An accessible companion to Karl Marx's essential Capital With the recent revival of Karl Marx's theory, a general interest in reading Capital has also increased. But Capital—Marx's foundational nineteenth-century work on political economy—is by no means considered an easily understood text. Central concepts, such as abstract labor, the value-form, or the fetishism of commodities, can seem opaque to us as first-time readers, and the prospect of comprehending Marx's thought can be truly daunting. Until, that is, we pick up Michael Heinrich's How to Read Marx's Capital. Paragraph by paragraph, Heinrich provides extensive commentary and lucid explanations of questions and quandaries that arise when encountering Marx's original text. Suddenly, such seemingly gnarly chapters as "The Labor Process and the Valorization Process" and "Money or the Circulation of Capital" become refreshingly clear, as Heinrich explains just what we need to keep in mind when reading such a complex text. Deploying multiple appendices referring to other pertinent writings by Marx, Heinrich reveals what is relevant about Capital, and why we need to engage with it today. How to Read Marx's Capital provides an illuminating and indispensable guide to sorting through cultural detritus of a world whose political and economic systems are simultaneously imploding and exploding.

**The Complete Guide to Knowledge Management** World Scientific

"Outstanding. A great entry point for the developer and investor." - Brian Calle, Orange County Register "Combines the experience of the authors to give a unique perspective on the important EB-5 program which drives capital formation and jobs across our country." - Congressman Jared Polis

Whether you are a foreign investor seeking a United States green card or a domestic developer sourcing capital for your latest project, the United States EB-5 visa program offers unique opportunity. In an industry known to be difficult to understand, The EB-5 Handbook breaks down the EB-5 program into its simple basics- investment, economic growth, and green cards. In The EB-5 Handbook, investors and developers alike will learn the essentials of the program, the benefits it can offer, and how to get started on their EB-5 journey with sections uniquely tailored to each party. Ali Jahangiri of EB5 Investors Magazine has brought together an all-star team of experts from nearly every segment of the industry. The authors - Jeff Campion, Linda He, David Hirson, Linda Lau, Dawn Lurie, Joseph McCarthy, Al Rattan, Reid Thomas, John Tishler, Kyle Walker, and Kevin Wright - and the editors - Elizabeth Peng and Cletus Weber -all have an established history of success working with EB-5 investors and developers. The EB-5 Handbook is the first book of its kind to bring together such a diverse group of authors to increase transparency and knowledge of the EB-5 program.

**The Complete Guide to Real Estate Finance for Investment Properties** John Wiley & Sons

In the past decade property prices in the UK have risen by 138 per cent - far higher than in the USA. With no language problems, near-perfect weather and low property prices, Florida is an ideal location for a holiday or retirement home. Many people now have sufficient equity in their British homes not only to buy a home in Florida, but also to satisfy the investor criteria for immigration into the United States. By setting up a business or investing in a (possibly quite modest) business in the US, they can turn their dream into a reality. The Complete Guide to Buying Property In Florida is the

ideal tool for those who want to take any of those steps. It deals with every aspect of buying or renting a home in Florida in a practical, straight-forward style. There are maps, useful addresses, Web sites, and information on a whole host of topics including: choosing a location, renting, purchasing, buying land, letting, selling, taxation and inheritance rules, and retiring, working and setting up a business. Comprehensive and readable, it will help any prospective buyer avoid the pitfalls and get everything right first time.

There are hundreds of exhibits in the investment "factor zoo." Which ones are actually worth your time, and your money? Andrew L. Berkin and Larry E. Swedroe, co-authors of The Incredible Shrinking Alpha, bring you a thorough yet still jargon-free and accessible guide to applying one of today's most valuable quantitative, evidence-based approaches to outperforming the market: factor investing. Designed for savvy investors and professional advisors alike, Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today takes you on a journey through the land of academic research and an extensive review of its 50-year quest to uncover the secret of successful investing. Along the way, Berkin and Swedroe cite and distill more than 100 academic papers on finance and introduce five unique criteria that a factor (at its most basic, a characteristic or set of characteristics common among a broad set of securities) must meet to be considered worthy of your investment. In addition to providing explanatory power to portfolio returns and delivering a premium, Swedroe and Berkin argue a factor should be persistent, pervasive, robust, investable and intuitive. By the end, you'll have learned that, within the entire "factor zoo," only certain exhibits are worth visiting and only a handful of factors are required to invest in the same manner that made Warren Buffett a legend. Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today offers an in-depth look at the evidence practitioners use to build portfolios and how you as an investor can benefit from that knowledge, rendering it an essential resource for making the informed and prudent investment decisions necessary to help secure your financial future.

The new go-to resource for succeeding in the \$5.5 trillion ETF market Exchange Traded Funds (ETFs) are growing and they're growing fast. With more than \$5.5 trillion in assets and cash flows exceeding those of mutual funds over the last several years, ETFs have become the dominant investment vehicle of our time. Now, The Complete Guide to ETF Portfolio Management provides everything you need to know to manage an ETF with the knowledge and skill of a seasoned pro. As Janus Capital's first ETF Portfolio Manager, Scott Weiner helped build much of the infrastructure around Index-based ETF Portfolio Management for the global asset management group Janus Henderson. In this comprehensive and insightful guide, Weiner provides: Hands-on, how-to guidance for successfully managing an ETF portfolio A model ETF illustrating key management concepts Clear examples of issues you'll likely face, including corporate actions, tax management, and cash management Expert insight into advanced topics that capture the nuance of portfolio management Practical advice for managing an ETF in volatile markets With The Complete Guide to ETF Portfolio Management, you have everything you need to know to launch an ETF, optimize tax efficiency, handle complex corporate actions, close a fund when it's not raising assets—and everything in between.

**Your Complete Guide to Factor-Based Investing** John Wiley & Sons

A straightforward guide to leveraging your company's intellectual capital by creating a knowledge management culture The Complete Guide to Knowledge Management offers managers the tools

they need to create an organizational culture that improves knowledge sharing, reuse, learning, collaboration, and innovation to ensure measurable growth. Written by internationally recognized knowledge management pioneers, it addresses all those topics in knowledge management that a manager needs to ensure organizational success. Provides plenty of real-life examples and case studies. Includes interviews with prominent managers who have successfully implemented knowledge management structures within their organizations. Offers chapters composed of short theoretical explanations and practical methods that you can utilize, based primarily on hands-on author experience. Taking an intellectual journey into knowledge management, beginning with an understanding of the concept of intellectual capital and how to establish an appropriate culture, this book looks at the human aspects of managing knowledge workers, promoting interactions for knowledge creation and sharing.

*The Complete Guide to Real Estate Finance for Investment Properties* McGraw Hill Professional  
John J. Murphy has updated his landmark bestseller *Technical Analysis of the Futures Markets*, to include all of the financial markets. This outstanding reference has already taught thousands of traders the concepts of technical analysis and their application in the futures and stock markets. Covering the latest developments in computer technology, technical tools, and indicators, the second edition features new material on candlestick charting, intermarket relationships, stocks and stock rotation, plus state-of-the-art examples and figures. From how to read charts to understanding indicators and the crucial role technical analysis plays in investing, readers gain a thorough and accessible overview of the field of technical analysis, with a special emphasis on futures markets. Revised and expanded for the demands of today's financial world, this book is essential reading for anyone interested in tracking and analyzing market behavior.

Interesting to read and easy to consult, *The Complete Guide to the Bible* is a reliable, jargon-free handbook for average people who want to better understand the entire Bible. Captivating writing along with beautifully designed and illustrated pages entice readers into the book and keep them lingering throughout its 512 pages. This latest project from Steve Miller, author of the best-selling *Who's Who and Where's Where in the Bible*, provides both the big-picture view of the whole Bible and its individual books, as well as fascinating detail on particular passages and topics.

**A Strategic Plan to Leverage Your Company's Intellectual Capital** McGraw Hill Professional  
The global economic crisis and recession that began in 2008 had at least one unexpected outcome: a surge in sales of Karl Marx's *Capital*. Although mainstream economists and commentators once dismissed Marx's work as outmoded and flawed, some are begrudgingly acknowledging an analysis that sees capitalism as inherently unstable. And of course, there are those, like Michael Heinrich, who have seen the value of Marx all along, and are in a unique position to explain the intricacies of Marx's thought. Heinrich's modern interpretation of *Capital* is now available to English-speaking readers for the first time. It has gone through nine editions in Germany, is the standard work for Marxist study groups, and is used widely in German universities. The author systematically covers all three volumes of *Capital* and explains all the basic aspects of Marx's critique of capitalism in a way that is clear and concise. He provides background information on the intellectual and political milieu in which Marx worked, and looks at crucial issues beyond the scope of *Capital*, such as class struggle, the relationship between capital and the state, accusations of historical determinism, and Marx's understanding of communism. Uniquely, Heinrich emphasizes the monetary character of Marx's work, in addition to the traditional emphasis on the labor theory of value, this highlighting the relevance of *Capital* to the age of financial explosions and implosions.

*Your Complete Guide to a Successful and Secure Retirement* Currency

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, *Board Member Orientation*, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA

\*\*\*\*\* The Simple Board Member Orientation Process Using This Book:  
1. Your board members read Chapters 1-9 of the book, which will provide them with insights

regarding the key elements of nonprofit board service. 2. You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3. You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

**An Introduction to the Three Volumes of Karl Marx's Capital** Ludwig von Mises Institute

The Guide for Women Entrepreneurs shares important tips for women in business generally and highlights items that are important for balance during the entrepreneurial journey. The Guide also provides practical tips for entrepreneurs like What Should I Put in a Pitch Deck, Do's and Don'ts in Pitching, Do's and Don'ts in Fundraising, Length of Time for Fundraising, Presenting to an Angel Network, Angel Pet Peeves to Avoid, Diligence on an Investor, and Going Through Diligence as an Entrepreneur. There is a Question and Answer section which addresses positioning yourself as a wife and husband or sister and brother team, offering an adviser equity and the vesting schedule, other forms of financing, conflicting advice from Mentors and Investors, dealing with biased investors, metrics that an investor wants to see, the difference fundraising in NYC and Silicon Valley, the difference between a product and an investment pitch, active or passive investors, the role press plays in fundraising, the ideal level of contact from investors, and my personal advice. The book also includes a section on becoming an angel investor for when entrepreneurs are ready to pay it forward and an Appendix with a sample pitch deck.

*How to Analyze Any Single-Family, Multifamily, or Commercial Property* Harriman House Limited

The first book to offer a comprehensive framework for conducting the venture capital due diligence process. Venture capitalists and other professional investors use due diligence to uncover all of the critical aspects of a company in which they are considering investing in an attempt to estimate the ROI of this decision. The state of the market, management expertise within the firm, legal concerns, location, and environmental issues are just a few of the factors investors include in their due diligence analyses. This book is the only guide to provide investors with a rigorous due diligence framework that can be customized to fit the practice of the firm. The book provides readers with a clear and complete understanding of the due diligence process and formalizes the process for the VC community. The book is structured around key criteria presented in the form of questions. Each question is followed by in-depth explanations and analyses that incorporate the best practices of today's top VCs, including John Doerr, Don Valentine, Kevin Fong, and Ann Winblad.

*Human Capital Management Standards* Palgrave Macmillan

One-stop-guide to the hedge fund industry, investment and trading strategies adopted by hedge funds and the industry's regulation. For anyone with an interest in investing or managing funds, it presents everything practitioners need to know to understand these investment vehicles from their theoretical underpinnings, to how they work in practice.

*Commentary and Explanations on the Beginning Chapters* Kogan Page Publishers

The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!  
*Finding Private Venture Capital for Your Firm* Createspace Independent Publishing Platform  
The radical geographer guides us through the classic text of political economy. In recent years, we have witnessed a surge of interest in Marx's work in an effort to understand the origins of our current political and economic crisis. For nearly forty years, David Harvey has written and lectured on *Capital*, becoming one of the world's foremost Marx scholars. Based on his recent lectures, this current volume—finally bringing together his guides to volumes I, II and much of III—presents this depth of learning to a broader audience, guiding first-time readers through a fascinating and deeply rewarding text. A Companion to Marx's *Capital* offers fresh, original, and sometimes critical interpretations of a book that changed the course of history and, as Harvey intimates, may do so again.
