SCHMIDT MAY

Breaking the Mould Simon and Schuster
 Hot in Chicago series author Kate Meader returns with her all new, scorching Chicago Rebels hockey series, featuring her signature "steamy sex scenes, colorful characters, and riveting dialogue" (Romantic Times). Three estranged sisters inherit their late father's failing hockey franchise and are forced to confront a man's world, their family's demons, and the battle-hardened ice warriors skating into their hearts. Harper Chase has just become the most powerful woman in the NHL after the death of her father Clifford Chase, maverick owner of the Chicago Rebels. But the team is a hot mess—underfunded, overweight, and close to tapping out of the league. Hell-bent on turning the luckless franchise around, Harper won't let anything stand in her way. Not her gender, not her sisters, and especially not a veteran player with an attitude problem and a smoldering gaze designed to melt her ice-compacted defenses. Veteran center Remy "Jinx" DuPre is on the downside of a career that's seen him win big sponsorships,

fans' hearts, and more than a few notches on his stick. Only one goal has eluded him: the Stanley Cup. Sure, he's been labeled as the unluckiest guy in the league, but with his recent streak of good play, he knows this is his year. So why the hell is he being shunted off to a failing hockey franchise run by a ball-buster in heels? And is she seriously expecting him to lead her band of misfit losers to a coveted spot in the playoffs? He'd have a better chance of leading Harper on a merry skate to his bed...

This book represents a bold statement concerning the excitement and energy of the field of sports ethics and philosophy in contemporary terms. It is comprised of a collection of commissioned essays from the leading international scholars in the field to celebrate the ten year editorship of Mike McNamee for the journal: *Sport, Ethics and Philosophy*. The collection includes essays familiar sport philosophers on work about the nature and nuances of sports and games playing, winning and losing, role models and strategic fouling. It also celebrates in phenomenological terms the complex and heterogeneous experience and values of sports in both phenomenological and analytic modes. Finally, it addresses the most serious threats to sport integrity and governance, in the shape of doping, and the unchecked power of sports institutions, and the charisma of sport that is at the mercy of commercialism. This book was originally published as a special issue of *Sport, Ethics and Philosophy*.

Winner of the NASSS Outstanding Book Award *Hockey and multiculturalism* are often noted as defining features of Canadian culture; yet, rarely are we forced to question the relationship and tensions between these two social constructs. This book examines the growing significance of hockey in Canada's South Asian communities. The *Hockey Night in Canada Punjabi* broadcast serves as an entry point for a broader consideration of South Asian experiences in hockey culture based on field work and interviews conducted with hockey players, parents, and coaches in the Lower Mainland of British Columbia. This book seeks to inject more “color” into hockey's historically white dominated narratives and representations by returning hockey culture to its multicultural roots. It encourages alternative and multiple narratives about hockey and cultural citizenship by asking which citizens are able to contribute to the webs of meaning that form the nation's cultural fabric.

This stirring and vibrant account of women's athleticism throughout history “will leave readers feeling inspired and powerful” (*Ms. magazine*). Part group biography, part cultural history, *Strong Like Her* delves into the fascinating stories of our muscular foremothers. From the first female Olympian (who entered the chariot race through a loophole) to the circus stars who could lift their husbands above their heads and make it look like “a little light housework with a feather duster,” these brave and brawny women paved the way for the generations to follow. Filled with Sophy Holland's beautiful portraits of some of today's most awe-inspiring athletes, including Peloton instructor Robin Arzón, bodybuilder Dana Linn Bailey, actress/dancer Patina Miller, and many others, *Strong Like Her* is “a love letter to muscles and the women who rock them so gloriously” (*Shape*).

Skateboarding and Femininity explores and highlights the value of femininity both within skateboarding and wider culture. This book examines skateboarding's relationship to gender politics through a consideration of the personal politics connected to individual skateboarders, the social-spatial arenas in which skateboarding takes place, and by understanding the performance of tricks and symbolic movements as part of gender-based power dynamics. Dani Abulhawa analyses the discursive frameworks connected to skateboarding philanthropic projects and how these operate through gendered tropes. Through the author's work with skateboarding charity SkatePal, this book offers an alternative way of recognising the value of skateboarding philanthropy projects, proposing a move toward a more open and explorative somatic practice perspective.

Women in Sports McClelland & Stewart

Bold and inspiring profiles of the pioneers, champions and future heroines of women's soccer around the world. Women's soccer has come a long way. The first organized games on record -- which took place three hundred years ago in the Scottish Highlands -- were exhibition matches, where single women played against married women while available men looked on, seeking a potential mate. Today, champions like Mia Hamm, Abby Wambach, Brazil's Marta and China's Sun Wen, have inspired girls around the world to pick up the beautiful game for love of the sport. Inevitably, given the hardships and discrimination they face, women who play soccer professionally are so much more than elite athletes. They are survivors, campaigners, political advocates, feminists, LGBTQ activists, working moms, staunch opponents of racial discrimination and inspirational role models for many. Based on original interviews with over 50 current and former players and coaches, this book celebrates these remarkable women and their achievements against all odds.

Ethnicities Simon and Schuster

At their basic level, sporting events are about numbers: wins and losses, percentages and points, shots and saves, clocks and countdowns. However, sports narratives quickly leave the realm of statistics. The stories we tell and retell, sometimes for decades, make sports dramatic and compelling. Just like any great drama, sports imply conflict, not just battles on the field of play, but clashes of personalities, goals, and strategies. In telling these stories, we create heroes, but we also create villains. This book is about the latter, those players who transgress norms and expectations and who we label the "bad boys" of sports. Using a variety of approaches, these 13 new essays examine the cultural, social, and rhetorical implications of sports villainy. Each chapter focuses on a different athlete and sport, questioning issues such as how notorious sports figures are defined to be "bad" within particular sports and within the larger culture, the role media play in creating antiheroes, fan reactions when players cross boundaries, and how those boundaries shift depending on the athlete's gender, sexuality, and race.

Athletes Breaking Bad Bold Type Books

Today, women have greater opportunities to participate in sport than ever before, particularly due to the passage of Title IX in 1972. Yet, despite all this growth, women still struggle to hold leadership positions, become coaches of both girls and boys teams, receive equal pay, and get even adequate coverage in the media. In *Stand Up and Shout Out: Women's Fight for Equality in Sports*, Joan Steidinger explores the three crucial areas in sport that remain huge concerns for women: leadership, money, and media. Steidinger looks at the number of ways in which women experience vast inequalities by examining topics such as the politics of sport, sexual assault, the #MeToo movement, pay equity, women in coaching positions, and the experiences of women of color and LGBTQ athletes. Interviews with leading authorities in the field and prominent female athletes are interwoven throughout to add both expert and personal perspectives to the conversation. *Stand Up and Shout Out* does more than just inform readers about these important issues; its purpose is to create enlightened discussions around the unequal treatment of women and present readers with "action steps" so we can all become active contributors toward improving this situation. This is an ideal time to fight for women's equality in sport, as it draws attention to the growing need for advocacy for girls and women around the world in all areas of life.
