Study! Organize! Succeed! Our S.O.S Editions for The American People: Creating a Nation and a Society, 6/e, Volumes I and II offers a personalized study and review system that helps students examine the creation and development of the American nation and American society, save time studying, and perform better on exams. Our well-rounded program includes a paperback text with built-in, perforated Practice Tests, live tutoring assistance from our Tutor Center service, and access to our diagnostic testing and review system. Designed specifically to help enhance performance, this S.O.S. Edition's diagnostic testing system gauges students' prior knowledge of content and creates a unique customized study plan to help each student pinpoint exactly where additional study and review is needed. Students can follow the plan as a guide to focus their efforts and improve upon their areas of weakness with one-on-one assistance from our qualified tutors and/or by utilizing the printed Practice Tests. Additional testing features in this program help students assess their progress with the textbook material to reach their ultimate goal of success in your course. seamlessly weaves together the rich and complex story of the creation and development of the American nation and American society. With the addition of the S.O.S. Edition tools, it's a powerful combination to help your students test with confidence--and complete your course with greater comprehension and higher grades.

The American Nation The New Press

An illuminating history of North America's eleven rival cultural regions that explodes the red state-blue state myth. North America was settled by people with distinct religious, political, and ethnographic characteristics, creating regional cultures that have been at odds with one another ever since. Subsequent immigrants didn't confront or assimilate into an "American" or "Canadian" culture, but rather into one of the eleven distinct regional ones that spread over the continent each staking out mutually exclusive territory. In *American Nations*, Colin Woodard leads us on a journey through the history of our fractured continent, and the rivalries and alliances between its component nations, which conform to neither state nor international boundaries. He illustrates and explains why "American" values vary sharply from one region to another. Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how intranational differences have played a pivotal role at every point in the continent's history, from the American Revolution and the Civil War to the tumultuous sixties and the "blue county/red county" maps of recent presidential elections. *American Nations* is a revolutionary and revelatory take on America's myriad identities and how the conflicts between them have shaped our past and are molding our future.

Lesson planner Addison Wesley Publishing Company

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

The American Nation Prentice Hall

A textbook for United States history from earliest Indian civilizations to the present, with maps, charts, activities, study questions, and review chapters.

The American Nation Pearson

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Survey Student Edition with Reading and Vocabulary Study Guide Pearson College Division

This lively survey ranges across several centuries of change in the ways historians have thought and written about religion in America. In particular, John F. Wilson is concerned with how historians have perceived religion's relationship to the political organization of our country. He begins by establishing the genesis of religion as a specialized area of American history in the nineteenth century, and then discusses religious history's development through the early 1970s. Along the way he considers topics ranging from the "long shadow" the Puritans have cast over our comprehension of religion in American history to the ascendancy of such institutions as the University of Chicago as systematizing forces in religious scholarship. Wilson then discusses how scholars, since the early 1970s, have sought to ground their accounts of American religious trends and events in ways that either avoid or transcend references to Puritanism. The rise of comparative religious histories, Wilson notes, has been the welcome outcome. Moving into the present, Wilson explores a range of behaviors, if not beliefs, that might be understood as religious aspects of American life, and looks at how the spiritual or religious dimensions of American cultural life have been expressed in gnosticism, the mass media, and consumerism. One commentator, Wilson notes, suggested that there are no longer any religions as such in America today, but only religious "brands." Wilson himself sees America as a place where there is room for Old World traditions and new spiritual initiatives, a modern nation remarkably hospitable to ancient preoccupations.

Civil War-Present Student Edition with Reading and Vocabulary Study Guide Prentice Hall

The American Nation Why study history?.

A textbook for United States history from earliest Indian civilizations to the present, with maps, charts, activities, study questions, and review chapters.

The American Nation Prentice Hall

Prentice Hall America: A History of Our Nation is a multiple media program designed to engage today's students in the exciting story of our nation's past. Built around meeting the way you teach and the way your students learn, the program provides different pathways into the content for all levels and types of learners, while providing cutting-edge teacher support developed to provide a "wow!" factor at each stage of instruction. The program is built around Essential Questions designed to stimulate conversation, emphasize source analysis, hands-on learning, and critical thinking with a goal of helping students to achieve an enduring understanding of America's past. Authors James West Davidson, Michael B. Stoff, and Grant Wiggins, co-author of *Understanding by Design*, focus on the "why" of history--helping students make meaning of what happened long ago and why it remains important to us today. The Beginnings to 1914 Edition was developed specifically for courses covering up to the years prior to the United States entry into World War I.

History of Our Nation : Beginnings Through 1877 PRENTICE HALL

These audio CDs accompany your social studies textbook. There is approximately one chapter per CD. The CDs provide a select reading of the chapters, including the chapter opener and main text. By using these CDs, students can gain a clear command of the content of the textbook while improving their language skills. The audio CDs may benefit many different students: those who are auditory learners, those who have difficulty reading and those with limited English proficiency. The recordings may be used to learn the material, as the students follow the text while they listen. The CDs may also be used to review the information, as many auditory learners remember material after hearing it once or twice. Students are able to control the pace by pausing the CD whenever they need time to absorb what they have heard and replay important passages. Listening to the CD will also improve students' speaking and listening skills. As students gain content knowledge and improve reading comprehension, they will also gain confidence to participate in class discussions. Listening to and reading the text simultaneously will help students focus their attention. Hearing the text read to them will help students learn the correct pronunciation of unfamiliar names and terms. Overall, listening to the recordings will help to instill systematic study habits. It will help establish the routine of previewing, reading, and reviewing. -- guide (p.2).
