"This is the colorful and dramatic biography of two of America's most

controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain."--Jacket.

Bestselling author David Gessner's wilderness road trip inspired by America's greatest conservationist, Theodore Roosevelt, is "a rallying cry in the age of climate change" (Robert Redford). "Leave it as it is," Theodore Roosevelt announced while viewing the Grand Canyon for the first time. "The ages have been at work on it and man can only mar it."

Roosevelt's pronouncement signaled the beginning of an environmental fight that still wages today. To reconnect with the American wilderness and with the president who courageously protected it, acclaimed nature writer and New York Times bestselling author David Gessner embarks on a great American road trip guided by Roosevelt's crusading environmental legacy. Gessner travels to the Dakota badlands where Roosevelt awakened as a naturalist; to Yellowstone, Yosemite, and the Grand Canyon where Roosevelt escaped during the grind of his reelection tour; and finally, to Bears Ears, Utah, a monument proposed by Native Tribes that is currently embroiled in a national conservation

fight. Along the way, Gessner questions and reimagines Roosevelt's vision for today's lands. "Insightful, observant, and wry," (BookPage) *Leave It As It Is* offers an arresting history of Roosevelt's pioneering conservationism, a powerful call to arms, and a profound meditation on our environmental future. [Meditations on the Lord's Prayer](#) Pittsburgh : Westinghouse With a balance of wisdom, candor, and scholarly rigor the beloved archbishop emeritus of Philadelphia takes on life's central questions: why are we here, and how can we live and die meaningfully? In *Things Worth Dying For*, Chaput delves richly into our yearning for God, love, honor, beauty, truth, and immortality. He reflects on our modern appetite for consumption and individualism and offers a penetrating analysis of how we got here, and how we can look to our roots and our faith to find purpose each day amid the noise of competing desires. Chaput examines the chronic questions of the human heart; the idols and false flags we create; and the nature of a life of authentic faith. He points to our longing

to live and die with meaning as the key to our search for God, our loyalty to nation and kin, our conduct in war, and our service to others.

Ultimately, with compelling grace, he shows us that the things worth dying for reveal most powerfully the things worth living for.
