Get the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX-RN® examination. Written by the foremost experts in maternity and pediatric nursing, the user-friendly *Maternal Child Nursing Care*, 6th Edition provides both instructors and students with just the right amount of maternity and pediatric content. This new edition includes updated case studies within Nursing Care Plans, as well as a new chapter on pediatric cancer. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Critical thinking case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Nursing Care Plans include rationales for interventions and provide you with an overview and specific guidelines for delivering effective nursing care. Nursing Alerts highlight critical information that you need to know when treating patients. Guidelines boxes outline nursing procedures in

an easy-to-follow format. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes in the maternity unit highlight important information nurses need to communicate to patients and families. Cultural Competence boxes equip you with the knowledge you need to deliver culturally competent care. Family-Centered Care boxes draw attention to the needs or concerns of families that you should consider to provide family-centered care. Medication Guides serve as an important reference of drugs and their interactions.

Advanced Health Assessment and Differential Diagnosis Elsevier Health Sciences

Incorporating the latest test plan, HESI/Saunders Online Review for the NCLEX-RN® Examination, 3rd Edition provides a unique comprehensive review experience with the convenience and interactivity of an online format. Perfect for students looking for a self-paced study tool, it features key nursing content organized by NCLEX Client Needs to prepare you for the NCLEX examination. A diagnostic pre-test taken at the beginning of the course provides you with a study calendar to guide you through the content modules. Each module is followed by a quiz to determine your mastery of the content. A comprehensive exam

at the end of the course gives you a breakdown of your strengths and weaknesses. Plus, videos simulate a live review experience and help to clarify difficult concepts.

NCLEX Review 4000 W B Saunders Company

Increase your awareness and understanding of a holistic view of mental health care with this book for nurses and other health care professionals. Each chapter covers a specific psychological or psychosocial problem as well as the most current interventions and treatments. This edition features full-color illustrations, updated drug information, and a chapter on complementary and alternative therapies, in addition to more case studies to help you apply the content to real life. This solid background in mental health is just what you need to work comfortably with clients who exhibit both effective and maladaptive behaviors.

Multidisciplinary care plans for sample clients show how members of the health care team work together. Client-specific case studies highlight particular mental disorders and help you apply chapter content to real-life situations. “Think About boxes throughout the text strengthen your critical-thinking skills.

UNIQUE “Drug Alert boxes highlight what you need to know about a wide range of specific psychotherapeutic medications. UNIQUE Standard LPN full-color design and “Content Threads point out key information and special features in each chapter, consistent with the format of other books in the LPN Threads series.

Appendixes give you easy access to mental health care standards, DSM-IV TR diagnoses, and assessment tools that are essential for providing quality care. FREE workbook at the end of the book includes crossword puzzles, multiple-choice questions, and other exercises to boost your comprehension of the material.

FULL-COLOR illustrations make the text even more visually appealing and user-friendly. Additional case studies help you apply chapter content to more real-life scenarios such as chronic illness and substance abuse with accompanying questions to test your critical-thinking skills. Chapter on complementary and alternative therapies increases your awareness of the benefits and risks of alternative therapies such as ayurveda, herbal supplements, massage, meditation, acupuncture, and telemedicine. Forensic nursing content familiarizes you with the prevention and treatment of violence-based disorders and shows you how to obtain and document evidence for legal purposes. NEW antianxiety and antimanic drug information keeps you up-to-date on the latest psychotropic medications.

Prioritization, Delegation, and Assignment Test Prep Books

The NCLEX-PN exam is not just about what you know—it’s about how you think. Kaplan’s NCLEX-PN Prep Plus 2018 uses expert critical thinking strategies and targeted sample questions to help you put your expertise into practice and ace the exam! The NCLEX-PN exam tests how you’ll apply the medical knowledge you’ve gained in real-life situations. Six chapters end with practice sets to help you put these critical thinking principles into action. Get everything in the NCLEX-PN Prep 2018 package, plus one more practice test online, additional practice questions, 60 minutes of video tutorials, and a digital copy of the book. With NCLEX-PN Prep Plus 2018 you can study on-the-go. Log in from anywhere to watch video tutorials, review strategies, and take your online practice test. Proven

Strategies. Realistic Practice. * 9 critical thinking pathways to break down what exam questions are asking * 6 end-of-chapter practice sets to help you put critical thinking principles into action * 2 full-length practice tests to gauge your progress—one in the book, one online * Detailed rationales for all answer choices, correct and incorrect * Techniques for mastering the computer adaptive test format Expert Guidance * In-depth content review, organized along the exam's "Client Needs" framework * 60 minutes of video tutorials on the ins and outs of the NCLEX-PN * Kaplan's Learning Engineers and expert psychometricians ensure our practice questions and study materials are true to the test. * We invented test prep—Kaplan (www.kaptest.com) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams.

HESI A2 Study Guide 2020-2021 Lippincott Williams & Wilkins
This unique review book organizes questions according to Client Needs, the areas covered in the latest NCLEX examination test plan. Rationales are provided for all answer choices, plus test-taking strategies, and references to Elsevier nursing textbooks. This review includes many critical thinking and alternate item formats, plus a comprehensive exam consisting of 300 questions.

Dewit's Medical-surgical Nursing Test Prep Books

Geared to LPNs/LVNs, this quick-reference pocket book provides an easy-to-understand guide to ECG interpretation and features over 200 clearly explained ECG rhythm strips. Following a refresher on relevant cardiac anatomy, physiology, and electrophysiology, the book presents the 8-step method for reading any rhythm strip. Subsequent chapters explain various cardiac rate and rhythm abnormalities, including sinus node

arrhythmias, atrial arrhythmias, junctional arrhythmias, ventricular arrhythmias, and atrioventricular blocks. Arrhythmias are covered in a consistent format—causes, significance, ECG characteristics, signs and symptoms, and interventions. Coverage also includes ECG characteristics of disorders, drugs, pacemakers, and implantable cardioverter-defibrillators and a chapter on basic 12-lead electrocardiography.

Saunders Q&A Review Cards for the NCLEX-PN Examination
Elsevier Health Sciences

Atlas of Clinical Gross Anatomy uses over 500 incredibly well-executed and superb dissection photos and illustrations to guide you through all the key structures you'll need to learn in your gross anatomy course. This medical textbook helps you master essential surface, gross, and radiologic anatomy concepts through high-quality photos, digital enhancements, and concise text introductions throughout. Get a clear understanding of surface, gross, and radiologic anatomy with a resource that's great for use before, during, and after lab work, in preparation for examinations, and later on as a primer for clinical work. Learn as intuitively as possible with large, full-page photos for effortless comprehension. No more confusion and peering at small, closely cropped pictures! Easily distinguish highlighted structures from the background in each dissection with the aid of digitally color-enhanced images. See structures the way they present in the anatomy lab with specially commissioned dissections, all done using freshly dissected cadavers prepared using low-alcohol fixative. Bridge the gap between gross anatomy and clinical practice with clinical correlations throughout. Master anatomy efficiently with one text covering all you need to know, from

surface to radiologic anatomy, that's ideal for shortened anatomy courses. Review key structures quickly thanks to detailed dissection headings and unique icon navigation. Access the full text and self assessment questions at studentconsult.com. Get a clear understanding of the human body through surface, gross and radiologic anatomy all in one place.

Medical-surgical Nursing Made Incredibly Easy! W B Saunders Company

A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales -- including more than 600 questions in the newest alternate item formats -- are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included.
