ANTWAN WARE

[Visions of History in German Politics, from the Thirty Years' War to the Third Reich](#) University of Michigan Press

A widely celebrated intellectual historian of twentieth-century Europe, Anson Rabinbach is one of the most important scholars of National Socialism working over the last forty years. This volume collects, for the first time, his pathbreaking work on Nazi culture, antifascism, and the after-effects of Nazism on postwar German and European culture. Historically detailed and theoretically sophisticated, his essays span the aesthetics of production, messianic and popular claims, the ethos that Nazism demanded of its adherents, the brilliant and sometimes successful efforts of antifascist intellectuals to counter Hitler's rise, the most significant concepts to emerge out of the 1930s and 1940s for understanding European authoritarianism, the major controversies around Nazism that took place after the regime's demise, the philosophical claims of postwar philosophers, sociologists and psychoanalysts—from Theodor Adorno to Hannah Arendt and from Alexander Kluge to Klaus Theweleit—and the role of Auschwitz in European history.

Gender and Modernity in Weimar Culture Routledge

This ... sourcebook charts ... postwar Germany's irrevocable transformation into a multiethnic immigration country. More than 200 original German texts in English translation illuminate highly contentious debates about citizenship, human rights, multiculturalism, and globalization during the past fifty years - debates that resonate far beyond the country's borders. The book's eleven chapters cover incisive discussions about guest workers, foreigners in East Germany, xenophobia and racism, religion, literature, film, and everyday culture. Juxtaposing voices that range from statesmen and journalists to activists and artists, the collection chronicles utopian visions, violent setbacks, and unexpected consequences. It writes a cultural history of migration in documents.

A Sourcebook of Sacred Texts Routledge

"A very balanced selection of sources for the study of the ancient so-called mystery religions, starting with Eleusis and ending with mysteries in Judaism and Christianity. . . . No other modern sourcebook exists in this field."—Kurt Rudolph

Europe on Trial Houghton Mifflin Harcourt

The Nazi Germany Sourcebook is an exciting new collection of documents on the origins, rise, course and consequences of National Socialism, the Third Reich, the Second World War, and the Holocaust. Packed full of both official and private papers from the perspectives of perpetrators and victims, these sources offer a revealing insight into why Nazism came into being, its extraordinary popularity in the 1930s, how it affected the lives of people, and what it means to us today. This carefully edited series of 148 documents, drawn from 1850 to 2000, covers the pre-history and aftermath of Nazism: * the ideological roots of Nazism, and the First World War * the Weimar Republic * the consolidation of Nazi power * Hitler's motives, aims and preparation for war * the Second World War * the Holocaust * the Cold War and recent historical debates. The Nazi Germany Sourcebook focuses on key areas of study, helping students to understand and critically evaluate this extraordinary historical episode:

[Varieties of German Resistance in the Third Reich](#) University of Alberta

On a fateful day in May 1941, in Nazi-occupied Strasbourg, seventeen-year-old Pierre Seel was summoned by the Gestapo. This was the beginning of his journey through the horrors of a concentration camp. For nearly forty years, Seel kept this secret in order to hide his homosexuality. Eventually he decided to speak out, bearing witness to an aspect of the Holocaust rarely seen. This edition, with a new foreword from gay-literature historian Gregory Woods, is an extraordinary firsthand account of the Nazi roundup and the deportation of homosexuals.

Origins, Interpretations, Legacies Univ of California Press

The author of *Midnight's Children* and *The Satanic Verses* describes his 1986 trip to Nicaragua and shares his impressions of the true Nicaragua--the people, politics, land, poetry, and problems behind the headlines. Reprint.

Hitler's Furies Univ of North Carolina Press

The Third Reich Sourcebook Univ of California Press

A History Univ of California Press

From the bestselling author of *The Sleepwalkers*, a book about how the exercise of power is shaped by different concepts of time This groundbreaking book presents new perspectives on how the exercise of power is shaped by different notions of time. Acclaimed historian Christopher Clark draws on four key figures from German history—Friedrich Wilhelm of Brandenburg-Prussia, Frederick the Great, Otto von Bismarck, and Adolf Hitler—to look at history through a temporal lens and ask how historical actors and their regimes embody unique conceptions of time. Elegantly written and boldly innovative, *Time and Power* reveals the connection between political power and the distinct temporalities of the leaders who wield it.

[The Nazi Germany Sourcebook](#) Routledge

This volume in the series covers the domestic aspects of the regime between 1933 and 1939: the political system, the economy and society, propaganda and indoctrination, policies towards youth and women, the SS system of terror, anti-Semitism and popular attitudes towards the regime -- consent, dissent, and resistance. The documents are drawn from a wide range of sources both published and unpublished -- official and party documents, memoirs, letters, diaries, and newspapers -- and are linked with a commentary. The combination of documents and commentary represents at the same time a textbook, an original contribution, and an invaluable source book for students and historians.

The Story of Collaboration, Resistance, and Retribution during World War II The Third Reich Sourcebook

Reproduces (translated into English) contemporary documents or writings with an introduction to each section.

Hitler's Germany Univ of California Press

Europe on Trial explores the history of collaboration, retribution, and resistance during World War II. These three themes are examined through the experiences of people and countries under German occupation, as well as Soviet, Italian, and other military rule. Those under foreign rule faced innumerable moral and ethical dilemmas, including the question of whether to cooperate with their occupiers, try to survive the war without any political involvement, or risk their lives by becoming resisters. Many chose all three, depending on wartime conditions. Following the brutal war, the author discusses the purges of real or alleged war criminals and collaborators, through various acts of violence, deportations, and judicial proceedings at the Nuremberg International Military Tribunal as well as in thousands of local courts. *Europe on Trial* helps us to understand the many moral consequences both during and immediately following World War II.

[The Eclipse of the Utopias of Labor](#) Univ of California Press

Analyzes the development of tanks from World War I through Operation Desert Storm with vivid accounts of major figures and battles.

Life in the Third Reich Univ of California Press

Here is a wealth of factual and interpretative information about Germany between 1918 and 1945. Designed for maximum practicality, it sets the Hitler years in their wider context, with most sections spanning the Weimar Republic and the rise of Nazism as well as the Third Reich itself. In addition to political chronologies and anatomies of the Nazi party and the police state, there is detailed information on economy, society and culture; diplomacy, rearmament and war; and racial politics and the Holocaust. Biographies, glossary and a rich annotated bibliography complete an invaluable study aid.

In the Shadow of Catastrophe Routledge

One Saturday morning in February 1972, an impoundment dam owned by the Pittston Coal Company burst, sending a 130 million gallon, 25 foot tidal wave of water, sludge, and debris crashing into southern West Virginia's Buffalo Creek hollow. It was one of the deadliest floods in U.S. history. 125 people were killed instantly, more than 1,000 were injured, and over 4,000 were suddenly homeless. Instead of accepting the small settlements offered by the coal company's insurance offices, a few hundred of the survivors banded together to sue. This is the story of their triumph over incredible odds and corporate irresponsibility, as told by Gerald M. Stern, who as a young lawyer and took on the case and won.

Nazism, 1919-1945: State, economy and society 1933-1939 Univ of California Press

"Provides coverage of all aspects of the Holocaust, from roots of anti-Semitism to Nazi "Final Solution" actions and policies. Features include narrative overviews of key events and trends, 100+ primary source documents, chronology, glossary, bibliography

The Holocaust Routledge

Sourcebook on the Weimar Republic.

A History of Canadian Internment Camp R Fordham Univ Press

From extensive research, including a remarkable interview with the unrepentant chief of Hitler's Women's Bureau, this book traces the roles played by women – as followers, victims and resisters – in the rise of Nazism. Originally publishing in 1987, it is an important contribution to the understanding of women's status, culpability, resistance and victimisation at all levels of German society, and a record of astonishing ironies and paradoxical morality, of compromise and courage, of submission and survival.

A History of Nazi Germany Cambridge University Press

This is an authoritative history of the twelve years of the Third Reich from its political takeover of January 30, 1933 to the German capitulation in May 1945.

German Intellectuals Between Apocalypse and Enlightenment University of Pennsylvania Press

The Nazi Germany Sourcebook is an exciting new collection of documents on the origins, rise, course and consequences of National Socialism, the Third Reich, the Second World War, and the Holocaust. Packed full of both official and private papers from the perspectives of perpetrators and victims, these sources offer a revealing insight into why Nazism came into being, its extraordinary popularity in the 1930s, how it affected the lives of people, and what it means to us today. This carefully edited series of 148 documents, drawn from 1850 to 2000, covers the pre-history and aftermath of Nazism. Sources include legislative and diplomatic records, minutes of meetings, speeches and manifestoes, personal diaries and eyewitness accounts. Each document is preceded by a brief critical analysis that also provides the historical context in which it was written.; The Nazi Germany Sourcebook focuses on key areas of study, helping students to understand and critically evaluate this extraordinary historical episode: * the ideological roots of Nazism, and World War I * the Weimar Republic * the consolidation of Nazi power * Hitler's motives, aims and preparation for war * World War II * the Holocaust * the Cold War and recent historical debates. The Nazi Germany Sourcebook contains numerous documents that have never before been published in English, and some documents, such as Goebbles' 1941 diaries that have only recently been discovered. This up-to-date and carefully edited collection of primary sources provides fascinating reading for anyone interested in this historical phenomenon.

The Ancient Mysteries Routledge

Even today, the Third Reich--the regime that instigated the most destructive war in modern history--evokes powerful images of fascination and horror. Yet how were the lives of the ordinary German people of the 1930s and '40s affected by the politics of Hitler and his followers? Looking beyond the catalog of events, this intriguing book reveals that daily German life involved a complex mixture of bribery and terror; of fear and concessions; of barbarism and appeals to conventional moral values employed by the Nazis to maintain their grip on society. Eight leading historians present essays that shed fresh light on topics as familiar as the role of political violence in Nazi seizure of power and the German view of Hitler himself. It also focuses on lesser-known aspects of life in the Third Reich, such as village life, the treatment of social outcasts, and the Germans' own retrospective view of this period of their history.
