BESTSELLER • “The
Copper Beech is as
soothing as a cup of
tea.”—People In the
little Irish town of
Shancarrig, the young
people carve their
initials—and those of
their loves—into the

copper beech tree in front of the schoolhouse. But not even Father Gunn, the parish priest, who knows most of what goes on behind Shancarrig's closed doors, or Dr. Jims, the village doctor, who knows all the rest, realize that not everything in the placid village is what it seems. Unexpected passions and fears are bringing together many lives, such as the sensitive new priest and Miss Ross, the slight, beautiful schoolteacher . . . Leonora, the privileged daughter of the town's richest family, and Foxy Dunne, whose father did time in jail . . . and Nessa Ryan, whose parents run Ryan's Hotel, and two very different young men. For now the

secrets in Shancarrig's shadows are starting to be revealed, from innocent vanities and hidden loves to crimes of the heart . . . and even to murder. Praise for *The Copper Beech* "A book with a difference . . . You'll take it home to lend to your best friend."—The New York Times Book Review "Binchy makes you laugh, cry, and care. Her warmth and sympathy render the daily struggles of ordinary people heroic and turn storytelling into art."—San Francisco Chronicle "The Copper Beech finds author Maeve Binchy at her Irish storytelling best!"—Cleveland Plain Dealer

This book is compiled of scientific research

on melanin and copper as well as my personal experiences and understanding of them being one and the same. All pigment comes from copper and in that pigment we see the process of life in motion. Melanin is the name of the human pigment, but copper is the source.

This book will help you to remember who you truly are, and to be your true, authentic self, in its entirety, to unlock the beautiful spirit and essence of you. You have a soul mission: it's time to wake up to it and fulfill your destiny and be everything you ever dreamed of being, your soul and spirit self really are, unafraid to shine in a world that all too often might seem might seek to undermine or limit you...You are filled with infinite possibilities and great gifts. Many of us are waking up from the illusion of fear, lower consciousness and vibration that we have been trapped in. Though times may be dark, the light can prevail and by holding on to our dreams and visions, we will emerge

with a higher consciousness. We will shed all the restrictions of the past, and break the chains of the judgmental and fear-based systems which have ruled and limited our lives in so many ways, to take a jump and leap of faith and really be the full expression of our unique and special souls. "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul.... I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure" "What a beautiful book; one that touches you and works on so many levels." "It doesn't matter where you are on your journey, in this book you will find something new,

something to remind you of who and where you are, why you are following the path you have chosen and affirmation that you are not alone, the Universe is always supporting you. I found the book easy to read, to me the energy of the words just flow off the page, and hit the spot. Read it from cover to cover, dip in and out, the choice is yours and the book supports you in whatever way you wish to connect with it. Bursting with information and workable ways to experiment and include in your spiritual practice. Sally has worked really hard to make this work appeal to as wider audience as possible and I feel she has pulled it off with a flourish. Well done

Sally, when's the next one?" "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul and I felt curiously emotional. I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure & refer to when I am in need of uplifting"

A Novel/ The Copper Tree When Olivia's teacher, Miss Evans, dies, the children at her school are encouraged to think of everything that reminds them of her. This book is about love and legacy and will help children understand that while sadness is an inevitable part of grief, death is not necessarily the end for what is left behind can

be everlasting. *The Copper Beech* A Novel Life in lower class as offspring of a notorious thief was simple for the Quartar daughters until accidental mishaps with the other classes of society turn their dirt poor lives around for worse and better. Eight young women are taken from the slums into the high class world they never understood only at first to find betrayal, suffering, scandal, revenge and corruption. Then, before they know it they are wrapped in the grandest scandal their country of Galli has ever seen. The kingdom of Cretaine is trying to overthrow the corrupted kingdom of Galli. The Quartar family must betray their world in order to save Galli from a brutal

civil war.

You are living in a box. It's a nice comfortable box perhaps, with lots of windows. You can see other people, earning more than you, driving better cars than you, healthier than you, happier than you and it appears that they are just lucky, or have been privileged somehow. There are lots of reasons you think or believe they are doing better than you, but none of those reasons are correct. Only one reason is correct. They live in a different box. All of us live in boxes created by our minds that have been built to protect us and those boxes tell us where the edges of our reality are, the edges of our expectations.

Good news; You CREATED the box. That means you can break it and remake it any way you want. You can expand the edges of your reality and attract bigger and better things for you and your family. This book is the key to your personal transformation, helping you become the most magnificent you that you can be. It's about understanding what sets you off balance and what brings you back to deep serenity. About what brings you peace and contentment, frees your mind of negativity and most importantly an understanding of how your thoughts in this moment weave your very future. Its about feeling, in a very real and profound way, your connectedness to everyone and

everything, your power and your significance in this world and perhaps even to find your lifes purpose. Its about understanding the how the nature of reality and the power of your mind combined enable you to achieve anything you desire. My promise is this: You will finish reading this book a different person than the one who started reading it.

As a young girl full of dreams, she is given to a tribal elder in marriage and quickly learns that her girlhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation,

ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.
