Schuster

Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is

nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. "Girl, Interrupted meets Speak."—Refinery29 "A dark yet powerful read."—Paste Magazine "One of the most affecting novels we have read."—Goop "Breathtaking and beautifully written."—Bustle

"Intimate and gritty."—The Irish Times And don't miss Kathleen Glasgow's newest novel *How to Make Friends with the Dark*, which Karen M. McManus, the New York Times bestselling author of *One of Us Is Lying*, calls "rare and powerful."

**Make 10 Giant Models That Move!** Harper Collins

Discover how to turn a simple square of paper into something incredible with this step-by-step guide to making beautiful origami models - from funky boats and gift boxes, to amazing animals and super-stylish fashion outfits. The perfect book for paper-folding fanatics aged 8 and above.

**Paper Models That Move** Courier Dover Publications

Make fun and functional origami out of your spare paper with this easy origami book. Don't dump your wastepaper into the garbage—it's time to fold! World renowned origami artists and award-winning

authors Michael G. LaFosse and Richard L. Alexander show you the way with Trash Origami. This origami book presents unique and fun projects from their Origamido Studio and from some of the world's best paper designers, including Nick Robinson, Herman Van Goubergen, and Rona Gurkewitz. The origami models are presented for the reader who may have little or no previous folding experience, making it a great origami-for-kids book and an effective way to learn origami. However, experienced paper folders will also be intrigued by the novel nature of the folds and the unusual materials involved. The origami designs are made from old calendar pages, candy wrappers, envelopes, newspaper, postcards, paper grocery bags and more. The downloadable video tutorial will make the folding process clearer and aid folders of all skill levels. Also provided is a guide to everyday materials that have the most folding potential leaving readers inspired to design and display their very own "trash" origami. This origami book features: Full-color, 95 page instructional book

25 unique origami projects Projects from top paper folding designers Clear, step-by-step directions Paper folding techniques and tips Accompanying downloadable instructional video Get ready to look at the contents of your wastebaskets and recycling bins with a different sensibility. You'll never need to buy expensive origami paper again! Origami projects include: Photo Cubes Candy Wrapper Butterflies Interlocking Flower Petals Custom-Bound Books And many more...

**Machines that Move, Drawings that Light Up, and Wearables and Structures You Can Cut, Fold, and Roll**

Crowood  
Four working models to cut out and glue together. If you like making working models, then you will be delighted with this collection. The Runabout Train follows its track through the tunnel and the Busybuzzy bees buzz about in a rather random and beelike fashion. The Hare and the Tortoise race to a very close finish, and the Owl and the Pussycat set off in their peagreen boat. All of them make use of different mechanisms and

the collection is a fine display of ingenious and colourful paper engineering.

Harry Potter Paper Models  
Pearson UK

Designing and making successful automata involves combining materials, mechanisms and magic. Making Simple Automata explains how to design and construct small scale, simple mechanical devices made for fun. Materials such as paper and card, wood, wire, tinplate and plastics are covered along with mechanisms - levers and linkages, cranks and cams, wheels, gears, pulleys, springs, ratchets and pawls. This wonderful book is illustrated with examples throughout and explains the six golden rules for making automata alongside detailed step-by-step projects. Magic - an unanalyzable charm, a strong fascination so that the whole is more than the sum of its parts. Superbly illustrated with 110 colour photographs with examples and detailed step-by-step projects.

Automata Too Maker Media, Inc.

Bring these fascinating dinosaurs to life by assembling them into 3-D models! Follow the step-by-step illustrated

instructions to create 24 of the coolest dinosaurs you've ever seen for play and display! Sturdy paper is perforated and scored for convenience. No cutting necessary! Just punch out the shapes, fold, and glue!

*The Science of Adolescent Risk-Taking* Springer

Nature

Karakuri will introduce kids to the Japanese art of making movable models out of paper. They will learn how to make a frog that hops, a gymnast that swings, and more! Easy-to-follow instructions accompanied by how-to photos keep projects accessible for readers brand-new to paper art. The captivating creations are sure to appeal to young crafters everywhere. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

*ECEL2015-14th European Conference on e-Learning*, Thunder Bay Press

Patterns and instructions for creating four models. *How to Make Mechanical Paper Models That Move* Delacorte Press

The struggle of three brothers to stay together after their parent's death and their quest for

identity among the conflicting values of their adolescent society. *Trash Origami* Macmillan This report from the Committee on Military Nutrition Research reviews the history of caffeine usage, the metabolism of caffeine, and its physiological effects. The effects of caffeine on physical performance, cognitive function and alertness, and alleviation of sleep deprivation impairments are discussed in light of recent scientific literature. The impact of caffeine consumption on various aspects of health, including cardiovascular disease, reproduction, bone mineral density, and fluid homeostasis are reviewed. The behavioral effects of caffeine are also discussed, including the effect of caffeine on reaction to stress, withdrawal effects, and detrimental effects of high intakes. The amounts of caffeine found to enhance vigilance and reaction time consistently are reviewed and recommendations are made with respect to amounts of caffeine appropriate for maintaining alertness of military personnel during field operations. Recommendations are

also provided on the need for appropriate labeling of caffeine-containing supplements, and education of military personnel on the use of these supplements. A brief review of some alternatives to caffeine is also provided.

### **Workshop Report**

Morgan & Claypool Publishers

Adolescence is a time when youth make decisions, both good and bad, that have consequences for the rest of their lives. Some of these decisions put them at risk of lifelong health problems, injury, or death. The Institute of Medicine held three public workshops between 2008 and 2009 to provide a venue for researchers, health care providers, and community leaders to discuss strategies to improve adolescent health.

*Caffeine for the Sustainment of Mental Task Performance* Tuttle Publishing

Perfect for papercrafters of all skill levels and ages, these 12 unique models can actually move — just add a clothespin! Cut out the full-color parts and follow the simple assembly directions to build a bird that pecks, a flying pig that flaps its

wings, a dog that nods its head, and a T. rex that opens its jaws. Create a bear, if you dare, and produce a moose or goose! Step-by-step instructions for putting the pieces together are accompanied by color photos. Each project features printed parts to cut and assemble as well as a list of materials such as clothespins and paper clips.

*Mind-Blowing Paper Puzzles Ebook* American Bar Association  
The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the

nature of the relationship between you and your clients, colleagues and the courts.

Make moveable origami projects with this great beginner-level origami kit! Origami Paper Toys Kit is a unique paper craft kit that brings together the fun of art paper folding and the fun of moveable toys. Amaze your friends as you watch your origami paper creations wiggle, walk, tumble, shuffle and spin right before your eyes! No need to learn origami folding, painting or cutting—just punch fold and enjoy! This easy origami kit contains: A full-colored 64-page booklet Clear step-by-step instruction and easy-to-follow diagrams 24 fun-to-do projects with 16 pre-cut cardstock characters 40 double-sided sheets of durable folding & construction papers 2 different paper sizes and many colors The step-by-step diagrams clearly show how an origami model is assembled as well as how it will move. Basic explanations of tools and techniques mean that the creative folder will soon be folding their own original karakuri origami creations!

Origami projects include: Sumo Wrestlers Bobbing Bird Jumping Frog Lola the Ladybug And many more...

*Origami Animal Boxes Kit* Tuttle Publishing  
Chunky, kawaii, blocky and adorable, these 16 clever folded paper animals all conceal a secret—they double as containers to store precious objects or small gift items like money, candy or notes. Though they're perfect for those special gifts to friends and loved ones, these cute animal models are almost too sweet to give away! You'll want to fold up the entire collection and display it proudly on your own desk or shelf. Each animal model has its own distinct personality: The pointy-nosed Collie is eager to please, sitting at attention waiting for you to put something in the recess on her back Two different Fat Hippo models appear to be wading, open-mouthed and hungry for something to eat A two-toned Chunky Whale has enough room in its belly for little candies, folded money or secret notes A pair of friendly Box Dragons stand ready to guard whatever you entrust to them, be it a golden treasure or a special

keepsake A chicken family—complete with Hen, Rooster, their cute Little Chick and a Baby Hatchling And many more! The full-color book in this kit contains detailed step-by-step folding instructions for each model as well as a clear overview of the origami paper folding basics. There is enough colorful folding paper provided with the kit to allow you to create each of the models. This kit includes: A full-color 64-page instruction book Step-by-step folding instructions 48 high-quality single-sided origami sheets that can be printed and folded

Tuttle Publishing

These Proceedings represent the work of contributors to the 14th European Conference on e-Learning, ECEL 2015, hosted this year by the University of Hertfordshire, Hatfield, UK on 29-30 October 2015. The Conference and Programme Co-Chairs are Professor Amanda Jefferies and Dr Marija Cubric, both from the University of Hertfordshire. The conference will be opened with a keynote address by Professor Patrick McAndrew, Director,

Institute of Educational Technology, Open University, UK with a talk on "Innovating for learning: designing for the future of education." On the second day the keynote will be delivered by Professor John Traxler, University of Wolverhampton, UK on the subject of "Mobile Learning - No Longer Just e-Learning with Mobiles." ECEL provides a valuable platform for individuals to present their research findings, display their work in progress and discuss conceptual advances in many different branches of e-Learning. At the same time, it provides an important opportunity for members of the EL community to come together with peers, share knowledge and exchange ideas. With an initial submission of 169 abstracts, after the double blind, peer review process there are 86 academic papers, 16 Phd Papers, 5 Work in Progress papers and 1 non academic papers in these Conference Proceedings. These papers reflect the truly global nature of research in the area with contributions from Algeria, Australia, Austria, Belgium, Botswana, Canada, Chile, Co-entry,

Czech Republic, Denmark, Egypt, England, Estonia, France, Germany, Ireland, Japan, Kazakhstan, New Zealand, Nigeria, Norway, Oman, Portugal, Republic of Kazakhstan, Romania, Saudi Arabia, Scotland, Singapore, South Africa, Sweden, the Czech Republic, Turkey, Uganda, UK, United Arab Emirates, UK and USA, Zimbabwe. A selection of papers - those agreed by a panel of reviewers and the editor will be published in a special conference edition of the EJEL (Electronic Journal of e-Learning [www.ejel.org](http://www.ejel.org) ).

ER(ZR) 2019, Kursk, Russia, 17 - 20 April 2019

Laurence King Publishing Between the 18th and 19th centuries, Britain experienced massive leaps in technological, scientific, and economical advancement

*An Introduction* Workman Publishing Company

Beat the odds with a bold strategy from McKinsey & Company "Every once in a

while, a genuinely fresh approach to business strategy appears” – legendary business professor Richard Rumelt, UCLA McKinsey & Company’s newest, most definitive, and most irreverent book on strategy—which thousands of executives are already using—is a must-read for all C-suite executives looking to create winning corporate strategies. *Strategy Beyond the Hockey Stick* is spearheading an empirical revolution in the field of strategy. Based on an extensive analysis of the key factors that drove the long-term performance of thousands of global companies, the book offers a ground-breaking formula that enables you to objectively assess your strategy’s real odds of future

success. “This book is fundamental. The principles laid out here, with compelling data, are a great way around the social pitfalls in strategy development.” — Frans Van Houten, CEO, Royal Philips N.V. The authors have discovered that over a 10-year period, just 1 in 12 companies manage to jump from the middle tier of corporate performance—where 60% of companies reside, making very little economic profit—to the top quintile where 90% of global economic profit is made. This movement does not happen by magic—it depends on your company’s current position, the trends it faces, and the big moves you make to give it the strongest chance of vaulting over the competition. This is not another strategy

framework. Rather, *Strategy Beyond the Hockey Stick* shows, through empirical analysis and the experiences of dozens of companies that have successfully made multiple big moves, that to dramatically improve performance, you have to overcome incrementalism and corporate inertia. “A different kind of book—I couldn’t put it down. Inspiring new insights on the facts of what it takes to move a company’s performance, combined with practical advice on how to deal with real-life dynamics in management teams.” —Jane Fraser, CEO, Citigroup Latin America
