Highlights ways to work with hyperlinks, create web pages with PowerPoint, video edit, and much more. PowerPoint 2013 For Dummies points you to the power of this updated application so that you can create effective and impressive presentations. *Microsoft PowerPoint 2013: Comprehensive Cengage Learning*. This Microsoft PowerPoint 2013, Exam 77-422 is the only Microsoft Official Academic Course (MOAC) textbook. This series includes a complete classroom instructional program. The PowerPoint 2013 text is mapped to the PowerPoint 2013 certification exam objectives and is designed to re-enforce workforce skills. With this book students learn to create complex slide shows such as product plans, reports, and marketing materials. Students will learn how to create slide shows based on custom templates generated by others and reuse slides. They will master the creation of slides that include

sophisticated data presented in visual formats. They will know how to pause and move back and forth in slide shows, jump to specific slides, drill down to supporting data, mark up slides and much more. PowerPoint 2013 certification can help students with classwork and differentiate job hunters in today's competitive job market. The Microsoft Official Academic Course (MOAC) Office

series also offers OfficeGrader. This valuable tool corrects your students' tasked-based assignments. Students work on real-world problems like the ones they will encounter in the workforce ensuring they are ready for real professional challenges. OfficeGrader allows for efficient and consistent grading saving time for other important teaching activities. Grading is easier than ever allowing

faster assignment turnaround to students. Microsoft Powerpoint 2013 Essentials (Speedy Study Guides) Pearson Education With proven pedagogy that emphasizes critical-thinking, problem-solving, and in-depth coverage, New Perspectives helps students develop the Microsoft Office 2013 skills they need to be successful in college and beyond.

Updated with all new case-based tutorials, New Perspectives Microsoft PowerPoint 2013 continues to engage students in applying skills to real-world situations, making concepts relevant. A new Troubleshoot case problem enhances critical thinking, and a new tutorial on Managing Your Files helps students navigate Windows 8. As always, New Perspectives improves

The idea behind this book is to give you the reader the ability to create a complete presentation

in PowerPoint, using as many of the features as you wish, and also to have a complete knowledge and understanding of those features and the program itself, so that in the end you would have mastered the art of creating presentations in PowerPoint. We have chosen to go beyond just the basic PowerPoint, we have added information regarding three separate areas which are related ,

but are not part of PowerPoint program as it is originally loaded on your PC, they are however available through downloads. Full coverage is given to "PowerPoint Mix", "Social Share" and "Sway". Mix is a PowerPoint Add in specifically for PowerPoint 2013 which allows you to add appealing content, and to turn your presentation into an interactive online lesson. Social Share is a free plug in

available to PowerPoint which enables you to share your slides and presentations to Facebook and Twitter without leaving PowerPoint.
