Discipline that Works DK Publishing (Dorling Kindersley)

From an internationally recognized integrative physician, a thorough guide to fertility that encompasses all aspects of female well-being to help women prepare their bodies for easy conception, pregnancy, and the delivery of healthy babies. The increase in environmental toxins, processed foods, and stress, as well as the advancing ages at which couples seek to have children, have made it more difficult for women to conceive. In *Be Fruitful*, Dr. Victoria Maizes, an expert on women's health and the executive director of the Arizona Center for Integrative Medicine, delivers all the information women and their partners need in order to conceive with ease and confidence, and to bear healthy children. Warm, friendly, and hands-on, *Be Fruitful* offers a comprehensive self-assessment to help identify any potential physical, emotional, and practical roadblocks that may interfere with conception, as well as clear and easy-to-follow dietary, supplemental, and exercise recommendations proven to increase optimal fertility. Dr. Maizes details how nutrition, mind-body practices, elimination of environmental toxins, and traditional Chinese medicine can all contribute to a successful pregnancy. Unique in its integrative approach, *Be Fruitful* acknowledges that wellness comes from caring for the entire person—not just the physical body—a crucial factor for the countless women trying to conceive and committed to transforming their overall health.

Book Praise & Reviews "As a how-to guide, this book contains everything you may need to know to turn your passions into profits." Bill Bartmann (Billionaire entrepreneur, author, speaker, educator) Read & Give Program A portion of the sale of this book is donated to charity. Book Description Are you unhappy in your job? Are you tired of living paycheck to paycheck and feel like you just don't have enough money, skills, or education to turn your life around? Even if you're not sure you know what it is you like to do, you can change your life and get rich doing it, says entrepreneur Duane Harden in his wise and entertaining new book, *5 Easy Steps to Financial Freedom: Do What You Love & Get Rich Doing It*. Turning your passion into a profitable business is easy, fast, and fun, says Harden, and you can become rich in just five easy steps. First, start by saying yes to financial freedom. Attitude is everything and as the Law of Attraction states, what you put out into the universe is often what you attract. If you imagine yourself financially secure and happy, you will be. Imagining a new life for yourself is the inspiration you need to go out and do the concrete things to turn your dreams into a reality. Conversationally written and filled with humorous drawings, helpful worksheets, and key tips, *5 Easy Steps to Financial Freedom* also offers a 90-day action plan that includes blueprints for success that Harden himself used to build his wealth. His own journey included the purchase of numerous real-estate properties, opening a restaurant, starting a music company, and much more. Harden gives you "Life Assignments" that get you thinking and acting differently. Beware of what he calls the "crabs in a pot" mentality, where everyone is trying to pull everyone else down in order to struggle to the top. Instead, he advises, think positively. Stay away from the naysayers and feed your dream. Soon you will realize that your inner life is reflected in your outer life. Harden helps you to discover the real you, what you want, and how much money you want to be there for you now and in the future. He explains how the real difference between rich people and poor people is fear and an unwillingness to keep an open mind to new opportunities. Rich people are not afraid to take risks, and well-planned risks almost always pay off. Success, he reminds you, is your birthright and it's your job to claim it. Review your credit and your financial house. Clean up the clutter in your life, whether it is the wrong way of thinking or a messy desk. Discover what really makes you tick because when you love what you do it's never really work, and when passion is present the money will miraculously follow. Keep daily positive reminders taped where you can see them, or even have a vision board filled with photographs of where you want to be in life. Write your resignation letter to your boss, but don't send it yet. Just the act of writing it puts you in the right frame of mind for moving on to something much better. "You are what you think and will become what you dream," says Harden. You'll learn to be a PIG (passive income generator) Farmer, which requires little work but makes you tons of money. *5 Easy Steps to Financial Freedom* shows you how go from rags to riches and is understandable and easy to read. This invaluable guide will change your life!

What makes marriages last? What makes couples happy? Is it possible for a so-so marriage to become a great one? From Dr. Terri Orbuch, the renowned therapist and nationally recognized relationship expert known as The Love Doctor®, comes a book that breaks new ground in marital

relationships. The head researcher in a large-scale, unprecedented study funded by the National Institutes of Health—which has followed 373 couples for more than twenty-two years and is ongoing—Dr. Orbuch made some remarkable discoveries about happiness, sexuality, human mating patterns, and relationship longevity. In *5 Simple Steps to Take Your Marriage from Good to Great*, she releases the study's findings to the public in a book for the first time, sharing her insights and never-before-revealed strategies for improving and enhancing your marriage—at every stage. Do you remember the feeling of first being in love? Based on the latest research about what works in happy marriages, Dr. Orbuch offers an accessible, step-by-step roadmap for reconnecting with those feelings and gaining a deeper appreciation for the things you and your spouse share. She defines the five simple strategies to help couples navigate the daily minefield of marriage...from defusing frustrations that erode your relationship to the simple things that will keep your partner happy...from the 10-minute rule to help you really get to know your spouse to reducing boredom and weeding out unprofitable behaviors. Filled with exercises, check lists, and some surprising statistics, *5 Simple Steps to Take Your Marriage from Good to Great* will help you bring happiness, joy and fulfillment to the most important relationship of your life. From the Hardcover edition.

How many self-help books are written by authors whose biggest success is selling self-help books? *Three Simple Steps* is different. Despite stock market crashes, dot-com busts, and the specter of recession, the author started a virtual company from home, using a few thousand dollars of his savings. A few years later, without ever hiring an employee or leaving his home office, he sold it for more than \$100 million. As the economy slipped into another free fall, he did this again with a company in a different field. He accomplished this through no particular genius. Rather, he studied the habits of the many successful men and women who preceded him, and developed three simple rules that, if followed diligently, virtually ensure success. Using them first to escape poverty, then to achieve a life of adventures, he finally turned them toward financial independence. Written in a straightforward and no-nonsense style, *Three Simple Steps* shows you how to take back control of your destiny and reshape your mind for increased creativity, serenity and achievement. While building on the wisdom of great thinkers and accomplished individuals from East and West, *Three Simple Steps* isn't a new age text or guide to esoteric fulfillment. Rather, it's a practical guide to real-life achievement by a pragmatic businessman who attributes his incredible successes to these very simple ideas. *Three Simple Steps* is a must-read guide for everyone who wants to achieve more, live better and be happier.
