[Pentecost to the Present Trilogy Set \(V1-V3\)](#) Global Pentecostal and Charism

In this cogent volume, renowned Christian historian Martin Marty delivers a brief yet sweeping account of Christianity and how it spread from a few believers two thousand years ago to become the world's largest religion. Comprising nearly one

third of the world's population—more than two billion followers—Christianity is distinctive among major faiths in that it derives both its character and its authority from the divinity of its central figure, Jesus Christ. Examining this facet of Christianity from historical and sociological viewpoints, Marty lays bare the roots of this faith, in turn chronicling its success throughout the world. Writing with great style, and providing impeccable interpretations of historical, canonical, and liturgical documents, Marty gives readers of all faiths and levels of familiarity with

Christian practices and history a highly useful and supremely accessible primer. He depicts the life of Christ and his teachings and explains how the apostles set out to spread the Gospel. With a special emphasis on global Christianity, he shows how the religion emerged from its ancestral homelands in Africa, the Levant, and Asia Minor, was imported to Europe, and then spread from there to the rest of the world, most often via trade and conquest. While giving a broad overview, Marty also focuses on specific issues, such as how Christianity struggles with the

polar tensions inherent to many of the faith's denominations, and how it attempts to reconcile some of its stances on armed conflict, justice, and dominion with the teachings of Christ. *The Christian World* is a chronicle of one of the great belief systems and its many followers. It's a magnificent story of emperors and kings, war and geography, theology and politics, saints and sinners, and the earthly battle to save souls. Above all, it's a remarkable testament to the teachings of Christ and how his message spreads around the globe to touch human experience everywhere.

This is the first scholarly volume on Chinese Christian Pentecostal and charismatic movements around the globe.

The authors include the most active and renowned scholars of global Pentecostalism and Chinese Christianity, including Allan Anderson, Daniel Bays, Kim-twang Chan, Gordon Melton, Donald Miller, and Fenggang Yang. It covers historical linkages between Pentecostal missions and indigenous movements in greater China, contemporary charismatic congregations in China, Singapore, Malaysia, and the United States, and the Catholic charismatic renewal movement in China. The volume also engages discussion and disagreement on whether it is even appropriate to refer to many of the Chinese Christian movements as Pentecostal or charismatic. If not, are they primarily following cultural traditions, or upholding beliefs and practices in the Bible? Contributors are: Allan H. Anderson, Connie Au, Daniel H. Bays, Michel Chambon, Kim-kwong Chan, Weng Kit Cheong, Jiayin Hu, Ke-hsien Huang, Melissa Wei-Tsing Inouye, Karrie J. Koesel, Yi Liu, J. Gordon Melton, Donald E. Miller, Selena Y.Z. Su, Joy K.C. Why I Am Still Surprised by the Power of the Spirit Wipf and Stock Publishers

What caused a former Dallas Seminary professor to believe that the miraculous gifts of the Holy Spirit are being given today? What convinced someone skeptical about miracles that God still speaks and heals? A dramatic change took place in Jack Deere's life when he took a fresh look at the Scriptures. He discovered that his cherished arguments against miraculous gifts were based more on prejudice and a lack of personal experience than on the Bible. As soon as Deere became a seeker instead of a skeptic, the Holy Spirit revealed himself in new and surprising ways. In *Surprised by the Power of the Spirit*, Jack Deere provides a strong biblical defense for the Spirit's speaking and healing ministries today. He also describes several reliable cases of people who were miraculously healed or who heard God speak in an unmistakable way. Finally, he gives sound advice for using spiritual gifts in the church. Written in popular style-with the care of a scholar but the passion of

personal experience-this book is a vital resource for people on both sides of the debate about miraculous gifts.

Global Pentecostal and Charismatic Healing Zondervan Academic

Pentecostal and Charismatic Christianity is a global phenomenon that comprises a quarter of the world's two billion Christians and is growing rapidly. This volume reveals that the primary appeal of pentecostalism worldwide is as a religion of healing. Contrary to popular stereotypes of flamboyant, fraudulent, anti-medical "faith healing" televangelists who preach a materialistic, "health and wealth" gospel, handle serpents, or sensationally "exorcize" demons, this book offers a more nuanced portrait. The collected essays illumine local variations, hybridities, and tensions in practices on six continents, and depict the extent of human suffering and powerlessness experienced by people everywhere and the attractiveness to many of a global religious movement that promises material relief by invoking spiritual resources. This is the first book of its kind. Achieving the twin goals of thick description and comparative analysis of global practices is best achieved by

bringing area experts into conversation. This volume's distinguished, international team of contributors includes sociologists, anthropologists, historians, political scientists, theologians, and religious studies scholars from North America, Europe, and Africa. Read together, these essays set the agenda for a new program of scholarly inquiry into some of the largest forces of change at work in the world today-globalization, pentecostalism, and healing-each of which is extremely powerful in itself and which together are reshaping our world in vastly significant ways.

The million-copy bestselling introduction to the healing ministry, re-issued with a

beautiful new cover. Does healing happen today? Why is there prejudice against the healing ministry? Why are some people not healed? These topical and vital questions are just some of the issues addressed by Francis MacNutt in *Healing*. A wideranging and broad-based overview, it is essential reading for all involved in the healing ministry. 'Prayer for healing is so central to the gospel,' writes MacNutt, 'that it should be an integral part of the life of every community of believers. My heart cries out to see it restored to the place it had in the early Christian church.'

Foundations of Pentecostal Theology

Wm. B. Eerdmans Publishing

Efforts to construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity—the historical Jesus of Nazareth. What, however, if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit? Yong develops just such a pneumatological approach to religions, drawing, by way of resource, on the Pentecostal-charismatic experience of the Spirit. This book thus invites Pentecostals, charismatics, and other Christians to

conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation. At the same time, it also brings recent Pentecostal-charismatic scholarship into dialogue with a broader audience, including those interested in philosophical theology, world religions, global spiritualities, and comparative religion and theology.

Pentecostalism and the Future of the Christian Churches Cornell University Press

Complete set of Pentecost to the Present. The author has carefully researched what evidence and reports there were in the early Church, and found that far from dying out, the Pentecostal sparks continued to spread through the known world. These three volumes give documented historic evidence of signs, wonders and miracles, leading to a massive expansion of the Church to the present day. Book One: Prophetic and Spiritual Gifts Movements covers the period from the early Church through the Middle Ages when much of northern Europe was converted through miracle-working missionary monks. Book Two:

Reformations and Awakenings covers the period from the Middle Ages to the early 20th century, including the Renaissance, the Enlightenment and how that affected Christianity both in Europe and the new World. Book Three: Worldwide Revivals and Renewal brings us up to the present day, sparked by the Welsh Revival of 1904-5 and Azusa Street in 1906 followed by the charismatic renewal and the global rise of Pentecostalism.

2000 Years Of Charismatic Christianity

William B. Eerdmans Publishing Company This state-of-the-field overview of Pentecostalism around the world focuses on cultural developments among second- and third-generation adherents in regions with large Pentecostal communities, considering the impact of these developments on political participation, citizenship, gender relations, and economic morality. Leading scholars from anthropology, sociology, religious studies, and history present useful introductions to global issues and country-specific studies drawn from Latin America, Africa, Asia, and the former USSR.

Awakened by the Spirit Zondervan

In 2006, the contemporary American

Pentecostal movement celebrated its 100th birthday. Over that time, its African American sector has been markedly influential, not only vis-à-vis other branches of Pentecostalism but also throughout the Christian church. Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal/charismatic styles of worship, preaching, music, engagement of social issues, and theology. Yet despite its being one of the fastest growing segments of the Black Church, Afro-Pentecostalism has not received the kind of critical attention it deserves. Afro-Pentecostalism brings together fourteen interdisciplinary scholars to examine different facets of the movement, including its early history, issues of gender, relations with other black denominations, intersections with popular culture, and missionary activities, as well as the movement's distinctive theology. Bolstered by editorial introductions to each section, the chapters reflect on the state of the movement, chart its trajectories, discuss pertinent issues, and

anticipate future developments.

Transatlantic Charismatic Renewal,

C.1950-2000 Indiana University Press

This 2000 book analyses the revival of charismatic Protestant Christianity as an example of globalization. Simon Coleman shows that, along with many social movements, these religious conservatives are negotiating their own interpretations of global and postmodern processes. They are constructing an evangelical arena of action and meaning within the liminal, chaotic space of the global. The book examines globalization not only as a social process, but also as an embodied practice involving forms of language and ritualized movement. Charismatic Christianity is presented through its material culture - art, architecture and consumer products - as well as its rhetoric and theology. The book provides an account of the

incorporation of electronic media such as television, videos and the Internet into Christian worship. Issues relating to the conduct of fieldwork in contexts of globalization are raised in an account which is also a major ethnography of a Faith ministry.

The Biblical Guidebook to Deliverance

Penn State Press

The author of the bestselling celebration of discipline explores the great traditions of Christian spirituality and their role in spiritual renewal today. In this landmark work, Foster examines the "streams of living water" -- the six dimensions of faith and practice that define Christian tradition. He lifts up the enduring character of each tradition and shows how a variety of practices, from individual study and retreat to disciplines of service and community, are all essential elements of growth and maturity. Foster examines the unique contributions of each of these traditions and offers as examples the inspiring stories of faithful people whose lives defined each of these "streams."

An Introduction to Pentecostalism

Zondervan

Rites in the Spirit is a book about

spirituality, ritual, and Pentecostal experience. The volume presents a careful and innovative study of Pentecostal practices and experiences. Focusing on the very important, but often intriguing worship rites that express the spirituality of Pentecostals, Albrecht discovers that these Pentecostal/charismatic rites and their attending sensibilities also function to shape, nurture, authenticate and even transform the spiritual lives of these Christians. Rites in the Spirit seeks to guide Pentecostals, and the charismatically-inclined, toward self-interpretation and a more nuanced conception of, and a deeper appreciation for, their Pentecostal experience. The volume also aims to make a sometimes exotic spirituality more accessible and understandable to those who have had limited contact with Pentecostal/charismatic forms and expressions.

A smart, powerful, charismatic preacher brought back to life On October 15, 1974, Johnny Carson welcomed his next guest on

The Tonight Show with these words: “I imagine there are very few people who are not aware of Kathryn Kuhlman. She probably, along with Billy Graham, is one of the best-known ministers or preachers in the country.” But while many people today recognize Billy Graham, not many remember Kathryn Kuhlman (1907–1976), who preached faith and miracles to countless people over the fifty-five years of her ministry and became one of the most important figures in the rise of charismatic Christianity. In *The Miracle Lady* Amy Collier Artman tells the story of Kuhlman’s life and, in the process, relates the larger story of charismatic Christianity, particularly how it moved from the fringes of American society to the mainstream. Tracing her remarkable career as a media-savvy preacher and fleshing out her unconventional character, Artman also shows how Kuhlman skillfully navigated

the oppressive structures, rules, and landmines that surrounded female religious leaders in her conservative circles.

They also reveal the potential these movements hold for transforming unjust economic, social, and political structures and discuss what the church at large might learn from the Pentecostal experience." "Unique for its interdisciplinary approach to Pentecostal movements, this volume is important not only as a study of a significant religious phenomenon but also as a resource for reflection on Christian social responsibility in today's world."--BOOK JACKET.

The Globalisation of Charismatic Christianity Thomas Nelson

Spirit and Sacrament by pastor and author Andrew Wilson is an impassioned call to join together two traditions that are frequently and unnecessarily kept

separate. It is an invitation to pursue the best of both worlds in worship, the Eucharistic and the charismatic, with the grace of God at the center. Wilson envisions church services in which healing testimonies and prayers of confession coexist, the congregation sings *When I Survey the Wondrous Cross* followed by *Happy Day*, and creeds move the soul while singing moves the body. He imagines a worship service that could come out of the book of Acts: Young men see visions, old men dream dreams, sons and daughters prophesy, and they all come together to the same Table and go on their way rejoicing. In short, *Spirit and Sacrament* is an appeal to bring out of the church's storehouse all of its treasures, so that God's people can worship our unrivaled Savior with sacraments and spiritual gifts, raised hands and lowered faces.
