PSYCHOLOGY PHI**
Learning Pvt. Ltd.

Emotional Intelligence (EI) is a personality development tool which can be developed at any stage of life to enhance one's ability and get desired success in various life pursuits. This book is conceived to prove as an effective source of motivation and know-how of getting imbued with the EI skills. The book describes emotional intelligence as a key to attain success in life. It highlights how managing emotional traits like anger, jealousy, empathy, love and so on can help a person to be a better human being and emerge as a winner in life. Organized well, the chapters comprehensively explain the concept of emotional intelligence with relation to its development and utilization for getting desired success in one's personal, social and professional life. The book, thus, have the needed potential to equip the readers with the knowledge, skills and applied aspects of EI and its measure, EQ, for deriving rich dividends through the development and application of EI skills (mostly emotional and social in nature). The book also helps people with high IQ to analyze that EQ

and IQ goes hand-in-hand, and by developing the EI skills they can excel in those spheres of life, where they otherwise fail to excel with IQ alone. The book is designed for the postgraduate students of Psychology, Education and Management. Besides, the book is also useful for the professionals and general readers. It is going to prove an asset for those who are suffering from failures and lack of confidence. Key features Provides an easy workable model of EI for utilizing EI skills as key to success. Includes reader-friendly features like key ideas (within boxes), figures, tables, case studies and illustrations from daily life and Panchatantra stories and folk tales.

Big Ideas to Guide Effective Teaching
Lulu.com

This 'examination-oriented' and 'student-oriented' book is primarily designed to meet examination needs of the students of BEd, BT, LT and BA (Education). Its subject matter is authentic, has all-encompassing coverage and is deeply insightful. The text has been supplemented with charts, diagrams, figures and tables to make the subject interesting and more comprehensible. Such a unique combination brings crystal clarity into the concepts

and enables students to obtain maximum marks in the examination. With a view to provide a comprehensive overview of educational psychology, readers are introduced to the lives and works of some fifty great educational psychologists. This enables the students to unlock the doors of a treasure house of information, knowledge and wisdom enshrined in the thought and practices propounded by these masterminds. The third edition adds some new thoughts and approaches.

NEW IN THE THIRD EDITION • Education of children with special needs • Inclusive education • Counselling • Albert Bandura's theory of social learning • Principles of growth and development • Detailed discussion on Erickson's theory of 8-stages of development of a child • Factors that affect learning • Augmented question bank at the end of chapters that includes objective-type questions, like MCQs and Fill in the blanks • Improved readability

PHI Learning Pvt. Ltd.

The book thoroughly explains various theories and concepts applied in

the field of learning and teaching. It orderly describes effective techniques and methods by using descriptive analytical approach and methodology. It covers in the intelligible form a wide spectrum of information inclusive of that required for the compulsory paper "Learning and Teaching" incorporated in the curriculum of B.Ed. courses of various Indian universities in accordance with the guidelines of National Council for Teacher Education (NCTE). The book discusses the nature and importance of learning theories propagated by behaviourists, cognitivists and humanists. It also focuses on pedagogy, andragogy, models of teaching, tasks and process of learning, strategies of teaching, learning styles, concepts of e-learning and m-learning in the applications of ICT. **KEY FEATURES :** • Full coverage of syllabi of all the Indian universities • Diligently arranged chapters for the sequential learning • Comprehensive explanation with illustrative examples and case studies • Explicit figures, tables and

diagrams for easy interpretation • Summary at each chapter-end for quick review The book is primarily intended to B.Ed. students. Besides, the text is also of immense value to the students of B. EL Ed., M.Ed., MA (Ed.), M.Phil., and teachers, training professionals and counsellors.

Essentials of Educational Psychology

Orient Blackswan

AN INTRODUCTION TO SPECIAL EDUCATION

SAGE Publishing India

This revised and expanded edition is a sequel to the first edition which was warmly received by the student and teaching community for its indepth analysis and refreshing approach to the subject. Psychology of Individual differences Transfer of Learning or Training Emotional Development and Emotional Intelligence Learning Disabilities and Learning Disabled Children Beginning with an introduction to the nature and scope, and the various schools of psychology, the book discusses the systems propounded by Freud, Adler, Jung and Piaget, taking into account their

critical importance to the subject. It then focuses on the psychology of growth and development, psychology of individual differences, motivation, attention and personality, with an emphasis on the individual's attitude towards learning, and the factors influencing learning. The text also elaborates the nature and theories of learning and the aspects of memory such as remembering and forgetting. The cognitive aspect, i.e. intelligence, and vital topics like creativity and the psychology of thinking, reasoning and problem-solving have been accorded due prominence. A detailed discussion on exceptional children and learning disabled children together with the educational measures for overcoming such disabilities is also included. The text concludes with an important aspect of human behaviour, namely, adjustment. Interspersed with examples, illustrations and tables, this text is ideally suited for postgraduate students of education and psychology. It can also be profitably used by teachers, teacher-educators, guidance and

counselling personnel, and administrators of educational institutions.

Essentials of Educational Psychology
