The objects are primarily representative of the 20 th and 21 st centuries, although objects dating as far back as 290 BCE (a bronze coin with the head of Alexander the Great) are displayed. While many people visiting this exhibition are likely to view propaganda negatively, the objects are not ...[British Library - Propaganda: Power and Persuasion ...](#) Description of the book "Propaganda: Power and Persuasion": Propaganda is all around us, used to promote a sense of

common cause and belonging, change behaviour or influence ideas, as well as to mislead, deceive, even destroy. Perhaps the greatest and most sophisticated exponent of propaganda is the modern state.

Jude explained that propaganda has been around for centuries and has been used by governments and rulers from Roman times, to Napoleon and right through to the modern day. The term was invented by the Catholic Church in the Middle Ages, and originated from the idea of 'propagating' messages, but it now has a negative connotation, and has been replaced by the softer term 'public relations'.
