BRANDT HOBBS

Modern American Poets Wadsworth Publishing Company
 This edition of Robert DiYanni's *Literature* presents 55 stories; 334 poems; 16 plays and offers classic works as well as works by authors who are writing today, eight Authors in Context, and a Transformations chapter on revisions, translations, and adaptations. The accompanying CD-ROM contains 28 interactive author casebooks (biographies, interactive texts, timelines, and bibliographies related to a single writer) and includes a collection of readings of poems, dramatizations of stories, and brief video lectures by McGraw-Hill authors and other experts. A.R.I.E.L. is multimedia that serves to complement this literature text.

The Language of the Night Longman Publishing Group
 "Some of the finest examples of contemporary, genuinely American prose. White's style incorporates eloquence without affection, profundity without pomposity, and wit without frivolity or hostility. Like his predecessors Thoreau and Twain, White's creative, humane, and graceful perceptions are an education for

the sensibilities." — Washington Post The classic collection by one of the greatest essayists of our time. Selected by E.B. White himself, the essays in this volume span a lifetime of writing and a body of work without peer. "I have chosen the ones that have amused me in the rereading," he writes in the Foreword, "alone with a few that seemed to have the odor of durability clinging to them." These essays are incomparable; this is a volume to treasure and savor at one's leisure.

The McGraw-Hill Book of Poetry The Saylor Foundation
 Duke Wolff was a flawless specimen of the American clubman -- a product of Yale and the OSS, a one-time fighter pilot turned aviation engineer. Duke Wolff was a failure who flunked out of a series of undistinguished schools, was passed up for military service, and supported himself with desperately improvised scams, exploiting employers, wives, and, finally, his own son. In *The Duke of Deception*, Geoffrey Wolff unravels the enigma of this Gatsbyesque figure, a bad man who somehow was also a very good father, an inveterate liar who falsified everything but love.

You Are What You Read Princeton University Press

"Developed to be used alone or as part of the Annenberg-funded

telecourse, MODERN AMERICAN POETS provides a rich collection of American poetry from the 20-century and includes an extensive selection of poems by thirteen poets represented in the film series, as well as additional poems representing the voices and visions of more than 60 other modern American poets. The introduction to reading poetry (Part I) provides an excellent overview and fully demonstrates the importance of active involvement and annotation. The heart of MODERN AMERICAN POETS is the poetry itself in Parts II and III. The range, diversity, and power of poetry in our time is presented here." --

A Writer's Reference John Wiley & Sons

How redesigning your syllabus can transform your teaching, your classroom, and the way your students learn Generations of teachers have built their classes around the course syllabus, a semester-long contract that spells out what each class meeting will focus on (readings, problem sets, case studies, experiments), and what the student has to turn in by a given date. But what does that way of thinking about the syllabus leave out—about our teaching and, more importantly, about our students' learning? In *Syllabus*, William Germano and Kit Nicholls take a fresh look at this essential but almost invisible bureaucratic document and use it as a starting point for rethinking what students—and teachers—do. What if a teacher built a semester's worth of teaching and learning backward—starting from what students need to learn to do by the end of the term, and only then selecting and arranging the material students need to study? Thinking through the lived moments of classroom engagement—what the authors call "coursetime"—becomes a way of striking a balance between improv and order. With fresh insights and concrete suggestions, *Syllabus* shifts the focus away from the teacher to the work and growth of students, moving the classroom closer to the genuinely collaborative learning community we all want to create.

Susan Sontag McGraw-Hill Humanities/Social Sciences/Languages
An affordable reader with 50 classic and contemporary readings. Alphabetically organized by author, for ease and flexibility.

A Pocket Style Manual with 2021 MLA Update Rosetta Books

Powerful strategies, tools, and techniques for educators teaching students critical reading skills in the humanities. Every educator understands the importance of teaching students how to read critically. Even the best teachers, however, find it challenging to translate their own learned critical reading practices into explicit strategies for their students. *Critical Reading Across the Curriculum: Humanities, Volume 1* presents exceptional insight into what educators require to facilitate critical and creative thinking skills. Written by scholar-educators from across the humanities, each of the thirteen essays in this volume describes strategies educators have successfully executed to develop critical reading skills in students studying the humanities. These include ways to help students: focus actively re-read and reflect, to re-think, and re-consider understand the close relationship between reading and writing become cognizant of the critical importance of context in critical reading and of making contextual connections learn to ask the right questions in critical reading and reasoning appreciate reading as dialogue, debate, and engaged conversation In addition, teachers will find an abundance of innovative exercises and activities encouraging students to practice their critical reading skills. These can easily be adapted for and applied across many disciplines and course curricula in the humanities. The lifelong benefits of strong critical reading skills are undeniable. Students with properly developed critical reading skills are confident learners with an enriched understanding of the world around them. They advance

academically and are prepared for college success. This book arms educators (librarians, high school teachers, university lecturers, and beyond) with the tools to teach a most paramount lesson.

Writing Spaces: Readings on Writings, Vol. 2 Macmillan Higher Education

Simple, straightforward, and respectful, "Putting It Together" gives students the chance to successfully learn and practice the fundamental skills of college reading in the context of exciting whole essays and a wide range of textbook readings.

Encounters: Essays for Exploration and Inquiry McGraw-Hill Humanities, Social Sciences & World Languages

For an undergraduate introductory level course in humanities. An introduction to the world's major civilizations. This Fourth Edition is an introduction to the world's major civilizations—to their artistic achievements, their history, and their cultures. Through an integrated approach to the humanities, Arts and Culture offers an opportunity to view works of art, read literature, and listen to music in historical and cultural contexts. In studying the humanities, we focus our attention on works of art, literature, and music that reflect and embody the central values and beliefs of particular cultures and specific historical moments.

Women's Voices SIU Press

In the deep winter snows of a Swedish hamlet, a strange young woman fakes a break-in at the house of an elderly artist in order to persuade her that she needs companionship. But what does she hope to gain by doing this? And who ultimately is deceiving whom? In this portrayal of two women grappling with truth and lies, nothing can be taken for granted. By the time the snow thaws, both their lives will have changed irrevocably.

The Imaginative Argument Arcturus Publishing

This is, perhaps, the widest ranging, most comprehensive poetry collection available, and it is useful for poetry courses at all levels. It contains an excellent introduction to reading poetry and understanding the elements, as well as sections on poems and paintings, poems and music, and poems from other languages. Sections on featured poets are integrated with the chronological anthology which gives students a perspective on the variety and range of a large group of poets. This multi-national, multi-cultural, multi-genre and multi-lingual collection gives students a view and instructors an opportunity to teach the universality of poetry. Includes a superb historical range of poetry, from its recorded beginnings to most contemporary.

Duke of Deception Sort of Books

How you can enrich your life by becoming a more skillful and engaged reader of literature We are what we read, according to Robert DiYanni. Reading may delight us or move us; we may read for instruction or inspiration. But more than this, in reading we discover ourselves. We gain access to the lives of others, explore the limitless possibilities of human existence, develop our understanding of the world around us, and find respite from the hectic demands of everyday life. In *You Are What You Read*, DiYanni provides a practical guide that shows how we can increase the benefits and pleasures of literature by becoming more skillful and engaged readers. DiYanni suggests that we attend first to what authors say and the way in which they say it, rather than rushing to decide what they mean. He considers the various forms of literature, from the essay to the novel, the short story to the poem, demonstrating rewarding approaches to each in sample readings of classic works. Through a series of illuminating oppositions, he explores the paradoxical pleasures of reading: solitary versus social reading, submitting to or resisting the author, reading inwardly or outwardly, and more. DiYanni closes with nine recommended reading practices, thoughts on the different experiences of print and digital reading, and advice

on what to read and why. Written in a clear, inviting, and natural style, *You Are What You Read* is an essential guide for all who want to enrich their reading—and their life.

Syllabus McGraw-Hill Companies

With pedagogy that encourages students to respond to print and visual texts, *Encounters* provides a spectrum of provocative and beautifully written student and professional essays. Alphabetically organized, this versatile reader for first year writing courses offers a strong selection of student essays. The approach emphasizes the writing process and the craft of writing.

Professional readings are organized to build from the informal essay to formal academic and argument writing. There is a section on reading and writing about artwork and photography that explains how to analyze paintings and photographs.

Elemental Haiku Arte Publico Press

Is it possible that a book of readings can help you develop your writing skills and guide you to success in your composition course? It can when the book is *OCCASIONS FOR WRITING*, an exciting new collection of readings that helps you discover how everything you encounter in life is an occasion or reason to write! In addition to its large selection of untraditional, fascinating readings, this reader contains effective "Occasions for Writing" activities that help you to look closely at written text, photographs, other media—and literally everything in your life—guiding you in developing the fresh ideas that lead to strong, original essays.

Putting It Together Routledge

This ebook has been updated to provide you with the latest guidance on documenting sources in MLA style and follows the guidelines set forth in the *MLA Handbook*, 9th edition (April 2021). How do I fix a comma splice? How do I cite a Youtube video? No matter your question or the writing project, *A Pocket Style Manual* has the answers. With its quick, easy-to-find explanations and plenty of examples—including full model papers and more than 200 documentation models—this book will become your go-to guide in your English class, the rest of college, and even your career.

The Reader, the Text, the Poem Ten Speed Press

More than merely a writing text, *The Imaginative Argument* offers writers instruction on how to use their imaginations to improve their prose. Cioffi shows writers how they can enliven argument—the organizing rubric of all persuasive writing—by drawing on emotion, soul, and creativity, the wellsprings of imagination. While Cioffi suggests that argument should become a natural habit of mind for writers, he goes still further, inspiring writers to adopt as their gold standard the imaginative argument: the surprising yet strikingly apt insight that organizes disparate noises into music, that makes out of chaos, chaos theory. Rather than offering a model of writing based on established formulas or templates, Cioffi urges writers to envision argument as an active parsing of experience that imaginatively reinvents the world. Cioffi's manifesto asserts that successful argument also requires writers to explore their own deep-seated feelings, to exploit the

fuzzy but often profoundly insightful logic of the imagination. But expression is not all that matters: Cioffi's work anchors itself in the actual. Drawing on Louis Kahn's notion that a good architect never has all the answers to a building's problems before its physical construction, Cioffi maintains that in argument, too, answers must be forged along the way, as the writer inventively deals with emergent problems and unforeseen complexities. Indeed, discovery, imagination, and invention suffuse all stages of the process. *The Imaginative Argument* offers all the intellectual kindling that writers need to ignite this creativity, from insights on developing ideas to avoiding bland assertions or logical leaps. It cites exemplary nonfiction prose stylists, including William James, Ruth Benedict, and Erving Goffman, as well as literary sources to demonstrate the dynamic of persuasive writing. Provocative and lively, it will prove not only essential reading but also inspiration for all those interested in arguing more imaginatively more successfully.

Culture, Mind, and Brain John Wiley & Sons

Now you can strengthen your critical-thinking skills as well as your writing abilities as you analyze an assortment of texts and visuals using the unique *FRAMES OF MIND: A RHETORICAL READER WITH OCCASIONS FOR WRITING*, Second Edition. The book's effective blend of visual analysis and writing activities from well-recognized leaders in the field examines traditional rhetorical patterns not only as methods for effective writing, but also as strategies for critical thinking. Unique "Occasions for Writing" activities lead you through a step-by-step inductive journey of self-discovery that encourages you to write in a rhetorical mode without simply mimicking a piece of writing. Annotated examples at the beginning of each chapter with a distinctive full-color design help clarify concepts. New examples of student essays join this edition's strengthened blend of classic and contemporary readings to provide a variety of engaging examples for your reference and analysis.

Literature: Approaches to Fiction, Poetry, and Drama Harper Collins
