*A Companion  
to  
Contemporary  
Political  
Philosophy*

Brooks/Cole  
Publishing  
Company  
'Successfully  
challenges the  
notion that we  
live in a post-  
ideological  
age. John  
Schwarzmente

I searchingly  
questions the  
thesis that  
only single  
issues and  
identities  
matter,  
providing a  
reliable  
compass to

help students navigate through a world that has witnessed the death of Communism and the rise of neo-liberal hegemony' - Jules Townshend, Professor of Political Theory, Manchester Metropolitan University This book challenges the idea of post-ideological consensus and offers a fresh perspective on the current state of political ideologies. With 'traditional' political ideologies, such as liberalism, socialism, nationalism and conservatism, perceived to be in crisis, it assesses: - Their continued relevance in the context of globalisation and of scepticism towards ideological thinking - The challenges posed by 'new' ideologies such as ecologism and feminism - The implications of new social movements and ideas of community and multiculturalism for the traditional Left-Right political framework. Ideology and Politics presents an accessible account of a new era of ideological politics, where the dominant neo-liberalism has spawned a diverse global range of 'ideologies of opposition'. It situates these radical frameworks of change and protest in relation to more traditional 'anti'

ideologies and seeks to re-establish the relevance of ideologies for political action in the contemporary world. This text will be core reading for students of politics at advanced undergraduate and postgraduate level.

*The Psychopathology of Political Ideologies*

A&C Black  
Examines the tenets of liberalism, socialism, conservatism, Marxism, anarchism, and fascism.

An

Introduction  
Oxford University Press  
In the realm of political discourse there is a distinct gap in understanding between Russia and the West. To an outsider, the ideas that animate the actions of Russia's ruling elite, opposition, and civil society - from the motivations driving Russia's political actors to the class structure and international and domestic constraints

that shape Russia's political thinking - remain shrouded in mystery. Contrary to the view that a bleak discursive uniformity reigns in Vladimir Putin's Russia, Political Ideologies in Contemporary Russia shows that the country is engaging in serious theoretical debates across a wide spectrum of modern ideologies including liberalism, nationalism,

feminism, and multiculturalism. Elena Chebankova argues that the nation is fragmented and the state seeks to balance the various ideological movements to ensure that none dominates. She shows that each of the main ideological trends is far from uniform, but the major opposition is between liberalism and traditionalism. The pluralistic picture she describes contests many current

portrayals of Russia as an authoritarian or even totalitarian state. Offering an alternative to the Western lens through which to view global politics, *Political Ideologies in Contemporary Russia* is a major contribution to our understanding of this world power. **Comparative Analysis - 5th Ed** Contemporary Political Ideologies Second Edition This comprehensive analysis of

the complex relationship of black political thought identifies which political ideologies are supported by blacks, then traces their historical roots and examines their effects on black public opinion. Contemporary Political Ideologies. [By Various Authors.] Edited by J.S. Roucek Academic Internet Pub Incorporated Inspired by Freud's *The Psychology of Everyday Life*, this book examines the

<p>unconscious processes shaping contemporary political ideologies. Addressing ten fundamental questions, Robert Samuels identifies four basic political ideologies: liberal, conservative, Left, and Right, which are often placed in the structure of a logical square, determined by two binary oppositions, with a fifth structure of centrism complicating the square. He turns to</p>	<p>psychoanalysis to explain the unconscious defense mechanisms that structure these political ideologies. Each chapter uses a recent, influential title as a gateway to the analysis of the ideologies and structures identified. Through this analysis, Samuels argues that belief in ideological structures is tied to triumvirates of institutions and ideals; conservatives being tied to premodern</p>	<p>institutions of religion, feudalism, and monarchy, while modern liberals are tied to ideals of universality, objectivity, and empiricism. He concludes that this investment in universality shapes the ethics of modern globalization and democratic liberalism. Unlike other books, conclusions are reinforced through examples drawn from current events with an integrated</p>
---	--	--

model of different psychopathologies. The *Psychopathology of Political Ideologies* moves beyond providing an understanding of what drives different political investments, to offer a more rational and conscious comprehension of subjectivity and social organization. This book will be a great resource for those interested in politics, political science, psychology, social

psychology, globalization, and ideology. *Political Ideologies in Contemporary France* Rowman & Littlefield What is the place of religion in a pluralist democracy? The continuous presence of religion in the public sphere has raised anew normative and practical issues related to the role of religion in a democratic polity, generating spirited political debates in

Western and non-Western contexts. Contemporary Political Philosophy and Religion provides an advanced introduction to, and a critical appraisal of, the major schools of political thought with a focus on the relationship between democracy and religion. Key features of this book include: Analyses of different political traditions: liberalism, republicanism, deliberative

democracy, feminism, postmodernism, multiculturalism, and interculturalism; Critical discussions of key contemporary philosophers, such as John Rawls, Jürgen Habermas, Richard Rorty, Charles Taylor, Susan Moller Okin, Martha Nussbaum, Will Kymlicka, Chandran Kukathas, and Bhiku Parekh; A pluralist approach that questions the strict divide between analytical and continental

political philosophy; Discussion on the place of religion in politics from multiple perspectives by drawing on a plurality of political contexts, both Western and non-Western; Analyses of legal and political cases related to different religious traditions, for example, Islam, Confucianism, Buddhism, Christianity, and Hinduism. This comprehensive text will be of great use to students of

religion and politics in the fields of political and legal theory, and religious and theological studies, while also offering critical insights and arguments that will be of interest to the experts in the field.

**Contemporary Political Ideologies**

SAGE  
 CONTEMPORARY POLITICAL IDEOLOGIES:  
 A  
 COMPARATIVE ANALYSIS  
 successfully introduces readers to current and emerging

political ideologies-- offering a comparative analysis of nationalism, the varieties of democracy, Marxism, and political Islam, as well as an effective introduction to the lesser-known ideologies surrounding anarchism, fascism and national socialism, environmentalism, feminism, and liberation theology. The goal is to help readers draw their own conclusions about each ideology. To this end, the author makes every effort to present a balanced presentation of the ideologies covered in the text, and to objectively discuss the way that ideology functions today. Includes a discussion of terrorism. *A Survey & Christian Critique of Contemporary Ideologies* Harvester Wheatsheaf Contributions contained in this volume discuss seven strains of political thought in France today: democratic socialism, communism, Gaullism and liberalism, national populism, ecologism, feminism, and multiculturalism. Contributors are primarily English scholars of French Studies and their contributions focus on the participants, strategy, and future prospects of each ideological tendency. Reassessing Political Ideologies  
 Routledge  
 In this freshly updated, comprehensive study, political scientist David Koyzis surveys the key political ideologies of our era, unpacking the worldview issues inherent to each and pointing out essential strengths and weaknesses. Writing with broad international perspective,

Koyzis is a sensible guide for Christians working in the public square, culture watchers, and all students of modern political thought. *Political Ideologies* Wadsworth Publishing Company This Oxford Handbook will be the definitive study of political ideologies for years to come. The diversity of ideology studies is represented by a mixture of the range of theories that

illuminate the field, combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones. *Contemporary Political Ideologies* Oxford University Press  
 The fifth edition of this leading text on political ideologies provides a clear and accessible introduction to the political creeds and doctrines that have

dominated and shaped world politics. Ranging from traditional nineteenth-century ideologues such as liberalism, conservatism and socialism, to so-called 'new' ideologies such as feminism, ecologism and political Islam, the author offers a clear exposition both of the historical development of each ideology and the impact each has had on contemporary political

movements, parties and governments. Their distinctive ideas and values are highlighted, together with the competing, and sometimes conflicting, traditions which they have generated. This new edition has been thoroughly revised and updated throughout, with extended coverage given to key current issues such as multiculturalism and neo-

conservatism. Andrew Heywood's uniquely student-friendly writing style is now supported by a range of learning features in each chapter.

- Ideology Previews outline the nature of the ideologies and their central themes
- On-page definitions give quick-reference explanations of key terms
- Illustrated 'Key Figure' Profiles provide detail on important thinkers and

their major ideas • 'Key Concept' boxes explore and unpack important ideas • Boxes on 'Perspectives' and 'Tensions' outline the differences within and between ideological traditions • Questions help to apply and reinforce understanding

Political Ideologies and the Democratic Ideal

Routledge  
Conservatives and Liberals often resort to cartoon images of the opposing

ideology, relying on broadly defined caricatures to illustrate their opposition. To help us get past these stereotypes, this short, punchy book explains the two dominant political ideologies in America today, providing a thorough and fair analysis of each as well as insight into their respective branches. To help us understand the differences between the two

contrasting ideologies, Morgan Marietta employs an innovative metaphor of a tree—growth from ideological roots to a core value, expanding into a problem that creates the competing branches of the ideology. This approach suggests a clear way to explain and compare the two ideologies in an effort to enhance democratic debate. A Citizen's Guide to American Political

Ideologies is a brief, non-technical and conversational overview of one of the most important means of understanding political rhetoric and policy debates in America today.

CONTEMPORARY POLITICAL THEORY

University of Chicago Press  
Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook,

it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies.

Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: Political Ideologies is accompanied by comprehensive online resources, to support

political ideology courses. For students: \* Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking;\* Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers: \* Indicative answers to questions in

the book provide a framework for approaching these;\* Powerpoint slides to support each chapter, providing an overview and key points to help with planning;\* Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies. *Black Visions* InterVarsity Press The second edition of this popular and

accessible text reflects the changing nature of the teaching and study of political ideologies in the UK. In addition to updating the chapters on ideologies on the spectrum from the Far Left to Far Right, Leach has added three completely new chapters on Nationalism and the Politics of Ethnicity, Feminism and the Greens. The second edition will also include more figures

and diagrams and each chapter will contain a summary and guide to further reading, in addition to the full bibliography at the end of the volume." Include three completely new chapters on nationalism and ethnicity, feminism and environmentalism. Political Theory/Ideologies, British Politics. A Harvester Wheatsheaf Book. [Cram101](#) [Textbook](#) [Outlines](#) Academic Internet Pub Incorporated

This new edition of A Companion to Contemporary Political Philosophy has been extended significantly to include 55 chapters across two volumes written by some of today's most distinguished scholars. New contributors include some of today's most distinguished scholars, among them Thomas Pogge, Charles Beitz, and Michael Doyle Provides in-depth

coverage of contemporary philosophical debate in all major related disciplines, such as economics, history, law, political science, international relations and sociology Presents analysis of key political ideologies, including new chapters on Cosmopolitanism and Fundamentalism Includes detailed discussions of major concepts in political philosophy, including virtue, power,

human rights, and just war  
*Political Ideologies*  
 John Wiley & Sons  
 The aggressively revised new edition of this best-seller provides a clear, concise, and comprehensive introduction to the ideas and ideals that shake and shape our political world. Written with the firm belief that ideology is the driving force of nation-states, history, and politics, this innovative text covers the range of

contemporary political ideologies, from the standard categories of liberalism, conservatism, and socialism to newly emerging ideological alternatives. *Political Ideologies and the Democratic Ideal* provides an accessible overview of the origin and development of these ideologies, and illustrates how each interprets democracy and freedom. *Political Ideologies*

*Political Ideology in Britain*  
 Routledge  
 "Inspired by Freud's *The Psychology of the Everyday Life*, this book examines the unconscious processes shaping contemporary political ideologies. Addressing ten fundamental questions, Robert Samuels identifies four basic political ideologies: liberal, conservative, Left, and Right, which are often placed in the structure of a logical square, determined by two binary oppositions, with a fifth structure of centrism complicating the square. He turns to psychoanalysis to explain the unconscious defense mechanisms that structure these political ideologies. Each chapter uses a recent, influential title as a gateway to analysis of the ideologies and structures identified. Through this analysis, Samuels argues that belief in ideological structures is tied to triumvirates of institutions and ideals; conservatives being tied to premodern institutions of religion, feudalism, and monarchy, while modern liberals are tied to ideals of universality, objectivity, and empiricism. He concludes that this investment in universality shapes the ethics of modern globalization

and democratic liberalism. Unlike other books, conclusions are reinforced through examples drawn from current events with an integrated model of different psychopathologies. The Psychopathology of Political Ideologies moves beyond providing an understanding of what drives different political investments, to offer a more rational and conscious comprehension of

subjectivity and social organization. will be a great resource for those interested in politics, political science psychology, social psychology, globalization, and ideology"-  
- Contemporary Political Philosophy and Religion Routledge  
Joseph S. Roucek brings together theories from the major political movements of the twentieth century and guides readers

through the waves of political change with approaches to Marxism, Communism, Colonialism, the Welfare State, and more. Joseph S. Roucek was a political theorist and author. He wrote or co-authored several books on education and politics including *The Czechs and Slovaks in America*, *Behind the Iron Curtain*, *America's Ethnic Politics*, and *Slow Learner*.  
An Introduction

<p>Macmillan International Higher Education This major new text critically assesses the key political ideologies of the 20th century. The 1970s and 1980s witnessed a flowering of new and popular ideologies, such as feminism and ecogism, and a revival of others,</p>	<p>notably liberalism. The upheavals of the early 1990s have initiated fresh debate amongst major thinkers on the nature of ideology, much of it however hostile or polemical. "Modern Political Ideologies" examines in an objective scholarly manner the evolution of key political</p>	<p>ideologies and assesses their impact and development during the 20th century. This volume is essential reading for all students of politics, and indeed anyone who has an interest in current events and wishes to acquire a deeper understanding of the nature, scope and ambition of different ideologies.</p>
