Sun and Rain McGraw-Hill Education
A contemporary American masterpiece about music, race, an unforgettable man, and an unreal America during the Civil War era At the heart of this remarkable novel is Thomas Greene Wiggins, a nineteenth-century slave and improbable musical genius who performed under the name Blind Tom. Song of the Shank opens in 1866 as Tom and his guardian, Eliza Bethune, struggle

to adjust to their fashionable apartment in the city in the aftermath of riots that had driven them away a few years before. But soon a stranger arrives from the mysterious island of Edgemere—inhabited solely by African settlers and black refugees from the war and riots—who intends to reunite Tom with his now-liberated mother. As the novel ranges from Tom's boyhood to the heights of his performing career, the inscrutable savant is buffeted by opportunistic teachers and crooked managers, crackpot healers and militant prophets. In his symphonic novel, Jeffery

Renard Allen blends history and fantastical invention to bring to life a radical cipher, a man who profoundly changes all who encounter him.

An inside look at a cable titan and his industry John Malone, hailed as one of the great unsung heroes of our age by some and reviled by others as a ruthless robber baron, is revealed as a bit of both in *Cable Cowboy*. For more than twenty-five years, Malone has dominated the cable television industry, shaping the world of entertainment and communications, first with his cable company TCI and later with Liberty Media. Written with Malone's unprecedented cooperation, the engaging narrative brings this controversial capitalist and

businessman to life. *Cable Cowboy* is at once a penetrating portrait of Malone's complex persona, and a captivating history of the cable TV industry. Told in a lively style with exclusive details, the book shows how an unassuming copper strand started as a backwoods antenna service and became the digital nervous system of the U.S., an evolution that gave U.S. consumers the fastest route to the Internet. *Cable Cowboy* reveals the forces that propelled this pioneer to such great heights, and captures the immovable conviction and quicksilver mind that have defined John Malone throughout his career.

Stevens takes readers on a harrowing descent into the mind of a mass

murderer in this eerily realistic serial-killer novel. At the center of this gripping epic novel of mass murder, pursuit, and psychological terror is Thomas Bishop, a psychotic young killer who believes he is the son of Caryl Chessman, who was executed for rape in California amid intense controversy. Subjected to unmerciful physical and mental torture from an early age, Bishop kills his mother at the age of ten and is placed in an institution for the criminally insane. He grows to manhood knowing the outside world only through a television screen. At twenty-five, he succeeds in a brilliant escape and change of identity and begins to move across the country, murdering women in particularly gruesome ways. Pursued by reporters, police, and the mob, Bishop manages to

elude them all, and the search for him becomes the greatest manhunt in US history. The chilling denouement will hold readers spellbound until the shattering, unforgettable conclusion.

Aska is the debut cookbook from chef Fredrik Berselius, following the reimagining and rebuilding of his two-Michelin-starred restaurant. He celebrates the heritage and tradition of his native Sweden, his land in upstate New York, and a deep appreciation for the restaurant's home in Brooklyn. Berselius shares his culinary journey of Scandinavian flavors and techniques through the courses of his exquisite seasonally-driven tasting menu, which features ingredients from an urban farm and local producers across the Northeast

United States. With a stark and poetic Nordic aesthetic, *Aska* includes 85 recipes, evocative personal writing, and stunning photography. "Mr. Berselius is the rare chef who thinks like an artist and gets away with it." —Pete Wells, *New York Times*

A hilarious underground adventure starring the world's most adventurous family of pigs. When Mr. Mellops' golf ball rolls down a crevice, the family's natural response is to prepare a spelunking (cave exploring) expedition! Down the crevice they go, with their

steel helmets and rope ladder. Then, on a rubber raft they follow the underground river at the bottom of the crevice. Stalactites and stalagmites abound, and cave paintings and other remnants of the past are everywhere. Suddenly the raft is punctured, and the Mellops swim to safety - only to find themselves in a smugglers' den. In an exciting turn of events, the clever pigs combine their archaeological explorations with the ingenious capture of these outlaws. A timeless favourite! A beautifully illustrated picture book for ages 3-6.
