DUNN JACOBS

Illustrated Dictionary of Art Terms University of Chicago Press

Searchable database of over 1,900 terms used in the wide variety of visual media that makes up the art world.

Collins Dictionary of Art Terms & Techniques Macmillan Reference USA

"Art" has always been contested terrain, whether the object in question is a medieval tapestry or Duchamp's Fountain. But questions about the categories of "art" and "art history" acquired increased urgency during the 1970s, when new developments in critical theory and other intellectual projects dramatically transformed the discipline. The first edition of *Critical Terms for Art History* both mapped and contributed to those transformations, offering a spirited reassessment of the field's methods and terminology. Art history as a field has kept pace with

debates over globalization and other social and political issues in recent years, making a second edition of this book not just timely, but crucial. Like its predecessor, this new edition consists of essays that cover a wide variety of "loaded" terms in the history of art, from sign to meaning, ritual to commodity. Each essay explains and comments on a single term, discussing the issues the term raises and putting the term into practice as an interpretive framework for a specific work of art. For example, Richard Shiff discusses "Originality" in Vija Celmins's *To Fix the Image in Memory*, a work made of eleven pairs of stones, each consisting of one "original" stone and one painted bronze replica. In addition to the twenty-two original essays, this edition includes nine new ones—performance, style, memory/monument, body, beauty, ugliness, identity, visual culture/visual studies, and social history of art—as well as new introductory material. All help expand the book's scope while retaining its central goal of stimulating discussion of theoretical issues in art history and making that discussion accessible to both beginning students and senior scholars. Contributors: Mark Antliff, Nina Athanassoglou-Kallmyer, Stephen Bann, Homi K. Bhabha,

Critical Terms for Art History, Second Edition Oxford University Press, USA

This glossary is intended to be a guide into the frontier of current theory and criticism of visual art and culture.

A Dictionary of Modern and Contemporary Art Frances Lincoln

The present publication is an up-to-date, authentic and comprehensive dictionary of arts, which recognises that arts is a field in its own right, with its own language, and that terms and their definitions are important for professionals and students of arts. It aims to provide clear, concise, and correct definitions and descriptions of the terms used in arts. The terminology of all the

branches of arts are included in this work. This work is designed to be a comprehensive reference tool for arts professional, students and laymen interested in arts. It is earnestly hoped that it will be an authoritative source to which one can turn with confidence for meaning and knowledge of the common, specialised and latest terms in arts and allied fields.

A New and Complete Dictionary of Terms of Art. Containing a Sufficient Explication of All Words ... Made Use of to Express Any Art, Science, Custom ... Machine, &c. ... Dat Is, Nieuw en Volkomen Konstwoordenboek, Etc Sagwan Press

With the advent of abstract expressionism in the 1940s, America became the white hot center of the artistic universe. Now, in *The Oxford Dictionary of American Art and Artists*, the first such volume to appear in three decades, Ann Lee Morgan offers an informative, insightful, and long overdue resource on our nation's artistic heritage. Featuring 945 alphabetically arranged entries, here is an indispensable biographical and critical guide to American art from colonial times to contemporary postmodernism. Readers will find a wealth of factual detail and insightful analysis of the leading American painters, ranging from John Singleton Copley, Thomas Cole, and Mary Cassatt to such modern masters as Jackson Pollack, Romare Bearden, and Andy Warhol. Morgan offers razor-sharp entries on sculptors ranging from Alexander Calder to Louise Nevelson, on photographers such as Berenice Abbott, Man Ray, Walker Evans, and Ansel Adams, and on contemporary installation artists, including video master Bill Viola. In addition, the dictionary provides entries on important individuals connected to the art scene, including collectors such as Peggy Guggenheim and critics such as Clement Greenberg. Morgan also examines notable American institutions, organizations, schools, techniques, styles, and movements. The range of coverage is indeed impressive, but equally important is the quality of analysis that appears in entry after entry. Morgan gives readers a wealth of trustworthy and authoritative information as well as perceptive, well-informed criticism of artists and their work. In addition, the book is thoroughly cross-referenced, so readers can easily find additional information on any topic of interest. Beautifully written, filled with fascinating historical background and penetrating insight, *The Oxford Dictionary of American Art and Artists* is an essential one-volume resource for art lovers everywhere.

Design Dictionary Greenwood

"Excellent, concise . . . highly recommended." —Choice This extensively illustrated dictionary provides information on over 2,500 artists, paintings, sculptures, drawings, prints, schools and movements throughout the world, including entries on contemporary art and artists, techniques, materials, terms, and writers who have influenced artists.

A Dictionary of Terms in Art Thames & Hudson

This dictionary provides a stimulating and categorical foundation for a serious international discourse on design. It is a handbook for everyone concerned with design in career or education, who is interested in it, enjoys it, and wishes to understand it. 110 authors from Japan, Austria, England, Germany, Australia, Switzerland, the Netherlands, the United States, and elsewhere have written original articles for this design dictionary. Their cultural differences provide perspectives for a shared understanding of central design categories and communicating about design. The volume includes both the terms in use in current discussions, some of which are still relatively new, as well as classics of design discourse. A practical book, both scholarly and ideal for browsing and reading

at leisure.

A New and Complete Dictionary of Terms of Art B. T. Batsford Limited

This unique and authoritative reference work contains more than 2,000 clear and concise entries on all aspects of modern and contemporary art. Its impressive range of terms includes movements, styles, techniques, artists, critics, dealers, schools, and galleries. There are biographical entries for artists worldwide from the beginning of the 20th century through to the beginning of the 21st, from the Finnish architect Alvar Aalto to the French sculptor Jacques Zwobada. With international coverage, indications of public collections and publicly sited works, and in-depth entries for key topics (for example, Cubism and abstract art), this dictionary is a fascinating and thorough guide for anyone with an interest in modern and contemporary culture, amateur or professional. Formerly the *Dictionary of 20th Century Art*, the text has been completely revised and updated for this major new edition. 300 entries have been added and it now contains entries on photography in modern art. With emphasis on recent art and artists, for example Damien Hirst, it has an exceptionally strong coverage of art from the 1960s, which makes it particularly ideal for contemporary art enthusiasts. Further reading is provided at entry level to assist those wishing to know more about a particular subject. In addition, this edition features recommended web links for many entries, which are accessed and kept up to date via the *Dictionary of Modern Art* companion website. The perfect companion for the desk, bedside table, or gallery visits, *A Dictionary of Modern and Contemporary Art* is an essential A-Z reference work for art students, artists, and art lovers.

A Dictionary of Terms in Art Walter de Gruyter

In this art dictionary like no other, *The Art History Babes* (the hosts behind the prolific podcast) break down the elitist world of art with definitions of over 300 essential art terms. Art speak is infamously alienating, strange, and confusing as hell. Think stereotypical, stylish art dealers who describe art as 'derivative' and 'dynamic' – or stuffy auction houses filled with portraits of dead white people called 'Old Masters'. What do these words mean? Where did they come from? And how can you actually use them? Spanning art history, iconic movements, peculiar words, and pretentious phrases – after reading this book, you'll be able to lay down that art jargon with the best of them. From avant-garde to oeuvre, the Harlem Renaissance to New Objectivity, museum fatigue to memento mori – the Babes use their whip-smart humor, on-point knowledge, and a heavy dose of candor to explain even the most complex ideas in bite-sized definitions, as in: ACTION PAINTING (n.) – If Jackie Chan had buckets of paint strapped to his arms and legs in Rush Hour 2, and there just happened to be a blank canvas nearby, you would end up with action painting. [...] IMPASTO (n.) – Have you ever gotten up close to a painting, looked at it, and thought: “Those brushstrokes are sensual as hell.”? That’s how I feel about impasto, a painting style that involves applying thick, textured strokes of paint using a brush or palette knife or other tool of your choice. [...] UKIYO-E (n.) – Beautiful ladies, kabuki actors, epic landscapes, sumo wrestlers, people navigating city streets, and sex stuff! These are some of the common subjects of ukiyo-e art produced in Japan during the Edo period (1603-1868.) [...] With illustrations from Carmen Casado – *The Honest Art Dictionary* is a valuable starter pack for those new to the study of art history, those re-exploring the discipline, or those simply interested in impressing their friends during a trip to

the local art museum.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Academic Dictionary Of Arts Peter Bedrick Books

The HarperCollins *Dictionary of Art Terms and Techniques*, 2nd edition, contains over 3,200 clear definitions of terms encountered in the study and practice of the visual arts and in their literature. It covers all forms of easel and mural paintings, drawing, sculpture, the graphic arts, photography, ceramics, and mosaic. There are entries on schools, styles, and periods, but the chief emphasis of the book is on the materials and methods of the artist. Materials are defined in terms of compositions, source, use, and characteristic properties; processes and techniques are defined in terms of their practical application and results. Tools and equipment are concisely described and illustrated with copious line drawings.

Glossary of Art, Architecture & Design Since 1945 B. T. Batsford Limited

"Thousands of definitions of art techniques, procedures, and materials, including dozens of artists' biographies and illustrations"--Cover.

The HarperCollins Dictionary Art Terms & Techniques New York : Crowell

What exactly is Neo-Expressionism? The part of a city known as the acropolis? Or the painting technique called gouache? In this authoritative and concise dictionary, more than 2000 entries and 375 illustrations embrace the vast vocabulary of painting and sculpture, architecture and photography, the decorative, applied and graphic arts. The geographical spread is global; the chronological range takes in both Helladic art from Bronze Age Greece and holography, one of the newest means of expression provided by modern technology. 375 illus.
