English File 4E Intermediate Student Book Oxford University Press

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

China and India's new-found interest in trade and investment with Africa - home to 300 million of the globe's poorest people and the world's most formidable development challenge - presents a significant opportunity for growth and integration of the Sub-Saharan continent into the global economy. Africa's Silk Road finds that China and India's South-South commerce with Africa is about far more than natural resources, opening the way for Africa to become a processor of commodities and a competitive supplier of goods and services to these countries - a major departure from its long established relations with the North. A growing number of Chinese and Indian businesses active in Africa operate on a global scale, work with world-class technologies, produce products and services according to the most demanding standards, and foster the integration of African businesses into advanced markets. There are significant imbalances, however, in these emerging commercial relationships. These can be addressed through a series of reforms in all countries: 'At-the-border' reforms, such as elimination of China and India's escalating tariffs on Africa's leading exports, and elimination of Africa's tariffs on certain inputs that make exports uncompetitive 'Behind-the-border' reforms in Africa, to unleash competitive market forces and strengthen its basic market institutions 'Between-the-border' improvements in trade facilitation mechanisms to decrease transactions costs Reforms that leverage linkages between investment and trade, to allow African businesses to participate in global production networks that investments by Chinese and Indian firms can generate.

This book advocates a new approach to pronunciation teaching, in which the goal is mutual intelligibility among non-native speakers, rather than imitating native speakers. It will be of interest to all teachers of English as an International Language, especially Business English. It proposes a basic core of phonological teaching, with controversial suggestions for what should be included.

Now off-limits to settlers, it's warded by guardian machines who will protect the planet until the Institutes of the Five Galaxies declare Jijo ready—in another million years—for new civilization. But mere laws and guardians can't keep out the desperate. Clandestine bands of "sooners" have sneaked down to the lonely planet. Six intelligent races—all refugees—have bickered . . . then built a new society in the wilds of Jijo, hidden beneath forest canopies. Together they live in harmony—and in fear of the day their illegal colony will be discovered and judgment from the Five Galaxies will rain down upon them. One day a strange starship finally does appear on Jijo. But its owners do not bring law or judgment. Only dire secrets. And they'll do whatever it takes to keep them . . . This ebook features a new introduction by the author. Hugo Award Finalist "A captivating read . . . *Brightness Reef* leaves you looking forward to more.
