 Private Bradley Manning, WikiLeaks, and the Biggest Exposure of Official Secrets in American History  
 Karl Marx was the greatest critic of capitalism, yet his ideas are widely dismissed or misunderstood. But understanding Marx is indispensable for anyone who wants to grasp why capitalism is a system of exploitation, instability and repeated crises. Joseph Choonara here introduces readers to some crucial Marxist approaches - as developed above all in the three volumes of Capital. He also outlines how this can be applied to capitalism as it has developed since the 19th century.

*Elementary Student Book* Independently Published

History enthusiasts and admirers of Team of Rivals will rejoice in this magisterial account of the extraordinary Americans who served the nation's first chief executive: Together, they created the presidency for a country disgusted by crowns and the people who would wear them. In 1789, as George Washington became the first president of the United States, the world was all but certain that the American experiment in liberty and representative government would founder. More than a few Americans feared that the world was right. In Washington's Circle, we see how Washington and his trusted advisers, close friends, and devoted family defied the doomsayers to lay the foundation for an enduring constitutional republic. This is a fresh look at an aloof man whose service in the Revolutionary War had already earned him the acclaim of fellow citizens. Washington was easy to revere, if difficult to know. David S. Heidler and Jeanne T. Heidler reveal Washington's character through his relationship with his inner circle, showing how this unlikely group created the office of the presidency. Here is a story of cooperation, confrontation, triumph, and disappointment, as the president, Congress, and the courts sorted out the limits of executive power, quarreled over funding the government, coped with domestic strife, and faced a world at war while trying to keep their country at peace. Even more, it is a story of remarkable people striving for extraordinary achievements. Many of these characters are familiar as historic icons, but in these pages they act and speak as living individuals: the often irked and frequently irksome John Adams, in the vice presidency; the mercurial Alexander Hamilton, leading the Treasury Department; the brilliant, deceptively cunning Thomas Jefferson, as secretary of state; James Madison, who was Washington's advocate—and his eyes and ears—in Congress; and Washington's old friend and former brother-in-arms Henry Knox, at the administration's beleaguered War Department. Their stories mingle with those of Edmund Randolph, John Jay, Gouverneur Morris, and the others who stood with a self-educated Virginia farmer to forge the presidency into an institution protective of its privileges but respectful of congressional prerogatives. Written with energy, wit, and an eye for vivid detail, Washington's Circle is the fascinating account of the people who met the most formidable challenges of the government's earliest hours with pluck, ability, and enviable resourcefulness. When the world said they would fail, they rolled up their sleeves. This is their story. Praise for Washington's Circle "A fine, readable history of the first presidency . . . [David and Jeanne Heidler] provide not only a lively history but a group portrait of Washington and the various figures vying to influence him."—The Wall Street Journal "Washington's Circle positively glows with narrative exuberance. This is a book that will make even the most jaded student of the American Revolution bark

little laughs of pure delight while reading.”—Open Letters Monthly “Traditional accounts portray Washington as a solitary actor in the drama of American nationhood, as chilly and featureless as the marble shaft that dominates his namesake capitol. In fact, he was the intensely human lead in one of history’s most colorful, and contentious, ensembles. David S. Heidler and Jeanne T. Heidler bring the whole cast to unforgettable life in this character study-cum-group portrait-cum-old-fashioned page-turner.”—Richard Norton Smith, author of *On His Own Terms*

#### *Time of Death Crown*

Mother, Wife, Daughter, Friend, Employee, Drunk! One woman's true story of living as all-of the above. Beautifully written as a letter, Anonymous Mummy literally talks to you about her life and her deep-rooted battle with never feeling good enough and her eventual addiction to alcohol. This little book is so much more than a sad story, it is filled with hope, honesty and a real insight into the struggles and desperation we can all face as we try to build a marriage a home and a future. This is a story that resonates within households all over the world, it gets right under the kitchen table of an addiction that has been running riot behind closed doors for centuries. Home and Dry is a small book containing a hugely honest and powerful story. The author takes you by the hand and talks you through her brutal journey of self-sabotage, self-destruction and eventual victory. This is not a self-help book, it's a book of self-discovery.

#### *Rachelle Flat World Knowledge*

Two British police detectives take on a case close to home: “One of the most consistently entertaining, insightful crime writers working today” (Gillian Flynn). One of Entertainment Weekly’s “10 Great Summer Thrillers” Tom Thorne is on holiday with his girlfriend, DS Helen Weeks, when two girls are abducted in Helen’s hometown in Warwickshire. When a body is discovered and a man is arrested, Helen recognizes the suspect’s wife as an old school friend, and reluctantly returns home for the first time in twenty-five years to lend her support. As his partner faces up to a past she has tried desperately to forget and a media storm engulfs the town, Thorne becomes convinced that, despite overwhelming evidence of his guilt, the police have got the wrong man. There is still an extremely clever killer on the loose—and a missing girl who Thorne believes might still be alive . . . “Some ingenious forensic footwork. What is most impressive about the novel, however, is the astute observation of the beleaguered Bates family, who turn in on themselves as the inhabitants of the town turn on them.” —The Guardian

#### *Michael Black Serpent Erotica*

The world knows Madame Tussaud as a wax artist extraordinaire . . . but who was this woman who became one of the most famous sculptresses of all time? In these pages, her tumultuous and amazing story comes to life as only Michelle Moran can tell it. The year is 1788, and a revolution is about to begin. Smart and ambitious, Marie Tussaud has learned the secrets of wax sculpting by working alongside her uncle in their celebrated wax museum, the Salon de Cire. From her popular model of the American ambassador, Thomas Jefferson, to her tableau of the royal family at dinner, Marie’s museum provides Parisians with the very latest news on fashion, gossip, and even politics. Her customers hail from every walk of life, yet her greatest dream is to attract the attention of Marie Antoinette and Louis XVI; their stamp of approval on her work could catapult her and her museum to the fame and riches she desires. After months of anticipation, Marie learns that the royal family is willing to come and see their likenesses. When they finally arrive, the king’s sister is so impressed that she requests Marie’s presence at Versailles as a royal tutor in wax sculpting. It is a request Marie

knows she cannot refuse—even if it means time away from her beloved Salon and her increasingly dear friend, Henri Charles. As Marie gets to know her pupil, Princesse Élisabeth, she also becomes acquainted with the king and queen, who introduce her to the glamorous life at court. From lavish parties with more delicacies than she’s ever seen to rooms filled with candles lit only once before being discarded, Marie steps into a world entirely different from her home on the Boulevard du Temple, where people are selling their teeth in order to put food on the table. Meanwhile, many resent the vast separation between rich and poor. In salons and cafés across Paris, people like Camille Desmoulins, Jean-Paul Marat, and Maximilien Robespierre are lashing out against the monarchy. Soon, there’s whispered talk of revolution. . . . Will Marie be able to hold on to both the love of her life and her friendship with the royal family as France approaches civil war? And more important, will she be able to fulfill the demands of powerful revolutionaries who ask that she make the death masks of beheaded aristocrats, some of whom she knows? Spanning five years, from the budding revolution to the Reign of Terror, Madame Tussaud brings us into the world of an incredible heroine whose talent for wax modeling saved her life and preserved the faces of a vanished kingdom.

#### *Best Asshole Husband Ever Black Serpent Erotica*

A young man is in his freshman year at college. It's the first month of college, and he hooks up with his old friend from back home to go to a party. His friend Jason is in his final year at the college, and he has been openly gay the past couple of years. Michael knows this, but he himself is battling with his own sexuality. As most of Jason's friends are gay, there are a lot of gay people at the party when they show up. Michael feels a bit uncomfortable and freaks out when a guy comes on to him. He is in utter denial about his sexuality. Jason takes him off to one side to find out what's wrong, and they go up to an empty bedroom to have a heart to heart at which point Jason seduces him, quite roughly. This is an explicit erotic short story of approximately 5,000 words. It contains graphic language and sexual themes. It is meant only for adults who are interested in this type of material for viewing in jurisdictions where its sale and enjoyment does not violate any local laws.

#### *How Cells Send, Receive, and Process Information Random House*

Please note: this book was written and published prior to Manning's identification as Chelsea. Beginning in early 2010, Chelsea Manning leaked an astounding amount of classified information to the whistleblower website WikiLeaks: classified combat videos as well as tens of thousands of documents from the war in Afghanistan, hundreds of thousands from Iraq, and hundreds of thousands more from embassies around the globe. Almost all of WikiLeaks's headline-making releases of information have come from one source, and one source only: Chelsea Manning. Manning's story is one of global significance, yet she remains an enigma. Now, for the first time, the full truth is told about a woman who, at the age of only twenty-two, changed the world. Though the overarching narrative in media reports on Manning explain her leaks as motivated by the basest, most self-serving intentions, Private paints a far more nuanced, textured portrait of a woman haunted by demons and driven by hope, forced into an ethically fraught situation by a dysfunctional military bureaucracy. Relying on numerous conversations with those who know Manning best, this book displays how Manning's precocious intellect provided fertile ground for her sense of her own intellectual and moral superiority. It relates how a bright kid from middle America signed on to serve her country and found herself serving a cause far more sinister. And it explains what it takes for a person to betray her orders and fellow troops—and her own future—in order to fulfill what she sees as a higher

purpose. Manning's court-martial may be the military trial of the decade, if not the century. This book is a must-read for anyone who wants to understand the woman behind it all.
