The Choice Xulon Press

Another great novel from Baumbach, it is filled with longings and lingerings, sex and deprivation, humor and heartache.

Out of Eden Univ of North Carolina Press

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an

ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Deep Vellum Publishing

In this comprehensive, practical, and gripping assessment of various forms of violence against women, Pamela Cooper-White challenges the Christian churches to examine their own responses to the cry of Tamar in our time. She describes specific forms of such violence and outlines appropriate pastoral responses. The second edition of this groundbreaking work is thoroughly updated and examines not only where the church has made progress since 1995 but also where women remain at unchanged or even greater risk of violence.

The No Spin Zone Little, Brown

Whether enemy or ally, demon or god, the source of satisfaction or the root of all earthly troubles, the penis has forced humanity to wrestle with its enduring mysteries. Here, in an enlightening and entertaining cultural study, is a book that gives context to the central role of the penis in Western civilization. A man can hold his manhood in his hand, but who is really gripping whom? Is the penis the best in man -- or the beast? How is man supposed to use it? And when does that use become abuse? Of all the bodily organs, only the penis forces man to confront such contradictions: something insistent yet reluctant, a tool that creates but also destroys, a part of the body that often seems apart from the body. This is the conundrum that makes the penis both hero and villain in a drama that shapes every man -- and mankind along

with it. In *A Mind of Its Own*, David M. Friedman shows that the penis is more than a body part. It is an idea, a conceptual but flesh-and-blood measuring stick of man's place in the world. That men have a penis is a scientific fact; how they think about it, feel about it, and use it is not. It is possible to identify the key moments in Western history when a new idea of the penis addressed the larger mystery of man's relationship with it and changed forever the way that organ was conceived of and put to use. *A Mind of Its Own* brilliantly distills this complex and largely unexamined story. Deified by the pagan cultures of the ancient world and demonized by the early Roman church, the organ was later secularized by pioneering anatomists such as Leonardo da Vinci. After being measured "scientifically" in an effort to subjugate some races while elevating others, the organ was psychoanalyzed by Sigmund Freud. As a result, the penis assumed a paradigmatic role in psychology -- whether the patient was equipped with the organ or envied those who were. Now, after being politicized by feminism and exploited in countless ways by pop culture, the penis has been medicalized. As no one has before him, Friedman shows how the arrival of erection industry products such as Viagra is more than a health or business story. It is the latest -- and perhaps final -- chapter in one of the longest sagas in human history: the story of man's relationship with his penis. *A Mind of Its Own* charts the vicissitudes of that relationship through its often amusing, occasionally alarming, and never boring course. With intellectual rigor and a healthy dose of wry humor, David M. Friedman serves up one of the most thought-provoking, significant, and readable cultural works in years.

Violence Against Women and the Church's Response Paulist Press

It was only supposed to be a part-time nanny job. Then the pandemic hit. Now I'm quarantined with three guys at their secluded lake house. And considering what they look like? Things could be a lot worse. Bryce, the darkly handsome painter whose son I'm nannying. The millionaire artist has been trying to regain his creative spark... and some scintillating fun with me ends up being the jump-start he needs. Liam, the English art dealer who reminds me of David Beckham. He spends most of his time swimming in the lake and walking around the house shirtless, and

he winks at me like he knows I'm checking him out. Pax, their accountant and financial planner. Tall and lean, he has a sense of humor that keeps me smiling despite the deadly virus. I spend my days nannying the baby, And my nights having sweaty, steamy fun. Being shared by these three incredible men to take our minds off the pandemic. We don't know how long we'll be stuck at the lake house. So we might as well make the best of it, right? **NANNY WITH BENEFITS** is a sizzling reverse harem love story filled with humor, suspense, and scintillating action. HEA guaranteed! *Thaumaturgia* Simon and Schuster

In this changing world of what is deemed socially and politically "correct," polygamy is perhaps the last great taboo. Over the course of the last thousand years, monogamy - at least in name - has been the default setting for coupledness and procreation. And yet, throughout history, there have been inklings that "one-man, one-woman" may not be the most natural state-of-being for humans. The recent Ashley Madison "cheaters website" hacking, coupled with the high divorce rate of the last half-century, provide more than enough evidence to convince even a hopeless romantic that monogamy, and the institution of marriage which props it up, is doomed to be a bygone remnant of a more socially conservative past. Esteemed writer and evolutionary biologist David P. Barash tackles this uncomfortable finding: that humans are actually biologically and anthropologically more inclined toward polygamy. With years of research in the field to back up this argument, Barash presents hundreds of anecdotes from both evolutionary biology and human history that guide the reader through the societal impacts of monogamy and polygamy - some expected (sexual behavior) and others unexpected (the most successful models of parenting). Despite this natural inclination of humanity, Barash is reassuring throughout this fascinating read in his resolution that "biology is not destiny."

Millennial Makeover Createspace Independent Publishing Platform
In this third book of the Sundering series kicked off by R.A. Salvatore and the dark elf Drizzt, SCRIBE award-winning author Erin M. Evans thrusts her signature character Farideh into a maelstrom of devilish politics and magical intrigue that will have far-reaching implications for the future of the Forgotten Realms. As the chaos of the Sundering rages around her, young warlock Farideh faces a more personal turmoil wrought by a deal she made with a devil years ago. Hoping to protect her twin sister,

she leaves everything she holds dear to assist a wizard in a scheme that pits the devils of the Nine Hells against the gods above. But when Farideh casts the spell to enter the wizard's remote mountaintop fortress, she picks up a stowaway—a Harper agent named Dahl who isn't so inclined to follow devilish demands. Dahl attempts to escape only to run into a village of odd people, lurking behind an impenetrable wall. Forced to gaze into the villagers' souls, Farideh points out the ones who seem different, only to watch as the wizard's guard carts them off to fates unknown. Are these villagers or prisoners? Are they blessed or doomed by the gods? As the wizard's guessing game proves more and more diabolical, Farideh resolves to unravel his secrets—even if it means she'll lose her own soul to the Nine Hells. From the Hardcover edition.

Women, Ideology and Violence Wizards of the Coast

This book can be used as a Diet/Menu Planner and self help mentality moodboard prompts. There are 366 days worth of planners day by day ready for you to add each day what you like to make or prepare and also many self help prompts to guide you on your weight loss or maintenance healthy program. Plan your meals knowing you are saving money and time and help your mental attitudes day-by-day! You Got This!

An Odyssey of Ecological Invasion Fortress Press

In this search for both scientific answers and ecological authenticity, the author tours the front lines of ecological invasion in the company of world-class scientists to explore the disparity between what is nature and what is natural.

Modes of Liability in International Criminal Law

MediBang(global)

This new in paperback edition includes a new afterword written specifically for this volume. Morley Winograd and Michael D. Hais review the developments of the 2008 presidential election and demonstrate how the coming of age of a millennial generation and the expansion of a new communication technology produced another realignment, just as these twin forces of change have done throughout U.S. history.

The Knight, The Princess and the Falling Star Adam Publishers

Uses dialogue to present a narrative account of Mother Seaton's life and accomplishments, including the founding of the American Sisters of Charity.

I Am the Messenger Knopf Books for Young Readers

Supernova BEYOND BOOKS HUB

Presently, many of the greatest debates and controversies in international criminal law concern modes of liability for international crimes. The state of the law is unclear, to the detriment of accountability for major crimes and of the uniformity of international criminal law. The present book aims at clarifying the state of the law and provides a thorough analysis of the jurisprudence of international courts and tribunals, as well as of the debates and the questions these debates have left open. Renowned international criminal law scholars analyze, in discrete chapters, the modes of liability one by one; for each mode they identify the main trends in the jurisprudence and the main points of controversy. An introduction addresses the cross-cutting issues, and a conclusion anticipates possible evolutions that we may see in the future. The research on which this book is based was undertaken with the Geneva Academy.

A Reverse Harem Romance Macmillan

DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF AND AN UNFORGETTABLE AND SWEEPING FAMILY SAGA. From the author of the extraordinary #1 New York Times bestseller *The Book Thief*, *I Am the Messenger* is an acclaimed novel filled with laughter, fists, and love. A MICHAEL L. PRINTZ HONOR BOOK FIVE STARRED REVIEWS Ed Kennedy is an underage cabdriver without much of a future. He's pathetic at playing cards, hopelessly in love with his best friend, Audrey, and utterly devoted to his coffee-drinking dog, the Doorman. His life is one of peaceful routine and incompetence until he inadvertently stops a bank robbery. That's when the first ace arrives in the mail. That's when Ed becomes the messenger. Chosen to care, he makes his way through town helping and hurting (when necessary) until only one question remains: Who's behind Ed's mission?

Islam & Christianity Knopf Books for Young Readers

The author offers his opinion about the rapidly declining state of

politics, Hollywood, Medicare, and every social echelon of the nation, scathingly examining such powerful and famous people as Susan Sarandon, George W. Bush, and Dick Morris.

[Saint for a New Nation](#) Good Food Diary 6 X 9

In order to save her sick older brother, Nian was sold to a wealthy

family by her parents. For 9 years, Nian survived in the austere household until she suddenly met a mysterious white-haired girl who has the same surname as her. Is she a curse or a blessing?
