7 Almighty Mathematics For Business And Personal Finance ... Mathematics For Business And Personal
 7 Mathematics For Business And Personal Finance . 1. The Finance Twins – Personal Savings Rate . Your personal savings rate is easy to calculate, but its impact is profound. To calculate your personal savings rate you simply need to divide the amount of money you were able to save or invest over a period of time (typically monthly or annually) and divide it by your take-home pay over the period of time.
