 A Door Separates You from Success— Here Is the Key That Opens It. Florence Scovel Shinn, the beloved author of *The Game of Life* and *How to Play It*, left the world one final, brilliant

book written in 1940: *The Secret Door to Success*. In simple, practical terms, Shinn shows you exactly how to remove the barriers that keep you from love, money, purpose, and personal power. Now abridged to its essentials and introduced by PEN Award-winning historian and New Thought writer Mitch Horowitz, this special Condensed Classics edition of *The Secret Door to Success* gives you, in less

than one hour, the tools to start living your highest life today. *The Hidden Pool* Hachette UK  
 Have you noticed that sometimes what you need just falls into place? Perhaps you've met the perfect client or life partner merely by being at the right place at the right time. On the other hand, there are some people who find themselves in one terrible relationship after another

or who seem unable to shake off their bad luck. These experiences are evidence of a very powerful force. It's called the Law of Attraction, and right now it's attracting people, jobs, situations, and relationships to you. The Law of Attraction can be defined as: I attract to my life whatever it is that I give my attention, energy, and focus to - whether positive or negative. Now, with this book, readers

can learn how to use the Law of Attraction deliberately and integrate it into their daily life. By doing this, they will attract all they need to do, know, and have, so they can get more of what they want and less of what they don't want. With an easy-to-follow 3-step formula plus tips, tools, exercises, and scripts, **LAW OF ATTRACTION** shows readers how to: attract their ideal mate and ideal

relationships; increase wealth and abundance; improve their business with more customers, clients, and referrals; discover their ideal job, true calling, or career - and more! THE SECRET opened the minds of readers to the power of positive thinking. LAW OF ATTRACTION is the book to guide you every step of the way towards getting the life you've always desired.

Simon and Schuster  
New Book by International Bestselling Author Rhonda Byrne.  
**The Art of Hunting Humans**  
Simon and Schuster  
A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have

changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push

our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure

that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process.

Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind. *The Secret to Teen Power* Sedona Press  
A purposeful guide for cultivating gratitude as a way of life explores evidence-based practices while providing step-by-step advice for practicing gratitude in accordance with religious, philosophical and spiritual

traditions that support scientific principles. By the best-selling author of *Thanks*, with audio recording Hay House, Inc. Some people would have you believe that you need to earn miracles, or that miracles are only for special people. Bernadette Rodebaugh believes **MIRACLES ARE FOR EVERYBODY!** Bernadette spent nearly two decades learning how to "CALL IN MIRACLES" for

every area of her life as she fought to overcome devastation and challenges-mentally, physically, and spiritually. These challenges inspired her to create this book to help guide others to their miracles much sooner. In *Believe It to Receive It*, you'll discover your unique ability to become a "MIRACLE MAGNET." Using everyday TOOLS that will help you transform

your life from the inside and out, this book is a fast-track in creating the ideal life you've always wanted. You will learn how to ACTIVATE your "NEXT BEST STEP" toward the solution to your problem, or the answer to your prayers. This book acts as a guide to help reconnect you to your inner guidance where all your answers are waiting for you, and are revealed to you one step at a time. Bernadette does not

pretend to have all the answers for you or your situation because she believes YOU have the answers, but you may need a little guidance to help better receive those answers. This is why Bernadette teaches practical TOOLS that have nothing to do with religion or her personal beliefs. However, you can use them in conjunction with your own belief system if you wish. Once you pick

up this book, you'll realize there are no limits to your life unless YOU BELIEVE IN THE LIMITS, which CREATE them!

small tweaks needed for you to be able to "flip the switch" and see your desires start to manifest. These small tweaks, which have the biggest impact, are often the difference between success and failure with Manifestation.. . And they are hidden within the book for those who are ready to see them. Once You Spot The "Hidden Keys" Within The Book, You'll Be A Master of Manifesting Through Your

Imagination And Sense of Feeling. Furthermore, what the author has included within are LAWS. That means they operate under ANY circumstances . But, that means that no matter if your desire is good or bad, just or unjust, these LAWS can be used to manifest it. So, the author asks that if you READ this book, please use these Laws to only manifest desires that are PURE, POSITIVE and

GOOD...Or, do NOT READ IT! When The Author First Stumbled Upon These Laws He Was 21 Years Old, Had No Clue He Was Using Them, And Was In Charge Of \$14.4 Million Dollars In Investments. Joseph graduated college in about half the time of everyone else, and shortly after found himself working for the largest privately held investment firm in the world, with his own branch,

his own assistant, and in charge of \$14.4 million dollars for his investors. Although... because he wasn't CONSCIOUSLY aware of the Laws he was using to his advantage, he ended up peaking, and started to lose clients left and right. That is until he lost his biggest client, Chris, and decided it was time to quit. BUT, once he started to study ancient Scriptures and Texts, he stumbled upon these

Laws of Manifestation and started bending the Universe to work in his favor. And now that he KNOWS what was REALLY going on when he manifested both his rise and fall, he has included that knowledge in "See It, Feel It, Have It" for the people that are ready to see it. He has done this as a way for people to have a lot of the same success he's had in manifesting desires, without most

of the failure. If you desire to find the ANSWERS you've been looking for, by reading the book right now you'll find them inside. But, like stated previously, what Joseph teaches within are LAWS. And the nature of a Law is that they operate whether your desires are GOOD or BAD. So, only read this book if you're going to use it to manifest the GOOD and POSITIVE in your life, or please, don't read it at all.

Too often, people drift through life with a feeling of frustration, longing to find some adventure or purpose in life, envious of those whose lives seem exciting. In **WRITE IT DOWN, MAKE IT HAPPEN**, Henriette Anne Klauser shows you how to write your own lifescrypt. Simply writing

down your goals in life is the first step towards achieving them. The 'writing it down' part is not about time management; it is not a 'to-do today' list that will make you feel guilty if you don't get everything done. Rather, writing it down is about clearing your head, identifying what you want and setting your intent. You can 'make it happen' purely by believing in the possibility. In **WRITE IT DOWN, MAKE**
