Does fear and insecurity
keep you from looking at

your bank account? Is your financial anxiety holding you captive? You don't have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had—vacations, birthday parties, a house full of furniture—and felt ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when

her feelings began to exhaust her, she binge-shopped, reasoning that she'd feel better after a trip to the mall. On the day she needed to pay for a McDonald's ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society's expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that

didn't serve her values or goals, her financial plan wrote itself. Now, she's not only living debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she's taught millions as the founder of The Budget Mom, she shares a step by step plan for taking control back over your financial life—regardless of your

level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use your emotions to your financial advantage, instead of letting them control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future,

instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health—to let go of deprivation and embrace desire. Love's paradigm-shifting system will teach you how to honor your unique personal values, driving emotions, and particular needs so that you can stop worrying about money and start living a financially fulfilled life. *LIFE* Hay House, Inc Bring your big day to life without breaking the bank Congratulations! Getting

married is a thrilling time and a major milestone—but you might be overwhelmed at how much there is to do and how much it's going to cost. This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of

the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?”, *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual

level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. My New Roots draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious food. She is a "whole food

lover," a cook who makes simple accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels--they are about enjoying

delicious food that's also good for you.

The Healthy Love and Money Way

Simon and Schuster

After learning how to curb her spending habits, Lauren Greutman shares her hard-earned knowledge on how to get out of debt and live without the financial pressures that many people face today. Millions of Americans today are near financial disaster—spending more money than they are bringing in, and losing control of their money.

Lauren Greutman knows how that feels. For years, she struggled with too many bills to pay and not enough money to pay them. When Lauren found herself drowning in debt, she finally faced her extreme spending habits and took action. In *The Recovering Splender*, Lauren shares her story and offers advice that is based on the many strategies she developed to change her own life and bring her family budget back to black. Lauren shows her readers, step-by-step, how to get

rid of bad money habits, pay down debt, and stay within a budget. Some of the action chapters in the book are: Take an Inventory of Your Spending Declutter Your Finances Do an Expense Audit Curb Your Spending and Define Your Values Lauren exchanged the overrated, stressed-out American dream for a new one—a happier life filled with family, friends, and financial freedom—and now you can do the same! [Everybody's](#) Hachette UK Talking about money sucks; but so does being

broke. Do your eyes glaze over just thinking about the mumbo-jumbo of finance? Do you break out into hives at the thought of money? Well, sister, you are not alone. In RICH BITCH, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences, mistakes and all, of getting her own finances in order. No lecturing, just help from a friend. And even though money is typically an off-limits conversation, nothing is off-limits here. Lapin rethinks every piece

of financial wisdom you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. But in order to do that, you have to be able

to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, RICH BITCH rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It's time to go after the rich life you deserve, and confident enough to call yourself a RICH BITCH.
