Library of America launches a definitive collected edition of one of the most original and electric writers of our time with a volume gathering her five iconic books of the 1960s & 70s Joan Didion's influence on postwar American letters is undeniable. Whether writing fiction, memoir, or trailblazing journalism, her gifts for narrative and dialogue, and her intimate but detached authorial persona, have won her legions of readers and admirers. Now Library of America launches

its multi-volume edition of Didion's collected writings, prepared in consultation with the author, that brings together her fiction and nonfiction for the first time. Collected in this first volume are Didion's five iconic books from the 1960s and 1970s: *Run River*, *Slouching Towards Bethlehem*, *Play It As It Lays*, *A Book of Common Prayer*, and *The White Album*. Whether writing about countercultural San Francisco, the Las Vegas wedding industry, Lucille Miller, Charles Manson, or the shopping mall, Didion achieves a wonderful negative sublimity without condemning her subjects or condescending to her readers. Chiefly about California, these books display Didion's genius for finding exactly the right language and tone to capture America's broken twilight landscape at a moment of headlong conflict and change.

**The Last Love Song** Vintage

Incisive essays on Patty Hearst and Reagan, the Central Park jogger and the Santa Ana winds, from the New York Times–bestselling author of *South and West*. In these eleven essays covering the national scene from Washington, DC; California; and New York, the acclaimed author of *Slouching Towards Bethlehem* and *The White Album* “capture[s] the mood of America” and confirms her reputation as one of our sharpest and most trustworthy cultural observers (*The New York Times*).

Whether dissecting the 1988 presidential campaign, exploring the commercialization of a Hollywood murder, or reporting on the “sideshow” of foreign wars, Joan Didion proves that she is one of the premier essayists of the twentieth century, “an articulate witness to the most stubborn and intractable truths of our time” (Joyce Carol Oates, *The New York Times Book Review*). Highlights include “In the Realm of the Fisher King,” a portrait of the White House under the stewardship of Ronald and Nancy Reagan, two “actors on location;” and “Girl of the Golden West,” a meditation on the Patty Hearst case that draws an unexpected and insightful parallel between the kidnapped heiress and the emigrants who settled California. “Sentimental Journeys” is a deeply felt study of New York media coverage of the brutal rape of a white investment banker in Central Park, a notorious crime that exposed the city’s racial and class fault lines. Dedicated to Henry Robbins, Didion’s friend and editor from 1966 until his death in 1979, *After Henry* is an indispensable collection of “superior reporting and criticism” from a writer on whom we have relied for more than fifty years “to get the story straight” (*Los Angeles Times*).

The iconic writer's electrifying first novel is a story of marriage, murder and betrayal that only she could tell with such nuance, sympathy, and suspense—from the bestselling, award-winning author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean*. Everett McClellan and his wife, Lily, are the great-grandchildren of pioneers, and what happens to them is a tragic epilogue to the pioneer experience—a haunting portrait of a marriage whose wrong turns and betrayals are at once absolutely idiosyncratic and a razor-sharp commentary on the history of California.

A brief biographical profile of the author accompanies a detailed analysis of her novels and essays [Joan Didion: The 1960s & 70s \(LOA #325\)](#) Open Road Media

New York Times Bestseller: An “elegant” mosaic of trenchant observations on the late sixties and seventies from the author of *Slouching Towards Bethlehem* (*The New Yorker*). In this landmark essay collection, Joan Didion brilliantly interweaves her own “bad dreams” with those of a nation confronting the dark underside of 1960s counterculture. From a jailhouse visit to Black Panther Party cofounder Huey Newton to witnessing First Lady of California Nancy Reagan pretend to pick flowers for the benefit of news cameras, Didion captures the paranoia and absurdity of the era with her signature blend of irony and insight. She takes readers to the “giddily splendid” Getty Museum in Los Angeles, the cool mountains of Bogotá, and the Jordanian Desert, where Bishop James Pike went to walk in Jesus’s footsteps—and died not far from his rented Ford Cortina. She anatomizes the culture of shopping malls—“toy garden cities in which no one lives but everyone consumes”—and exposes the contradictions and compromises of the women’s movement. In the iconic title essay, she documents her uneasy state of mind during the years leading up to and following the Manson murders—a terrifying crime that, in her memory, surprised no one. Written in “a voice like no other in contemporary journalism,” *The White Album* is a masterpiece of literary reportage and a fearless work of autobiography by the National Book Award-winning author of *The Year of Magical Thinking* (*The New York Times Book Review*). Its power to electrify and inform remains undiminished nearly forty years after it was first published.

This enhanced eBook edition of *Blue Nights* includes three short films directed by Griffin Dunne and starring Joan Didion. Each film blends Didion’s incisive prose with images and mementos from her daughter’s life. From one of our most powerful writers, *Blue Nights* is a work of stunning frankness about losing a daughter. Richly textured with bits of her own childhood and married life with her husband, John Gregory Dunne, and daughter, Quintana Roo, this new book by Joan Didion examines her thoughts, fears, and doubts regarding having children, illness, and growing old. *Blue Nights* opens on July 26, 2010, as Didion thinks back to Quintana’s wedding in New York seven years before. Today would be her wedding anniversary. This fact triggers vivid snapshots of Quintana’s childhood—in Malibu, in Brentwood, at school in Holmby Hills. Reflecting on her daughter but also on her role as a parent, Didion asks the candid questions any parent might about how she feels she failed either because cues were not taken or perhaps displaced. “How could I have missed what was clearly there to be seen?” Finally, perhaps we all remain unknown to each other. Seamlessly woven in are incidents Didion sees as underscoring her own age, something she finds hard to acknowledge, much less accept. *Blue Nights*—the long, light evening hours that signal the summer solstice, “the opposite of the dying of the brightness, but also its warning”—like *The Year of Magical Thinking* before it, is an iconic book of incisive and electric honesty, haunting and profoundly moving.

#### *Substance and Style* Vintage

[In this book, the author] explores an intensely personal yet universal experience: a portrait of a marriage - and a life, in good times and bad - that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion

saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later - the night before New Year’s Eve - the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This ... book is Didion’s attempt to make sense of the “weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.”--Jacket.

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • From one of our most iconic and influential writers, the award-winning author of *The Year of Magical Thinking*: a timeless collection of mostly early pieces that reveal what would become Joan Didion's subjects, including the press, politics, California robber barons, women, and her own self-doubt. With a forward by Hilton Als, these twelve pieces from 1968 to 2000, never before gathered together, offer an illuminating glimpse into the mind and process of a legendary figure. They showcase Joan Didion's incisive reporting, her empathetic gaze, and her role as "an articulate witness to the most stubborn and intractable truths of our time" (*The New York Times Book Review*). Here, Didion touches on topics ranging from newspapers ("the problem is not so much whether one trusts the news as to whether one finds it"), to the fantasy of San Simeon, to not getting into Stanford. In "Why I Write," Didion ponders the act of writing: "I write entirely to find out what I'm thinking, what I'm looking at, what I see and what it means." From her admiration for Hemingway's sentences to her acknowledgment that Martha Stewart's story is one "that has historically encouraged women in this country, even as it has threatened men," these essays are acutely and brilliantly observed. Each piece is classic Didion: incisive, bemused, and stunningly prescient.

Inez Victor knows that the major casualty of the political life is memory. But the people around Inez have made careers out of losing track. Her senator husband wants to forget the failure of his last bid for the presidency. Her husband's handler would like the press to forget that Inez's father is a murderer. And, in 1975, the year in which much of this bitterly funny novel is set, America is doing its best to lose track of its one-time client, the lethally hemorrhaging republic of South Vietnam. As conceived by Joan Didion, these personages and events constitute the terminal fallout of democracy, a fallout that also includes fact-finding junkets, senatorial groupies, the international arms market, and the Orwellian newspeak of the political class. Moving deftly from Honolulu to Jakarta, between romance, farce, and tragedy, *Democracy* is a tour de force from a writer who can dissect an entire society with a single phrase.

#### **Political Fictions** HarperPerennial

The “dazzling” and essential portrayal of 1960s America from the author of *South and West* and *The Year of Magical Thinking* (*The New York Times*). Capturing the tumultuous landscape of the United States, and in particular California, during a pivotal era of social change, the first work of nonfiction from one of American literature’s most distinctive prose stylists is a modern classic. In twenty razor-sharp essays that redefined the art of journalism, National Book Award-winning author Joan Didion reports on a society gripped by a deep generational divide, from the “misplaced children” dropping acid in San Francisco’s Haight-Ashbury district to Hollywood legend John Wayne filming his first picture after a bout with cancer. She paints indelible portraits of reclusive billionaire Howard Hughes and folk singer Joan Baez, “a personality before she was entirely a person,” and takes readers on eye-opening journeys to Death Valley, Hawaii, and Las Vegas, “the most extreme and allegorical of American settlements.” First published in 1968, *Slouching Towards Bethlehem* has been heralded by the *New York Times Book Review* as “a rare display of some of the best prose written today in this country” and named to *Time* magazine’s list of the one hundred best and most influential nonfiction books. It is the definitive account of a terrifying and transformative decade in American history whose discordant reverberations continue to sound a half-century later.
