 Aace International S Professional PracticeThe AACE International
 Recommended Practices (RPs) are intended to be the main
 technical foundation of our educational, and certification products
 and services. The RPs are a series of documents that contain
 valuable reference information that has been subject to a
 rigorous review process and recommended for use by the
 Technical Board.Recommended Practices - AACE
 InternationalAACE International will enhance your skills and
 knowledge to improve the predictability of cost and schedule
 performance across the entire life cycle of your assets, programs,
 and projects. We provide technical guidance, educational
 products, events and eight professional certifications to address
 the diverse needs of our members and customers.AACE
 International - CertificationAACE International professional
 guidance documents (PGDs) provide roadmaps to improve use
 and understanding for collections of related recommended
 practices. They provide clarification on their purpose, function,
 context, and inter-relationships. Note: These are living
 documents and subject to change frequently as new RPs become
 available.Professional Guidance Documents - AACE
 InternationalThe AACE International Professional Practice Guides
 (PPGs) are references containing the most worthwhile existing
 contributions to the cost engineering field and the advancement
 of total cost management.Publications - Professional Practice
