One of the great observers of Australian life, Henry Lawson looms large in our national psyche. Yet at his best Lawson transcends the very bush, the very outback, the very up-country, the very pub or selector's hut he conveys with such brevity and acuity: he make specific places universal. Henry Lawson is too often regarded as a legend rather than a writer to be enjoyed. In this selection Lawson is revealed as an author whose delightful, humorous, wry and moving short stories continue to delight generations of readers. This is the essential Lawson collection - the classic of Australian classics. 'Lawson's sketches are beyond praise.' Joseph Conrad 'Lawson gets more feelings, observation and atmosphere into a page than does Hemingway.' Edward Garnett

Nicole Glover delivers the second book in her exciting Murder & Magic series of historical fantasy novels featuring Hetty Rhodes and her husband, Benji, magic practitioners and detectives living in post-Civil War Philadelphia. Nothing bothers Hetty and Benji Rhodes more than a case where the answers, motives, and the murder itself feel a bit too neat. Raimond Duval, a victim of one of the many fires that have erupted recently in Philadelphia, is officially declared dead after the accident, but Hetty and Benji's investigation points to a powerful Fire Company known to let homes in the Black community burn to the ground. Before long, another death breathes new life into the Duval investigation: Raimond's son, Valentine, is also found dead. Finding themselves with the dubious honor of taking on Valentine Duval as their first major funeral, it becomes clear that his passing was intentional. Valentine and his father's deaths are connected, and the recent fires plaguing the city might be more linked to recent community events than Hetty and Benji originally thought. The Undertakers continues the adventures of murder and magic, where even the most powerful enchantments can't always protect you from the ghosts of the past . . .

In his most powerful and provocative novel to date, master storyteller Irving Wallace turns his incomparable talents to the world of sex therapy. Erotically charged, compassionate, and suspenseful, *The Celestial Bed* explores the way people make love in postsexual-revolution America. Dr. Arnold Freeberg is a courageous, pioneering sex therapist whose dedication to his patients and the principles of his profession prompt him to step outside the law and utilize the most effective tool of all in combating sexual dysfunctions--sex surrogates. Although sex surrogates are highly trained and supervised professionals who guide, demonstrate, and teach people with low sexual self-esteem how to enjoy intimacy, according to the law in many states they are prostitutes. Driven out of Arizona, Dr. Freeberg establishes a new clinic in southern California with the help of his most experienced surrogate, beautiful young Gayle Miller, and a new male surrogate, movie-star-handsome Paul Brandon. But where Dr. Freeberg expected to be able to practice in peace, he

encounters powerful adversaries--an ambitious district attorney, a power-hungry evangelist, a duplicitous newspaper reporter, and the violently jealous psychotic boyfriend of one of his most needy patients--who would tear down his life's work, humiliate his patients, and put him and his staff on trial for pandering and prostitution. In the riveting, swiftly-paced narrative style that made him one of America's most widely read authors, Irving Wallace takes the reader behind closed doors into the private treatment rooms where sex surrogates lead their patients through the therapeutic exercises designed to bring them to sexual fulfillment. Readers will find themselves drawn into a circle of extraordinary people dedicated to repairing the sexually wounded, and come to understand the sex therapist's essential piece of wisdom--good lovemaking is first loving yourself and then learning to share that love with another.

One of the first American short story writers, Nathaniel Hawthorne is also among the finest. A sampling of his stories reads like an anthology of great literature: *My Kinsman*, *Major Molineux*; *The Celestial Railroad*; *The Minister's Black Veil*; *The Maypole of Merry Mount*; *The Birthmark*. Common to all Hawthorne's work is an intellectual, emotional, and psychological richness that may well remain unparalleled in fiction today. Indeed, as scholars learn more about history, literature, sociology, and psychology, the more they unlock secrets in Hawthorne's work. Few writers, of any generation, genre, or language have shared - or even approached - Hawthorne's lucid vision of the mind's hidden landscape. More remarkable, perhaps, was the compassion he felt for his subjects, while exploring their sin, guilt, cruelty, and arrogance. Human beings, he felt, can afford to face their flaws because they have the capacity to grow beyond them. Even his peers acknowledged his place in literary history: D. H. Lawrence called Hawthorne "the American wonder-child with his magical, allegorical insight"; Henry James wrote an entire book of criticism about him; and Herman Melville, in deference to Hawthorne's "great power of blackness," dedicated *Moby Dick* to his friend and neighbor. Nancy Bunge investigates the whole of Hawthorne's short fiction canon, including a number of the less celebrated stories. Her specific and detailed analyses include fresh commentaries on Hawthorne's lush and demanding fiction, including observations afforded by the moral, social, and historical interpretations of the stories. Many of her theories are not found in the extant body of criticism, and still others take the general patterns of critical interpretation to new levels. Bunge's thorough inspection also sheds light on the relation of the fiction to Hawthorne's own biography, including his Puritan roots.

Grand Central The Celestial Railroad and Other Stories

The short fiction of a writer who helped to shape the course of American literature. With a determined commitment to the history of his native land, Nathaniel Hawthorne revealed, more incisively than any writer of his generation, the nature of a distinctly American consciousness. The pieces collected here deal with essentially American matters: the Puritan past, the Indians, the Revolution. But Hawthorne was highly - often wickedly - unorthodox in his account of life in early America, and his precisely constructed plots quickly engage the reader's imagination. Written in the 1820s, 30s, and 40s, these works are informed by themes that reappear in Hawthorne's longer

works: *The Scarlet Letter*, *The House of the Seven Gables* and *The Blithedale Romance*. And, as Michael J. Colacurcio points out in his excellent introduction, they are themes that are now deeply embedded in the American literary tradition.

This volume provides a comprehensive overview of Nathaniel Hawthorne and demonstrates why he continues to be a critically significant figure in American literature. The first section focuses on Hawthorne's interest in and knowledge of past (Puritan and colonial) and contemporary nineteenth-century history (women's, African American, Native American) as the inspiration for his writings and the source of his literary success. The second section explores his fascination with social history and popular culture by examining topics as mesmerism, utopian life styles, theatrical performances, and artistic innovations. The third section looks at how Hawthorne succeeded and excelled in the literary marketplace, as an author of children's literature, literary sketches, and historical romances. In the fourth section, Hawthorne's literary precursors, peers, colleagues, and successors are analyzed. In the final section, Hawthorne's attachment to family, nature, and home is examined as the source of creative inspiration and philosophical questing.

"Inhabiting four lives--a railroad baron's valet who unwittingly ignites an explosion in Chinese labor, Hollywood's first Chinese movie star, a hate-crime victim whose death mobilizes Asian Americans, and a biracial writer visiting China for an adoption--this novel captures over a century of our history through the immigrant family experience"--

Starting from Hawthorne's statement that his works are attempts to open an intercourse with the world, Kenneth Dauber examines them to see how they serve as acts of communication. Thus his investigation of a major American writer studies Hawthorne as a craftsman, explores the conditions under which various interpretations of literature are possible, and lays the foundation for a new theory of genres. The author begins with a brief history of American criticism from the rediscovery of classic American letters to the present. He traces the development of historicism and formalism as the two major strains of native critical thought and demonstrates their specific limitations in connection with a study of Hawthorne's allegory. By redefining literature according to Hawthorne's work and reexamining the role of the critic in view of the circumstances of American letters, Professor Dauber is able to propose a native poetics. Central to the author's theory is the concept of genre as a pre-existing structure with which Hawthorne battled and through which he sought communion. This ambivalence is analyzed in chapters on the four novels and selected stories. Originally published in 1977. Paris. The name alone conjures images of chestnut-lined boulevards, sidewalk cafés, breathtaking façades around every corner--in short, an exquisite romanticism that has captured the American imagination for as long as there have been Americans. In 1995, Adam Gopnik, his wife, and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light. Gopnik is a longtime New Yorker writer, and the magazine has sent its writers to Paris for decades--but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful. It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens, to enjoy a croque monsieur in a Left Bank café--a child (and perhaps a father, too) who would have a grasp of that Parisian sense of

style we Americans find so elusive. So, in the grand tradition of the American abroad, Gopnik walked the paths of the Tuileries, enjoyed philosophical discussions at his local bistro, wrote as violet twilight fell on the arrondissements. Of course, as readers of Gopnik's beloved and award-winning "Paris Journals" in *The New Yorker* know, there was also the matter of raising a child and carrying on with day-to-day, not-so-fabled life. Evenings with French intellectuals preceded middle-of-the-night baby feedings; afternoons were filled with trips to the Musée d'Orsay and pinball games; weekday leftovers were eaten while three-star chefs debated a "culinary crisis." As Gopnik describes in this funny and tender book, the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys--both hold new routines, new languages, a new set of rules by which everyday life is lived. With singular wit and insight, Gopnik weaves the magical with the mundane in a wholly delightful, often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century. "We went to Paris for a sentimental reeducation-I did anyway-even though the sentiments we were instructed in were not the ones we were expecting to learn, which I believe is why they call it an education."

Excerpt from *The Celestial Railroad* Hawthorne's bright and witty parody upon Bunyan's immortal allegory, "The Pilgrim's Progress," first appeared in the *Democratic Review*. The satire was so keen and witty and at the same time so genial in tone, that it was republished by the American Sunday-school Union a few months after its first appearance under the title "A Visit to the Celestial City." Hawthorne's name was not attached to it. He was not then widely known as an author. As one of his biographers says of him at this period, "He wrote stories and published them in magazines, but nobody knew who wrote them. ...For a long time it was supposed they were written by a woman." About three years after the story was issued by the Union, it was reprinted in a London edition of "Mosses from an Old Manse," and four years later still in an American edition of the same book. Not a great while ago, passing through the gate of dreams, I visited that region of the earth in which lies the famous City of Destruction. It interested me much to learn that by the public spirit of some of the inhabitants a railroad has recently been established between this populous and flourishing town and the Celestial City. Having a little time upon my hands, I resolved to gratify a liberal curiosity by making a trip thither. Accordingly, one fine morning after paying my bill at the hotel, and directing the porter to stow my luggage behind a coach, I took my seat in the vehicle and set out for the station-house. It was my good fortune to enjoy the company of a gentleman-one Mr. Smooth-it-away-who, though he had never actually visited the Celestial City, yet seemed as well acquainted with its laws, customs, policy, and statistics, as with those of the City of Destruction, of which he was a native townsman. Being, moreover, a director of the railroad corporation and one of its largest stockholders, he had it in his power to give me all desirable information respecting that praiseworthy enterprise.
