*We've Got People Veloce*  
ARCHIE 3000 is the complete collection featuring the classic series. This is presented in the new higher-end format of Archie Comics Presents, which offers 200+ pages at a value while taking a design cue from successful all-ages graphic novels. Travel to the 31st Century with Archie and his friends! In the year 3000, Riverdale is home to

hoverboards, intergalactic travel, alien life and everyone's favorite space case, Archie! Follow the gang as they encounter detention robots, teleporters, wacky fashion trends and much more. Will the teens of the future get in as much trouble as the ones from our time? Datsun Z Hassell Street Press  
Coax more power from your engine! This guide tells you how to choose L-series engine parts, and prepare and assemble them for optimum power and durability. Filled with L-series mods for road, drag and off-road racing, improved street

performance, plus complete mods to crankshaft, pistons, cylinder heads, electrics, carburetion, exhaust and more. Covers 51, 61, 71, 2SX, 24Z, 26Z, 28Z, 28ZX and pick-up truck engines. Includes parts interchange.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight

percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips

that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

An eco-spiritual search for light and life in a world inching towards dystopia Gift in Green, written originally in Malayalam, is a tantalizingly unconventional narrative that explores, on multiple levels, the pain and poetry that eventuate from the disruption of the intimate relationship between a people and their life-world, using water (the 'water-life' of the people of Aathi) as the overarching metaphor that mirrors the degradation of the society. Between the

polarities of attachment and abandonment, darkness and light, predatory progress and the sheer will to survive, unfolds the saga of a people confronted by the behemoth of progress driven by Kumaran, who seeks to abandon water-life, threatening its very existence. But such is the author's faith in the resilience of life and nature and her belief in the futility of trying to control something as fluid and eternal as water-life that what promises to be the end is also the hope of a new beginning. This is the first instance in Indian literary history of a novel in a regional language being translated and published concurrently in English.

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood

My First I Can Draw Dark Horse Comics

People are searching for a church shaped and sustained by Radical Hospitality, Passionate Worship, Intentional Faith Development, Risk-Taking Mission and Service, and Extravagant Generosity. These fundamental practices are critical to the success of congregations. Their presence and strength demonstrate congregational health, vitality, and fruitfulness. By repeating and improving

these practices, churches fulfill their mission to make disciples of Jesus Christ for the transformation of the world.

Robert Schnase astutely weaves theological insight, practical advice, and exemplary stories into an inspiring book for pastors and laity alike. —L. Gregory Jones, Dean and Professor of Theology, Duke Divinity School Robert Schnase's words are thoughtful, provocative, and challenging. Any congregation will find encouragement and insight to deepen faithfulness and multiply fruitfulness. —Lovett H. Weems, Jr., Distinguished Professor of Church Leadership, Wesley Theological Seminary Stimulating. Challenging. Uniquely helpful. Bishop Schnase gives us powerful language, rich examples, and practical suggestions for fulfilling the mission God gives us.

—Janice Riggle Huie, Bishop of the Texas Conference of The United Methodist Church

Five Practices of Fruitful Congregations

Alexandria Ocasio-Cortez may seem like she came from nowhere, but the movement that propelled her to office - and to global political stardom - has been building for 30 years. We've Got People is the story of that movement, which first exploded into public view with the largely forgotten presidential run of the Rev. Jesse Jackson, a campaign that

came dangerously close to winning. With the party and the nation at a crossroads, this timely and original book offers new insight into how we've gotten where we are - and where we're headed.
