### Britches Get Stitches

Feiwel & Friends

When a tiger-snake delivers a deathly bite, a beautiful, ghostly, and strangely familiar young woman appears, summoning Ari's soul to the underworld. Ari and her summoner decide to break the rules and stay in the land of the living, where neither is

supposed to be. As the girls battle savage wild dogs, evil underworld gods, and the laws of life and death to stay together, they find that being together means something quite different to what they expected. Together, they must prove that their love is strong enough to defy the Fates and save the world from darkness.

### **Black Summoner (Manga) Volume 1**

Courier Corporation  
Sergeant Warren

Parish is a dangerous man—in more ways than his military training would explain. Nowhere in the world is this more clear than war-torn Iraq, where his “special skill set” is crucial on more than one deadly occasion. When a new enemy rises from the ashes of southern Baghdad, Warren’s unit must rely on the help of an unlikely ally: private military contractors from Claymore Worldwide Security. With them is a woman. Skilled. Sexy. And absolutely lethal. It doesn’t take long for Warren to realize her set of superpowers might even rival his own. But discovering her truth will have to wait. First, they must make it back from their mission alive.

**Summoner, Book Three** Elicia Hyder Robbery, arson, murder...and the one night stand that just won't end. With eleven missing women to find and six high-profile burglary cases to solve, the last thing Detective Nathan McNamara needs in his life is one more complication. And that's exactly what his recent one-night stand is becoming—complicated. With his heinous

lieutenant breathing down his neck for answers and his accidental girlfriend dropping hints for a commitment, Nathan is realizing that his career and his bachelor status are both on the line. When the burglary cases suddenly escalate to homicide, Nathan must put everything else aside to stop the killer. But this is easier said than done when the blonde from the bar repeatedly shows up at his doorstep and enlists his own mother against him. Now he's more convinced than ever that his job hangs in the balance and that the Surgeon General's warning on the whiskey bottle should include something about women.

"Everything epic fantasy should be: rich, cruel, gorgeous, brilliant, enthralling and deeply, deeply satisfying. I loved it."—Lev Grossman, author of *The Magicians* When destiny calls, there's

no fighting back. Kihrin grew up in the slums of Quur, a thief and a minstrel's son raised on tales of long-lost princes and magnificent quests. When he is claimed against his will as the missing son of a treasonous prince, Kihrin finds himself at the mercy of his new family's ruthless power plays and political ambitions. Practically a prisoner, Kihrin discovers that being a long-lost prince is nothing like what the storybooks promised. The storybooks have lied about a lot of other things, too: dragons, demons, gods, prophecies, and how the hero always wins. Then again, maybe he isn't the hero after all. For Kihrin is not destined to save the world. He's destined to

destroy it. Jenn Lyons begins the Chorus of Dragons series with *The Ruin of Kings*, an epic fantasy novel about a man who discovers his fate is tied to the future of an empire.

Given the degree of popular fascination with Gnostic religions, it is surprising how few pay attention to the one such religion that has survived from antiquity until the present day: Mandaeism. Mandaean, who esteem John the Baptist as the most famous adherent to their religion, have in

our time found themselves driven from their historic homelands by war and oppression. Today, they are a community in crisis, but they provide us with unparalleled access to a library of ancient Gnostic scriptures, as part of the living tradition that has sustained them across the centuries. Gnostic texts such as these have caught popular interest in recent times, as traditional assumptions about the original forms and cultural contexts of related religious traditions, such as Judaism, Christianity, and Islam, have been called into question. However, we can learn only so much from texts in isolation from their own contexts. Mandaean literature

uniquely allows us not only to increase our knowledge about Gnosticism, and by extension all these other religions, but also to observe the relationship between Gnostic texts, rituals, beliefs, and living practices, both historically and in the present day.
