 Foster child. Teenage whore. Now a veterinarian, MacKensie's turned her life around, but the scars remain. She saves her affection for the animals who never judge or scorn her, but it's time to get out, move on from her past in Iowa. So, she arranges a vacation exchange to job hunt in Seattle. Although the house is lovely, one room is locked. Her years in foster care have given her two 'gifts': a neurosis about locked doors and the ability to open them. After she gets into the room, she's appalled...and intrigued. Chains and manacles, whips and paddles, odd benches with straps... When Alex returns home days early and finds MacKensie draped over the spanking bench in his locked dungeon, he's furious. But her wariness arouses his protective nature and curiosity, so he strikes a deal to keep her close-she'll act as his submissive in exchange for a place to stay and help finding a job. He'd planned to use the veterinarian to deter an ex-girlfriend, not replace her, but with MacKensie's compelling mixture of strength and vulnerability, the little sub slides right into his well-defended heart.

 In this blockbuster fantasy series, perfect for fans of Kingdom of the Wicked and Iron Widow, fate binds two Black teenagers together as they journey into a magical jungle to hunt down a vicious monster. "Rich in magic and mythos, *Beasts of Prey* is a feast for all the senses." --Renée Ahdieh, New York Times bestselling author of *The Beautiful An Instant* New York Times and Indie Bestseller There's no such thing as magic in the broken city of Lkossa, especially for sixteen-year-old Koffi, who indentured to the notorious Night Zoo, knows the fearsome creatures in her care and paying off her family's debts to secure their eventual freedom can be her only focus. But the night those she loves are gravely threatened by the Zoo's cruel master, Koffi unleashes a power she doesn't fully understand, upending her life completely. As the second son of a decorated hero, Ekon is all but destined to become a Son of the Six--an elite warrior--and uphold a family legacy. But on the night of his final rite of passage, Ekon encounters not only the Shetani--a vicious monster that has plagued the city for nearly a century and stalks his nightmares--but Koffi who seems to have the power to ward off the beast. Koffi's power ultimately saves Ekon, but his choice to let her flee dooms his hopes of becoming a warrior. Desperate to redeem himself, Ekon vows to hunt the Shetani and end its reign of terror, but he can't do it alone. Koffi and Ekon form a tentative alliance and together enter the Greater Jungle, a world steeped in wild, frightening magic and untold dangers. The hunt begins. But it

quickly becomes unclear whether they are the hunters or the hunted. "The hunt for your next YA fantasy book trilogy obsession has ended." --Entertainment Weekly

She survived. Kit survived her abusive husband. Survived imprisonment and beatings from the Patriot Zealots. Now free and healing, she can make a new life for herself and her son...except he has attached himself to a terrifying, scarred, tattooed ex-mercenary. Women take one look at him and flee. An ugly childhood and combat left Hawk with scars, a rasping voice, and an aversion to talking. So, why in hell does the four-year-old stick to him like glue? The kid's pretty mother is smarter. There's fear in her eyes when she looks at Hawk. That hurts. The sweet woman is everything he's ever wanted--loving, affectionate, and patient. But after what she's been through, she sure won't want to be around men--especially the one who killed her husband. He'd saved her. Kit agrees with her son. Being near Hawk is the safest place on earth. Beneath the menacing appearance, he's protective...and kind. The better she gets to know him, the more she sees him as a man--a very sexy man. But, considering what had happened to her, she knows-- No man would want her now. I can't recommend this whole series highly enough. ~ Natasha is a Book Junkie

For years, tales of DRAGONS from another world kidnapping and enslaving humans have been circulating in Jason Masters' world, while for a slave girl named Koren, the stories of a human world seem pure myth. Together, these two teens will need to bridge two planets in order to overthrow the draconic threat and bring the lost slaves home. What if the Legends Are True? Jason Masters doubted the myths that told of people taken through a portal to another realm and enslaved by dragons. But when he receives a cryptic message from his missing brother, he must uncover the truth and find the portal before it's too late. At the same time, Koren, a slave in the dragons' realm, discovers she has a gift that could either save or help doom her people. As Jason and Koren work to rescue the enslaved humans, a mystic prophecy surrounding a black egg may make all their efforts futile.

Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it.

The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms.

Water Rites Trilogy The Starlight Rite

There was a story Jahir used to tell me. About how the first humans were born with wings. Can you imagine what that would be like? To fly anywhere in the world without worrying about having the right papers? Mico has left his family, his home, his future. Setting out in search of a better life, he instead finds himself navigating one of the world's most inhospitable environments - the Jungle. For Mico, just one of many 'unaccompanied children', the Calais refugee camp has a wildness, a brutality all of its own. A melting pot of characters, cultures, and stories, the Jungle often seems like its own strange world. But despite his ambitions to escape, Mico is unable to buy his way out from the 'Ghost Men' - the dangerous men with magic who can cross borders unnoticed. Alone, desperate, and running out of options, the idea of jumping onto a speeding train to the UK begins to feel worryingly appealing. But when Leila arrives at the camp one day, everything starts to change. Outspoken, gutsy, and fearless, she shows Mico that hope and friendship can grow in the most unusual places, and maybe, just maybe, they'll show you the way out as well. Fans of Khaled Hosseini, Benjamin Zephaniah's Refugee Boy and Gillian Cross' After Tomorrow will love this important and touching debut novel which touches on community, friendship, hope and the very real dangers of everyday life in the Calais refugee camp, known as The Jungle.
