Academic Reading

Cambridge University Press

For Kylene Beers, the question of what to do when kids can't read surfaced in 1979 when she met and began teaching a boy named George. When George's parents asked her to explain why he couldn't read and how she could help, Beers, a

secondary certified English teacher with no background in reading, realized she had little to offer. That moment sent her on a twenty-three-year search for answers to the question: How do we help middle and high schoolers who can't read? Now, she shares what she has learned and shows teachers how to help struggling readers with comprehension, vocabulary,

fluency, word recognition, and motivation. Filled with student transcripts, detailed strategies, reproducible material, and extensive booklists, Beers' guide to teaching reading both instructs and inspires.

Action Strategies for Deepening Comprehension Cambridge University Press

Making Connections Second edition Level 2 Student's Book introduces

fundamental reading skills and strategies such as identifying main ideas, interpreting information in charts and graphs, and preparing for reading tests. It features a variety of high-interest topics including news media, education, global business, population growth, fashion and design, and the brain.

Making Connections Level 2 Teacher's Manual
Houghton

Mifflin Harcourt The series helps students gain insight into how academic text is organized and how to read effectively. Making Connections Intermediate is a reading skills and strategies book that prepares students for college-level reading. The book has six high-interest thematic units, each with multiple readings. The readings are written in an accessible academic

discourse style, providing ideal practice for intermediate-level students who will eventually need to access authentic academic text.

Making Connections Level 1 Student's Book

Cambridge University Press The Teacher's Manual contains teaching suggestions and an answer key for the Student's Book.

read at university level, with advice on reading skills and strategies.
Suitable for self-study and improving reading and study skills.
Teacher's manual with teaching suggestions and answer key also available.
Making Connections Low Intermediate Teacher's Manual
Cambridge University Press
One day, Mr. Keene called all the students and

teachers together and said, "This is a fine, fine school! From now on, let's have school on Saturdays too." And then there was more. School all weekend. School on the holidays. School in the SUMMER! What was next . . . SCHOOL AT NIGHT? So it's up to Tillie to show her well-intentioned principal, Mr. Keene, that even though his fine, fine school is a wonderful place, it's not fine, fine to be there all the

time.
A Day's Work
 Scholastic Inc. The Making Connections series carefully prepares high intermediate students to read college-level texts. It teaches students the strategies and the vocabulary-building skills to help them grow in confidence and progress to higher levels of reading ability. Making Connections develops key reading skills and strategies such as recognising

patterns of organization, identifying classifications systems, and understanding connections between ideas. It features high-interest topics including health, multiculturalism, language learning and the environment. Learning and Understanding Wheatmark, Inc. Comprehensive course introducing academic texts on high interest topics, with advice on reading strategies and

vocabulary building skills. With Teacher's Manual featuring answer key and teaching suggestions for the activities. Suitable for self-study, building vocabulary, and developing reading, writing, and study skills.

The Daily 5
Cheng & Tsui
Making Connections teaches an extensive range of reading skills and strategies in order to prepare students for

college reading. Making Connections Level 4 Student's Book develops key reading skills and strategies such as recognizing patterns of textual organization, understanding how writers create connections within and across sentences, and learning how to process academic language and vocabulary. It features high-interest topics, including

technology, biomedical science, business, and engineering. *The Promise of Adolescence* Cambridge University Press Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best-selling book, Susan M. Brookhart offers enhanced guidance and

three lenses for considering the effectiveness of feedback: (1) does it conform to the research, (2) does it offer an episode of learning for the student and teacher, and (3) does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including • Strategies to uplift and

encourage students to persevere in their work. • How to formulate and deliver feedback that both assesses learning and extends instruction. • When and how to use oral, written, and visual as well as individual, group, or whole-class feedback. • A concise and updated overview of the research findings on feedback and how they apply to today's classrooms. In addition, the

book is replete with examples of good and bad feedback as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. Whether you teach young students or

teens, this book is an invaluable resource for guaranteeing that the feedback you give students is engaging, informative, and, above all, effective.

How to Give Effective Feedback to Your Students, Second Edition

Cambridge University Press
Making Connections offers students an early start to developing important strategies to improve their listening

comprehension.
Making Connections Low Intermediate Student's Book
Cambridge University Press
The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden

explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading

comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked,

and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring

the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

Making Connections

National Academies Press
 "For introverts who panic at the idea of networking, Wickre's book is a deep, calming breath."
 —Sophia Dembling,

author of *The Introvert's Way* Former Google executive, editorial director of Twitter, self-described introvert, and "the best-connected Silicon Valley figure you've never heard of" (Walt Mossberg, *Wall Street Journal*), offers networking advice for anyone who has ever canceled a coffee date due to social anxiety. Learn to nurture a vibrant circle of reliable contacts without

leaving your comfort zone. Networking has garnered a reputation as a sort of necessary evil. Some people relish the opportunity to boldly work the room, introduce themselves to strangers, and find common career ground—but for many others, the experience is awkward, or even terrifying. The common networking advice for introverts are variations on the theme of overcoming or

"fixing" their quiet tendencies. But Karen Wickre is a self-described introvert who has worked in Silicon Valley for thirty years. She shows you how to embrace your quiet nature and "make genuine connections that last, that we can nurture across the world for all kinds of purposes" (Chris Anderson, head of TED). Karen's "embrace your quiet side" approach is

for anyone who finds themselves shying away from traditional networking activities, or for those who would rather be curled up with a good book on a Friday night than out at a party. With compelling arguments and creative strategies, this “practical, easy-to-use” (Sree Sreenivasan, former chief digital officer of Columbia University) book is a perfect guide.

Taking the Work Out of

Networking

Heinemann Educational Books
 The Daily 5: Fostering Literacy in the Elementary Grades, Second Edition retains the core literacy components that made the first edition one of the most widely read books in education and enhances these practices based on years of further experience in classrooms and compelling new brain research. The

Daily 5 provides a way for any teacher to structure literacy (and now math) time to increase student independence and allow for individualized attention in small groups and one-on-one. Teachers and schools implementing the Daily 5 will do the following:
 Spend less time on classroom management and more time teaching Help students develop independence, stamina, and

accountability Provide students with abundant time for practicing reading, writing, and math Increase the time teachers spend with students one-on-one and in small groups Improve schoolwide achievement and success in literacy and math. The Daily 5, Second Edition gives teachers everything they need to launch and sustain the Daily 5, including materials and setup, model	behaviors, detailed lesson plans, specific tips for implementing each component, and solutions to common challenges. By following this simple and proven structure, teachers can move from a harried classroom toward one that hums with productive and engaged learners. What's new in the second edition: Detailed launch plans for the first three weeks	Full color photos, figures, and charts Increased flexibility regarding when and how to introduce each Daily 5 choice New chapter on differentiating instruction by age and stamina Ideas about how to integrate the Daily 5 with the CAFE assessment system New chapter on the Math Daily 3 structure A Year in the Life of an ESL Student Cambridge University Press The Teacher's
