitan area of Mexico City, and makes recommendations to improve the balance of water supply, water demand, and water conservation. The study came about through a nongovernmental partnership between the U.S. National Academy of Sciences' National Research Council and the Mexican Academies of Science and Engineering.

The book will contain a Spanish-language translation of the complete English text. (exclusive of the Aves) 1677-1986 Oxford University Press
Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law.

Arts & Humanities

Citation Index Editorial UOC

In the time since the second edition of The ACS

Style Guide was published, the rapid growth of electronic communication has dramatically changed the scientific, technical, and medical (STM) publication world. This dynamic mode of dissemination is enabling scientists, engineers, and medical practitioners all over the world to obtain and transmit information quickly and easily. An essential constant in this changing environment is the requirement that information remain accurate, clear,

unambiguous, and ethically sound. This extensive revision of The ACS Style Guide thoroughly examines electronic tools now available to assist STM writers in preparing manuscripts and communicating with publishers. Valuable updates include discussions of markup languages, citation of electronic sources, online submission of manuscripts, and preparation of figures, tables, and structures. In keeping current with the

changing environment, this edition also contains references to many resources on the internet. With this wealth of new information, The ACS Style Guide's Third Edition continues its long tradition of providing invaluable insight on ethics in scientific communication, the editorial process, copyright, conventions in chemistry, grammar, punctuation, spelling, and writing style for any STM author, reviewer, or editor. The Third Edition is the definitive source for

all information needed to write, review, submit, and edit scholarly and scientific manuscripts.

Bibliografía básica de obras de referencia especializadas en literatura española

Edicions Universitat Barcelona

Qu'il prenne la forme de la citation, du plagiat ou de la récupération, le emploi est une pratique culturelle essentielle pour

comprendre ce qu'il est convenu d'appeler la « Renaissance du XIIe siècle » et, plus généralement, la culture des XIe-XIIIe siècles. Dans le domaine littéraire, il s'agit de déterminer les modes - explicites ou implicites - de la réinsertion d'éléments significatifs perçus comme anciens, dans une dialectique subtile entre l'« ancien » et le « nouveau » et l'ancien rénové. Il en va de même en histoire où, depuis le XIe siècle, les termes de renovatio et de reformatio

permettent de caractériser plusieurs ordres d'activités dans les champs politiques, religieux et institutionnels. Dans l'architecture, enfin, le recyclage et la copie de thèmes décoratifs, voire la récupération d'éléments constructifs, sont au cœur des pratiques médiévales. Cet ouvrage réunit les contributions d'historiens, d'archéologues, de spécialistes de la littérature, de l'histoire de l'art et de l'histoire du droit.

A Bibliography and List of Experts Routledge

A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

Bacteriological

Analytical Manual Casa de Velázquez

Now in its second edition, the MHRA Style Guide is an indispensable tool for

authors and editors of scholarly books, contributors to academic publications, and students preparing theses. The Style Guide succeeds the best-selling MHRA Style Book, five editions of which were published from 1971 to 1996.

Though originally designed for use in connection with the publications of the Modern Humanities Research Association, the Style Book became a standard book of reference, particularly in the humanities, and has

been adopted by many other authors, editors, and publishers. This new edition of the Style Guide has been revised and updated by a subcommittee of the MHRA. It provides comprehensive guidance on the preparation of copy for publication and gives clear and concise advice on such matters as spelling (including the spelling of proper names and the transliteration of Slavonic names), abbreviations, punctuation, the use of capitals and italics, dates

and numbers, quotations, notes, and references. Chapters on indexing, the preparation of theses and dissertations, and proof correcting are also included

realizar un trabajo académico, en el contexto familiar? Aunque hacer una búsqueda rápida es muy fácil, no siempre obtenemos un resultado óptimo. Merece la pena reflexionar y aprender el comportamiento de los buscadores y de las bases de datos con el fin de obtener el máximo provecho del caudal ingente de información disponible hoy en día en la red. Este libro pretende ser una ayuda en este cometido. También podremos mejorar la organización de la

información que con los años vamos recopilando. [Mexico City's Water Supply](#) Modern Language Assn of Amer e-Research y español LE/L2: Investigar en la era digital es el primer volumen que aborda de manera conjunta las aportaciones al español LE/L2 de la lingüística de corpus, la biblioteconomía y la edición digital. Es excelente para mejorar las técnicas de investigación a la vez que se toma conciencia sobre el uso de las tecnologías en los estudios sobre el

español LE/L2. Características principales: visión interdisciplinar e internacional a partir del trabajo de expertos que ejercen su actividad docente, investigadora y profesional en diferentes ámbitos y en distintos países; planteamiento teórico-práctico mediante la exposición de una reflexión teórica y la descripción de casos prácticos; sólido marco teórico que se presenta en los dos primeros capítulos; estructura homogénea dividida en

útiles apartados (necesidades, cómo ayudan las tecnologías y casos concretos) para que el lector pueda localizar los contenidos con facilidad; lectura del volumen que puede ser lineal (capítulo tras capítulo) o transversal (por ejemplo, los casos prácticos que se presentan en cada capítulo); materiales complementarios en línea, como, por ejemplo, glosario hipertextual y enlaces a los corpus y programas mencionados en los capítulos. Escrito

en español, de manera clara y accesible, y con abundantes ejemplos e ilustraciones, e-Research y español LE/L2: Investigar en la era digital es ideal para todas aquellas personas vinculadas con la investigación en torno al español LE/L2: estudiantes de máster y doctorado, directores de tesis (PhD o máster) y profesores. e-Research y español LE/L2: Investigar en la era digital is the first volume that jointly addresses the contributions of corpus

linguistics, librarianship and digital publishing to Spanish as a second or foreign language (LE/L2). It is excellent for improving research techniques while raising awareness about the use of technologies in studies of Spanish LE/L2. Main features: interdisciplinary and international vision based on the work of experts who carry out their teaching, research and professional activities in different fields and in different countries; theoretical-practical approach through the

presentation of a theoretical reflection and the description of practical cases; solid theoretical framework which is presented in the first two chapters; each chapter is divided into three useful sections (needs, how technologies help, and specific cases) so that the reader can easily locate the contents; reading can be linear (chapter by chapter) or transversal (for example, the practical cases presented in each chapter); supplementary online materials include a

hypertext glossary and links to the corpus and programs mentioned in the chapters. Written in Spanish, in a clear and accessible way, and with abundant examples and illustrations, e-Research y español LE/L2: Investigar en la era digital is ideal for all those involved in research on Spanish LE/L2, master's and doctoral students, thesis supervisors and professors.

Effects of Underwater Explosives on Aquatic Life Prensas de la Universidad de Zaragoza
La eficacia de esta guía para iniciarse en los métodos de la investigación le ha dado en poco tiempo la fama de ser la "Biblia" en este tema. A partir de una amplia experiencia docente, la autora explica con gran claridad todas las dificultades que hay que evitar y los recursos y técnicas más modernos y experimentados para adquirir los hábitos de investigar sin perder el

tiempo ni dejarse llevar por falsas pistas. Desde la elección del tema de investigación, la metodología más adecuada y la coherente construcción de los resultados, hasta la perfecta redacción de la versión definitiva del trabajo de investigación, esta guía ofrece todas las herramientas para poder presentar un trabajo perfecto y dentro del plazo requerido. La autora inicia a los investigadores novatos también en otras cuestiones necesarias, como el buen contacto

con el supervisor del trabajo, las normas de la propiedad intelectual, los procedimientos de búsqueda de información y la organización de una bibliografía con evaluaciones críticas. La metodología es válida tanto para investigaciones de tesinas o tesis doctorales en ciencias sociales como para trabajos de graduación en la formación permanente de profesionales del campo de enfermería y asistencia social. Las amplias instrucciones sobre las posibilidades de

los recursos electrónicos más avanzados, como el CD e Internet convierten a esta excelente guía en una herramienta clave para investigadores del siglo XXI.
