Student Unit Guides are  
perfect for revision. Each

guide is written by an  
examiner and explains  
the unit requirements,  
summarises the relevant  
unit content and includes  
a series of specimen  
questions and answers.  
There are three sections  
to each guide:

Introduction - includes  
advice on how to use the  
guide, an explanation of  
the skills being tested by  
the assessment  
objectives, an outline of  
the unit or module and,  
depending on the unit,  
suggestions for how to  
revise effectively and  
prepare for the  
examination questions.

Content Guidance -  
provides an examiner's  
overview of the module's  
key terms and concepts  
and identifies  
opportunities to exhibit  
the skills required by the  
unit. It is designed to help  
students to structure their  
revision and make them  
aware of the concepts  
they need to understand  
the exam and how they  
might analyse and  
evaluate topics. Question  
and Answers - sample  
questions and with graded  
answers which have been  
carefully written to reflect  
the style of the unit. All  
responses are

accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.
