Routledge

The affirmative action program has engendered a hostile reaction in many quarters. Originating in presidential executive orders and civil rights legislation, the program is intended to combat institutional race and sex discrimination by encouraging public and private organizations to go beyond the mere cessation of formal discriminatory practices—to enact their own programs to end unfair practices. In contrast to the passive nondiscrimination of equal

opportunity, affirmative action means that employers must act positively, affirmatively, and aggressively to remove all barriers, however informal or subtle, that prevent minorities and women from having equal access to all levels of the nation's educational, industrial, and government institutions. Is affirmative action, in fact, geared to equal opportunity? Or has it resulted in greater inequality for white males? The authors of this book empirically examine employment in government, industry, and higher education and enrollment in colleges and universities to determine the current status of women and minorities as employees and students. They also describe the machinery of affirmative action, its budget and staff problems, the compliance and enforcement processes, and the results of the program. Their final chapter includes a theoretical explanation for the very apparent resistance to affirmative action and expresses their pessimism about the program's ability to accomplish its goals, especially in light of recent efforts to weaken its already limited power. They close with a discussion of the future of affirmative action and the likelihood of achieving equal opportunity in employment.

Other People's Children Oxford University Press, USA

Utilizing a complete theoretical framework and a global perspective, REVEL for "Society: The Basics," Thirteenth Edition offers students an accessible and relevant introduction to sociology. John Macionis, author of the best-selling *Introductory Sociology* franchise over the last three decades, empowers students to see the world around them through a sociological lens, helping them to better understand their own lives. Informative as well as

engaging, REVEL for "Society: The Basics" will change the way readers see the world, and open the door to a new perspective and new opportunities. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students. NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL."

A Humanistic Perspective The New Press  
4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. The Norton Field Guide to Writing, with Handbook Open Road Media

Flexible, easy to use, just enough detail?and now the number-one best seller. With just enough detail ? and color-coded links that send students to more detail if they need it ? this is the rhetoric that tells students what they need to know and resists the temptation to tell them everything there is to know. Designed for easy reference ? with menus, directories, and a combined glossary/index. The Third Edition has new chapters on academic writing,

choosing genres, writing online, and choosing media, as well as new attention to multimodal writing. The Norton Field Guide to Writing is available with a handbook, an anthology, or both ? and all versions are now available as low-cost ebooks.

*Changes, Choices, and Constraints*  
Routledge

This textbook provides a survey of sociology. As the scientific study of society, sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity. It focuses on the influence of our relationships around us and how they affect our behaviors and attitudes. The author approaches this subject with a desire to help students find and use sociology in everyday life.

**Essentials of Sociology** John Wiley & Sons Incorporated

Lucas' "The Art of Public Speaking" is the leading public speaking textbook in the field. Whether a novice or an experienced speaker when beginning the course, every student will learn how to be a better public speaker through Lucas' clear explanations. Creative activities, vivid examples, annotated speech samples, and foundation of classic and contemporary rhetoric provide students a strong understanding of public speaking. When instructors teach from this textbook, they benefit from Lucas' Integrated Teaching Package. The Annotated Instructor's Edition and Instructor's Manual, both written by Steve Lucas, provide teaching tips and give outlines on how to use the various supplements. As a result, instructors are able to see various teaching examples, how to integrate technology, and analyses and discussion questions for video clips in class. The

Annotated Instructor's Edition, Instructor's Manual, Test Bank, CDs, videos, and other supplements provide instructors the tools needed to create a dynamic classroom. This edition has a supplement to meet the needs of online classes, Teaching Public Speaking Online with The Art of Public Speaking.

**Introduction to Sociology 2e**

Routledge

Examines the interactions between sociological theory and research in various approaches to the study of social structure, evaluating the limitations and functions of each

**Systemic Racism** SAGE Publications

Exploring Sociology is a "students first" resource written with millennial students in mind, and with their help. Bruce Ravelli and Michelle Webber, the authors of Exploring Sociology, believe that theory provides the foundation for sociology and that students need to explore both classical and modern theory to grasp the sociological endeavour fully. Accordingly, this text provides the most comprehensive overview of classical and modern social theories of any textbook. This is the first mainstream introductory sociology text to devote an entire chapter to contemporary theory, and the first to integrate postmodern and post-structural theoretical insights meaningfully throughout the book. The authors inspire students to think sociologically , to engage their sociological imaginations, and to foster an appreciation for how social factors such as income level, gender, and minority status influence who they are and the people they become. Through its distinctive approach to the field, its readability, and its relevance to Canadian students' lives, Exploring Sociology: A Canadian Perspective

supports professors in developing their students' sociological imaginations and encouraging them to see sociology from multiple perspectives. Rarely does the student, the person who uses the textbook and technology, participate in the writing and development process. For the second edition of *Exploring Sociology*, students had an opportunity to offer feedback and to have 'their say'. Students offered their suggestions for improvement through anonymous online surveys, manuscript reviews, and in-class evaluations. The authors addressed students' comments with respect to the presentation of theory and the pedagogical features. MySocLab is not included with the purchase of this product. Important Notice: The digital edition of this book is missing some of the images found in the physical edition.

 - Changes, Choices, and Constraints  
*Marriages and Families: Changes, Choices, and Constraints*, 8/e offers students a comprehensive introduction to many issues facing families in the twenty-first century. The author explores contemporary changes in families and their structure, impacts on the choices available to family members, and constraints that often limit our choices. This approach will help readers better understand the families in which they were raised and are forming themselves. With the most up-to-date material and emerging issues on family behavior, students will be able to make better decisions in their everyday lives. MySocLab is an integral part of the Benokraitis learning program.  A user-friendly introduction to social

inequality. This text is a broad introduction to the many types of inequality— economics, status, political power, sex and gender, sexual orientation, race, and ethnicity— in U.S. society and in a global setting. The author provides a wide range of explanations for inequality and, using the latest research on the multiple impacts of inequality, surveys in detail the personal and social consequences of social inequality. Learning Goals Upon completing this book, readers will be able to: Understand that inequality is multidimensional Understand that it is essential to understand the explanations of the various forms of inequality in order to further a resolution to any inequality's undesirable consequences Understand the discussion of inequality in its broader, historical cultural and international context

*Marriages and Families* Thomson

The most popularly read, adapted, anthologized, and incorporated primer on sociology ever written for modern readers Acclaimed scholar and sociologist Peter L. Berger lays the groundwork for a clear understanding of sociology in his straightforward introduction to the field, much loved by students, professors, and general readers. Berger aligns sociology in the humanist tradition—revealing its relationship to the humanities and philosophy—and establishes its importance in thinking critically about the modern world. Throughout, Berger presents the contributions of some of the most important sociologists of the time, including Max Weber, Émile Durkheim, Vilfredo Pareto, and Thorstein Veblen.

This is the eBook of the printed book and

may not include any media, website access codes, or print supplements that may come packaged with the bound book. Examines personal belief systems and societal views Marriages and Families: Diversity and Change, 8 th edition, challenges students to examine their personal belief systems and societal views. Using an engaging narrative and sociological approach, the text integrates race, class, and gender into the discussion of family experiences. It guides students to make informed choices and decisions about their own marriage, family, and intimate relationships.

New Mysoclab with Pearson Etext -- Standalone Access Card -- For Society:

The Basics Pearson College Division

This is a supplement to any standard sociology text, giving broad and comprehensive sociological description of five diverse contemporary societies with wide geographic distribution. The text is structured so as to parallel the major sections of a standard introductory sociology text. By comparing other societies with their own, students learn about the range of social variation, and they learn what makes their own society distinctive. - Each chapter is organized around basic sociological topics: culture, social structure, group life, socialization, deviance, social institutions, social stratification and social change. - To help students use their imaginations in picturing unfamiliar societies, the text includes fictional vignettes of individuals in each society. - New sections include expanded discussion of political Islam, responses to economic globalization, an enlarged discussion of schooling and socialization in Japan, social change in Africa, conflict and cohesion in Europe, and demographic changes in Japan,

Mexico, Egypt and Germany.

**Global Sociology** Pearson

Examines personal belief systems and societal views Marriages and Families: Diversity and Change, 7th edition, challenges students to examine their personal belief systems and societal views. Using an engaging narrative and sociological approach, the text integrates race, class, and gender into the discussion of family experiences. It guides students to make informed choices and decisions about their own marriage, family, and intimate relationships. A better teaching and learning experience This program will provide a better teaching and learning experience—for you and your students. Here's how: Personalize Learning—The New MyFamilyLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking — “What Will You Learn” learning objectives open each chapter and help to guide students through the material they can expect to master in each chapter. Engage Students — Contemporary stories about real people helps students connect to the material. Explore Theory — Using a sociological and feminist perspective, the authors encourage students to apply the sociological imagination and marriage and family theories to their everyday lives. Support Instructors — An Instructor's Manual, Test Bank, PowerPoints, and the New MyFamilyLab support instructors. Note: MyFamilyLab does not come automatically packaged with this text. *The Presentation of Self in Everyday Life*  
McGraw-Hill College

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Updated with the latest practices, trends, and developments from the field, PRINCIPLES OF SUPPLY CHAIN MANAGEMENT: A BALANCED APPROACH, 4E guides students step by step through the management of all supply chain activity while addressing real-world concerns related to domestic and global supply chains. Comprehensive, one-of-a-kind coverage encompasses operations, purchasing, logistics, and process integration. The text follows the natural flow through the supply chain--resulting in one of the most balanced approaches available. Well-organized chapters demonstrate the practical applications of supply chain management in today's workplace, and intriguing SCM Profiles provide abundant real-world business examples. In addition, the fourth edition includes revised and expanded end-of-chapter questions and problems. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. [The St. Martin's Guide to Writing Short Edition](#) Prentice Hall

Three basic premises guide this highly successful introductory text - first that

theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this

solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.
