### *Rebus Puzzles for the Dirty Mind*

Independently Published

The New York Times bestselling author of *The Year of Living Biblically* goes on a rollicking journey to understand the enduring power of puzzles: why we love them, what they do to our brains, and how they can improve our world. What makes puzzles—jigsaws, mazes, riddles, sudokus—so satisfying? Be it the formation of new cerebral pathways, their close link to insight and humor, or their community-building properties, they're among the fundamental elements that make us human.

Convinced that puzzles have made him a better person, A.J. Jacobs—four-time New York Times bestselling author, master of immersion journalism, and nightly crossword—set out to determine their myriad benefits. And maybe, in the process, solve the puzzle of our very existence. Well, almost. In *The Puzzler*, Jacobs meets the most zealous devotees, enters (sometimes with his family in tow) any puzzle competition that will have him, unpacks the history of the most popular puzzles, and aims to solve the most impossible head-scratchers, from a mutant Rubik's Cube, to the hardest corn maze in America, to the most sadistic jigsaw. Chock-full of unforgettable adventures and original examples from around the world—including new work by Greg Pliska, one of America's top puzzle-makers, and a hidden, super-challenging but solvable puzzle that will earn the first reader to crack it a \$10,000 prize\*—*The Puzzler* will open readers' eyes to the power of flexible thinking

and concentration. Whether you're puzzle obsessed or puzzle hesitant, you'll walk away with real problem-solving strategies and pathways toward becoming a better thinker and decision maker—for these are certainly puzzling times. \*NO PURCHASE NECESSARY. Welcome to this wonderful and exciting book of rebus puzzles! The book contains 100 different rebus puzzles, some picture and some phrases! The answers are also attached at the back of the book! A rebus uses pictures and sometimes words to represent a phrase. It was first used in the Middle ages as an expression to denote surnames. If someones surname was Salmon then they may have drawn a picture of a fish to show this. A more modern example of a rebus being used as a form of word play is: H + (A picture of an ear) = Hear, or Here. Rebus Puzzles have been in many television game shows, including a popular American show called Concentration where contestants had to solve a rebus, which was partially concealed. Catchphrase in the UK was also a very popular game show where

contestants had to decipher a rebus. Rebus puzzles are a fantastic puzzle for both kids and adults!
