In the updated second edition of Whipping Girl, Julia Serano, a transsexual woman whose supremely intelligent writing reflects her background as a lesbian transgender activist and professional biologist, shares her powerful experiences and observations—both pre- and post-transition—to reveal the ways in which fear, suspicion, and dismissiveness toward femininity shape our societal attitudes toward trans women, as well as gender and sexuality as a whole. Serano's well-honed arguments and reputation as a thought-leader stem from her ability to bridge the gap between the often-disparate biological and social perspectives on gender. In this provocative manifesto, she exposes how deep-rooted the cultural belief is

that femininity is frivolous, weak, and passive, and how this “feminine” weakness exists only to attract and appease male desire. In addition to debunking popular misconceptions about transsexuality, Serano makes the case that today's feminists and transgender activists must work to embrace and empower femininity—in all of its wondrous forms.

While there she hopes to write an article about the Ice House restaurant, owned by good friends and neighbors, siblings Ruby and Garnet Redmond. Once an actual icehouse, the restaurant is charmingly decorated with antique tools of the trade, including a collection of ice picks. One night, while working on her article, Jaymie overhears an argument and, ever the sleuth, sets out to explore. But when she stumbles upon a dead body her blood runs cold. It's Urban Dobrinski, whose feud with the Redmonds is no secret, and he's got an ice pick through his heart. Now Jaymie's

NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the National Book Critics Circle Award and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving

relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with

his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

This volume examines what and how the media teach, to and by whom, and for what purpose, in a rapidly shifting milieu of media content, platforms, and relations. While intimately concerned

with education, authors move the discussion beyond the setting of formal schooling to uncover the ways in which the media contribute to individual and collective understandings of self and other, and their relations to society and communities in which they move. In doing so, the text encourages readers to transcend exclusionary discussions of citizenship to consider participation in local and global geographies against a neoliberal backdrop that marginalizes those unable to, unwilling to, and excluded from competing in the free market. Contributors extend their deliberations back to formal school settings to reaffirm pedagogies that rediscover the reading of texts—broadly defined—in the world through multimodalities. In this sense, the text

strives to be transdisciplinary, and is appropriate for use in multiple disciplines and fields of study.

In the summer of 2010, Ragan Fox was one of twelve people selected to participate in the twelfth season of CBS's reality program *Big Brother*. The show heightens everyday life performance to a theatrical state where houseguests' performances, no matter how humdrum, are turned into televisual entertainment and commodity. Offering a rare, autobiographical, and behind-the-scenes peek behind *Big Brother*'s curtain, Fox provides a scholarly account of the show's casting procedures, secret soundstage interactions, and viewer involvement, while investigating how the

program's producers, fans, and players theatrically render identities of racial and sexual minorities. Using autoethnography, textual analysis, and spectator commentary as research, Fox reflects on and critiques how identity is constructed on reality television, and the various ways in which people from historically oppressed groups are depicted in mass media.

The media strongly influences our everyday notions of gender roles and our concepts of gender identity. The Encyclopedia of Gender in Media critically examines the role of the media in enabling, facilitating, or challenging the social construction of gender in our society. The work addresses a variety of entertainment and news content in print and electronic media and explores the social construction of masculinity as well as femininity. In addition to representations of gender within the media, we also analyze gender issues related to media ownership and the

media workforce. Despite an abundance of textbooks, anthologies, and university press monographs on the topic of gender in media, until now no comprehensive reference work has tackled this topic of perennial interest in student research and papers. Features and benefits: 150 signed entries (each with Cross References and Further Readings) are organized in A-to-Z fashion to give students easy access to the full range of topics within gender in media. A thematic Reader's Guide in the front matter groups related entries by broad topical or thematic areas to make it easy for users to find related entries at a glance, with themes including "Discrimination & Media Effects," "Media Modes," "New Media," "Media Portrayals & Representations," "Biographies," and

more. In the electronic version, the Reader's Guide combines with a detailed Index and the Cross References to provide users with robust search-and-browse capacities. A Chronology in the back matter helps students put individual events into broader historical context. A Glossary provides students with concise definitions to key terms in the field. A Resource Guide to classic books, journals, and web sites (along with the Further Readings accompanying each entry) helps guide students to further resources for their research journeys. An Appendix provides users with a number of reports related to gender in media.

Whitey Bulger is gone from Boston, but

Bench McCarthy is here to take his place. Bench McCarthy is a thug's thug, a hitman, an underworld jack-of-all-trades running his own mob out of Winter Hill in Somerville while simultaneously handling "wet work" for Sally Curto, a half-demented, totally obscene mob boss. After years of gangland peace, Bench and Sally suddenly find themselves clay pigeons for unknown hit crews coming at them from every direction. The motives are as murky as the hitmen themselves, but all roads seem to lead back to the State House, where corrupt pols are battling over a bill to legalize billions of dollars' worth of new casinos. In order to stay alive as he puts an end to the uprising, the wisecracking Bench must set aside his objections and enlist the help of Jack

Reilly, a dodgy ex-cop turned private investigator. The hunter has become the hunted. Killers is a thrilling ride through the dark underbelly of Boston crime and politics that could only have been written by the man novelist James Ellroy calls "the Bacon-Banging Boston Bossman"-Howie Carr, the newspaper columnist on whom Whitey Bulger first put out a contract and then called as a defense witness during his 2013 murder trial in Boston. After the young South African athlete Caster Semenya won the 800m title at the 2009 World Championships she was obliged to undergo gender testing and was temporarily withdrawn from international competition. The way that this controversy unfolded represents a rich and multi-layered example of the construction of gender in wider society and the interrelationships between sport, culture and the media. This is the first

book to explore the case in depth, from socio-cultural, ethical and legal perspectives. Analysing what came to be called "the Caster Semenya Case" in a comprehensive and multi-disciplinary fashion, and covering issues from media discourses and the rhetoric and regulations of the sport's governing bodies to the reaction of the athlete herself, the book explores the ethics of how gender norms in sport, and in society more generally, are constructed through appearance, behaviour and sporting performance. This 2009 controversy can be taken as an indicator of the tensions of the time, and served as a link between medical sciences, society and gender. Including discussions of key concepts such as 'intersex', 'body norms', and 'fairness',

Gender Testing in Sport is fascinating and important reading for anybody with

an interest in sport studies, gender studies or biomedical ethics.
