The revised edition of *The Gay and Lesbian Literary Heritage* is a reader's companion to this impressive body of work. It provides overviews of gay and lesbian presence in a variety of literatures and historical periods; in-depth critical essays on major gay and lesbian authors in world literature; and briefer treatments of other topics and figures important in appreciating the rich and varied gay and lesbian literary traditions. Included are nearly 400 alphabetically arranged articles by more than 175 scholars from around the world. New articles in this volume feature authors such as Michael Cunningham, Tony Kushner, Anne Lister, Kate Millet, Jan Morris, Terrence McNally, and Sarah Waters; essays on topics such as Comedy of Manners and Autobiography; and overviews of Danish, Norwegian, Philippines, and Swedish literatures; as well as updated and revised articles and bibliographies.

**Who's who** Dundurn

On a very usual day, on a very usual school trip to Hampton Court Maze, there is a very unusually named girl called Victoriana Elizabeth Alice Royal. At least she can concentrate on history today and learn new facts as she wanders the maze. But little does Victoriana know that history will come alive for her in a way it never has before...

In the Shadow of the Dreamchild SAGE

Enjoy books three, four, and five in Stephen Lawhead's Bright Empires series! The Spirit Well The Search for the Map—and the secret behind its cryptic code—intensifies in a quest across time, space, and multiple realities. The Shadow Lamp The quest for answers—and ultimate survival—hinges on finding the cosmic link between the Skin Map, the Shadow Lamp, and the Spirit Well. The Fatal Tree It started with small, seemingly insignificant wrinkles in time: A busy bridge suddenly disappears, spilling cars into the sea. A beast from another realm roams modern streets. Napoleon's army appears in 1930s Damascus ready for battle. But that's only the beginning as entire realities collide and collapse.

Both in life and death, Queen Victoria is among the most popular monarchs to be committed to film. Her reign was characterized by an explosion in media coverage that began to rely on images rather than words to tell her story. Even though Victoria has been labeled the "first media monarch," the sheer magnitude of her screen presence has been neither chronicled nor fully appreciated

until now. This book examines the growth and evolution of Queen Victoria's on-screen image. From the satirical cartoons and silent films of the 19th century to the television shows, video games, and webcomics of the 21st, it demonstrates how the protean Victoria character has evolved, ultimately meaning many different things to many different people in many different ways. Each chapter looks at a facet of her character and includes analysis of how these media present Queen Victoria as a real person and shape her as a character acting within a narrative. The book includes a comprehensive and international filmography. *The Spirit Well, The Shadow Lamp, and The Fatal Tree* Harvard University Press

Selected as an Outstanding Academic Title by Choice Magazine, January 2010 *The Encyclopedia of Play: A Social History* explores the concept of play in history and modern society in the United States and internationally. Its scope encompasses leisure and recreation activities of children as well as adults throughout the ages, from dice games in the Roman empire to video games today. As an academic social history, it includes the perspectives of several curricular disciplines, from sociology to child psychology, from lifestyle history to social epidemiology. This two-volume set will serve as a general, non-technical resource for students in education and human development, health and sports psychology, leisure and recreation studies and kinesiology, history, and other social sciences to understand the importance of play as it has developed globally throughout history and to appreciate the affects of play on child and adult development, particularly on health, creativity, and imagination.

Pete Culler on Wooden Boats Melrose Press, Limited

By the middle of the 19th century, as scientists explored the frontiers of polar regions and the atmosphere, the ocean remained silent and inaccessible. Rozwadowski explores the scientific and cultural history of how this changed.

September 1920-August 1921 Univ of California Press

This is the first publication to examine the seascapes of John Brett

(1831 - 1902), the Pre-Raphaelite artist who devoted his later years to touring and painting the British coastline. He had a particular fondness for Wales, where he owned property and was one of the earliest artists to respond to the more remote areas of North Pembrokeshire.

*A Love Story* Routledge

A revolutionary and much-acclaimed study of the work and motives of the Alice In Wonderland author This is the most

significant biographical work on the author of Alice In Wonderland to be published in recent years, and this new edition marks the 150th anniversary of the publication of Alice's Adventures in Wonderland. Karoline Leach's study contends that Carroll was far from being emotionally—and sexually—obsessed with female children and his "muse" Alice Liddell. She tells the strange story of how the false image of Carroll came into being and how he adored—and was adored by—women of all ages and enjoyed adult relationships that would have scandalized the Victorian age in which he lived. The author gained access to unpublished evidence from the family archive, as well as letters and diaries, that led her to uncover Carroll's secret passion for another member of "Alice's" family. In *The Shadow of The Dreamchild* is a radical re-evaluation of the life and work of one of England's most mysterious literary figures, and the revised edition expands on Leach's important research.

The insights and wisdom of the late, great boat designer and builder Renowned as one of the last and best of the old-time boatbuilders, Captain R. D. "Pete" Culler provided a guiding light for the wooden boat revival in the 1970s. His designs are classic melds of elegance and utility; his workmanship was akin to artistry; and his teaching and writing a blend of clarity, good sense, insight, and humor. This book brings together the complete texts of Culler's classic works *Boats, Oars, and Rowing* and *Skiffs & Schooners*, along with articles from *The Mariner's Catalogs* and a selection of his timeless boat designs.
