Harvard Business School Marriott Corporation Harvard Business School Marriott Corporation Marriott Corp.'s chairman and CEO must decide whether to recommend a restructuring of the company to the board of directors. The proposal he is considering would split the Marriott Corp., a premier hotel developer, owner, and manager, into two separate companies by a stock dividend to shareholders. One of the new companies would contain most of Marriott Corp.'s profitable management operations ... Marriott Corporation (A) -

Case - Harvard Business School Deals with the decision of whether to split Marriott into two companies Marriott International and Host Marriott. Marriott has run into problems owing to the decline in real estate valuation. At the time of the case, it has a significant percentage of assets in hotels it planned to sell. The problem makes it difficult for Marriott to pursue growth strategies. Marriott Corporation - Harvard Business School Gives students the opportunity to explore how a company uses the Capital Asset Pricing Model (CAPM) to compute the cost of capital for each of its divisions. The use of Weighted Average Cost of Capital (WACC) formula and the mechanics of applying it are stressed. Marriott

Corporation: The Cost of Capital (Abridged ...Marriott Corporation: The Cost of Capital. Abstract. Presents recommendations for hurdle rates of Marriott's divisions to select by discounting appropriate cash flows by the appropriate hurdle rate for each division. Cost of Capital; ; ... Harvard Business School ...Marriott Corporation: The Cost of Capital - Case - Harvard ...Marriott is considering the repurchase of ten million shares. This is apparently at odds with the financial policies that the Board of Directors passed two years earlier. Students must discuss why the policies were passed and why changes are now necessary. Includes a discussion of debt policy, financing policy and dividend policy. Students also discover stock is currently undervalued.
