## ARELLANO QUINN

---

### Off the Edge Springer

Ce livre commence comme une enquête sur QAnon, la nébuleuse conspirationniste qui a sévi sous Trump et qui s'est cristallisée lors de la prise du Capitole, le 6 janvier 2021. En apnée dans l'univers du complotisme américain contemporain, l'auteur s'attèle à la tâche, vaste et urgente, d'assainir le fatras de confusionnisme qu'est devenu le monde. Q comme qomplot est un coffre à outils pour lutter contre les narrations toxiques qui alimentent le délire paranoïaque ambiant, de ceux qui sont convaincus que Kennedy n'est pas mort à ceux qui disent que la pandémie de coronavirus a été planifiée à l'avance, en passant par ceux qui croient à la conspiration mondiale des chemtrails. L'auteur prend à bras le corps un phénomène politique délétère qui court-circuite le mécontentement et la colère et les détourne vers des boucs émissaires. Un livre monstre qui joint les instruments narratifs et littéraires à la démonstration sociologique, psychologique et historique, et qui fait la preuve

que la littérature a un rôle fondamental à jouer dans le combat contre la haine et le mensonge.

*Alt-America* Princeton University Press

Welcome reader. Please, make yourself comfortable: pull your chair nearer the fire, put your feet up on the dog, settle your cheeks into the toilet seat. This is *The Memeing of Life*, an exhaustive, exhausting, guide to the world of internet memes. Perhaps you have no idea what a meme is, so have bought this little book to expand your small mind. Possibly you're the sort of friendless berk who is already an expert but has picked the book up in order to poke holes in it. Whoever you are, wherever you're from, you're in the right place: prepare to learn everything you need to know about the greatest thing the internet has to offer - memes!

- Intrigued by memes? Wondering what makes them tick, go viral and where they come from? Also in need of a laugh? This is the book for you!
- An entertaining journey through the history, highlights and world-wide domination of memes
- All the best of glorious memedom included, from Bad Luck Brian to Distracted Boyfriend via Harambe the Gorilla and Hide the Pain Harold.
- Some topics covered:
  - Basic memes
  - Political memes and their agency
  - Memes as an outlet for despair and anxiety

Animal memes • Sex and love in the world of memes • Schadenfreude in internet humour • Memes and the real world • The dark underbelly of memes • Wholesome memes

#### **Secret Weapons** Lux Éditeur

Recent years have seen a revival of the heated culture wars of the 1990s, but this time its battle ground is the internet. On one side the alt right ranges from the once obscure neo-reactionary and white separatist movements, to geeky subcultures like 4chan, to more mainstream manifestations such as the Trump-supporting gay libertarian Milo Yiannopolous. On the other side, a culture of struggle sessions and virtue signalling lurks behind a therapeutic language of trigger warnings and safe spaces. The feminist side of the online culture wars has its equally geeky subcultures right through to its mainstream expression. *Kill All Normies* explores some of the cultural genealogies and past parallels of these styles and subcultures, drawing from transgressive styles of 60s libertinism and conservative movements, to make the case for a rejection of the perpetual cultural turn.

#### The Memeing of Life Humanix Books

*Hope for the Flowers: A must read during this time of the corona virus and civil unrest in 2020. Caterpillars, Butterflies, Life & a real Hope Revolution THE WORLD HAS BEEN COCOONING; LET US EMERGE WITH HOPE.* We have all lived through months of strange relationships with ourselves and the world around us. Virtual gatherings have become the norm, while the pain, uncertainty and injustice goes on. What will our new normal possibly become? What new work? How can we do our part to heal the world from whatever limited space we have? How can our United States truly be one nation under God with liberty and JUSTICE FOR ALL? "What might I do to help others during this global crisis? Is likely still your question as well as still mine. I will continue to offer my e-book for \$2.99 with my hope that it can strengthen hope and courage in each of you and your children. We will need all we can get! If inspired, please join our Facebook group - Hope (For the Flowers) Revolution. Maybe we can inspire each other to build the better world that's possible. My hope for us is that, like our caterpillar heroes, Stripe and Yellow, we transform in the darkness of the cocoon to something new and totally unexpected. May we each find a way to use this time of darkness to light the way to justice and peace in the world. May we discover our own new beauty as we discover the beauty in our differences. May we each discover our purpose and live with passion this thing called life, while we still can. "How does one become a butterfly" Yellow asks pensively. "You must want to fly so much That you are willing to give up being a caterpillar." I can't think of anything more transformational and radical than the change that happens when a lowly caterpillar worm becomes a flying beautiful butterfly. And it doesn't end with flying! They find their true purpose, to carry the pollen of love from one flower to another and receive in return the sweet nectar that keeps them alive. What wondrous exchange! Sharing is the answer to so much! I'm so grateful the story seems to reach every culture, and over 3 million have loved and shared the paper version in English and countless more in other languages for 50 years. May each of us and the world flourish after this strange dark cocoon of isolation.

#### *QAnon & the #Pizzagates of Hell* Archway Publishing

This important piece of investigative reportage studies the roots of right-wing extremism in American culture and history to understand its modern-day resurgence in the Trump era Just as Donald Trump's victorious campaign for the U.S. presidency shocked the world, the seemingly sudden national prominence of white supremacists, xenophobes, militia leaders, and mysterious "alt-right" figures mystifies many. But the American extreme

right has been growing steadily in number and influence since the 1990s with the rise of patriot militias. Following 9/11, conspiracy theorists found fresh life; and in virulent reaction to the first black U.S. president, militant racists have come out of the woodwork. Nurtured by a powerful right-wing media sector in radio, TV, and online, the far right, Tea Party movement conservatives, and Republican activists found common ground. Figures such as Stephen Bannon, Milo Yiannopoulos, and Alex Jones, once rightly dismissed as cranks, now haunt the reports of mainstream journalism. Investigative reporter David Neiwert has been tracking extremists for more than two decades. In *Alt-America*, he provides a deeply researched and authoritative report on the growth of fascism and far-right terrorism, the violence of which in the last decade has surpassed anything inspired by Islamist or other ideologies in the United States. The product of years of reportage, and including the most in-depth investigation of Trump's ties to the far right, this is a crucial book about one of the most disturbing aspects of American society. *Global Report on Trafficking in Persons 2020* Algonquin Books Skapades coronaviruset på uppdrag av vaccinindustrin och Bill Gates? Är viruset ett kinesiskt eller amerikanskt biovapen? Bör skulden läggas på den nya 5G-tekniken? Är pandemin rentav en gigantisk bluff? Coronapandemin har inte bara orsakat död, isolering och nedstängningar. Den har också framkallat konspirationsfeber. Viruset hade knappt lämnat Wuhan innan konspirationsteorier började spridas i sociala medier. Snart satte de också avtryck i verkligheten: mobilmaster stacks i brand, folk vägrade följa restriktionerna de smittades och dog, pandemiförnekare protesterade på gatorna och vaccinationsviljan minskade. I USA blev Donald Trump den främsta spridaren av falska påståenden. De handlade inte bara om pandemin, utan om lite av varje, i synnerhet om presidentvalet, något som slutade i en attack mot demokratin. Hur kan folk tro på grundlösa konspirationsteorier? Hur uppstår de? Vilka blir följderna? I *Konspirationsfeber* skildrar Kent Werne hur konspirationsteorierna präglat det senaste året samt hur detta hänt även under tidigare pandemier. Kanske är det något med kriser som gör att människor söker svaren i det dolda, att de drabbas av konspirationsfeber?

#### *Draining the Swamp* Macmillan

A brilliant, disturbing portrait of the dawn of the culture wars, when America started to tear itself apart with doubts, wild allegations, and an unfounded fear for the safety of children. During the 1980s in California, New Jersey, New York, Michigan, Massachusetts, Florida, Tennessee, Texas, Ohio, and elsewhere, day care workers were arrested, charged, tried, and convicted of committing horrible sexual crimes against the children they cared for. These crimes, social workers and prosecutors said, had gone undetected for years, and they consisted of a brutality and sadism that defied all imagining. The dangers of babysitting services and day care centers became a national news media fixation. Of the many hundreds of people who were investigated in connection with day care and ritual abuse cases around the country, some 190 were formally charged with crimes, leading to more than 80 convictions. It would take years for people to realize what the defendants had said all along -- that these prosecutions were the product of a decade-long outbreak of collective hysteria on par with the Salem witch trials. Social workers and detectives employed coercive interviewing techniques that led children to tell them what they wanted to hear. Local and national journalists fanned the flames by promoting the stories' salacious aspects, while aggressive prosecutors sought to make their careers by unearthing an unspeakable evil where parents feared it most. Using extensive archival research and drawing on dozens of interviews conducted

with the hysteria's major figures, n+1 editor Richard Beck shows how a group of legislators, doctors, lawyers, and parents -- most working with the best of intentions -- set the stage for a cultural disaster. The climate of fear that surrounded these cases influenced a whole series of arguments about women, children, and sex. It also drove a right-wing cultural resurgence that, in many respects, continues to this day.

Nesara Institute

"For too long the Left has tried to silence the Right through a war on words. Understanding their tactics and what we can do about it is crucial. Sam Sorbo lays it all out." — Sean Spicer, Host of Spicer&Co In Words for Warriors, with her trademark wit and intelligence, Sam Sorbo shows exactly how radical left-wingers have manipulated language to fit their own socialistic and anti-freedom agenda. Sam Sorbo is on a mission to reclaim today's hot button/culture war words for all freedom-loving Americans. After hearing all the hatred spewing from ideologues, mainstream media, social justice warriors, and political hacks, Sam Sorbo was fed up: "I'm tired of their games, so I'm calling BS on them. It's time to set the record straight, especially for the folks who are just trying to enjoy the lives the Lord gave them and want a few things explained in easy-to-understand prose." Arranged in an accessible "A-Z" glossary style, readers can dip in to discover the real meanings behind the acronyms, words, and phrases that the toxic liberal left loves to force on the rest of us. From Ad hominem, antifa, and anarchy... To woke, wonk, and zeitgeist Mixed with the newly-coined concepts like covidiot, pizzagate, and TERF... Words for Warriors is a treasure trove of linguistic gymnastics the Democrats and other toxic lefties employ to further their anti-American agenda. Arm yourself with Words for Warriors, and fight back against political correctness that squashes real debate, free speech, and prosperity.

**Q comme Qomplot** Laurence King Publishing

How did China undergo its meteoric rise from a technological backwater into a military superpower in outer space? This amazing transition began in top secret US Air Force programs over 75 years ago! While living in America, a brilliant Chinese scientist is chosen to work on the US military's most classified technologies for over a decade. Suddenly, he is outlandishly targeted by the FBI, traded in a prisoner exchange by President Eisenhower and must return to China. This episode ultimately led to China's development of a military-run secret space program (SSP) using exotic electromagnetic propulsion systems now challenging US military dominance on Earth and in outer space. By 2030, China's economy will outgrow the US, and China plans to use its vast economic resources to project its presence deep into space in ways that will lead to increasing military confrontations with the newly created US Space Force. In this book, you will learn about: - The origins of China's SSP through the pioneering work of Dr. Tsien Hsue-shen who brought his advanced knowledge of SSPs in Nazi Germany and the US to China;- How ancient aviation technologies buried in China's mysterious pyramids are being secretly studied and reverse engineered;- Ancient artifacts from extraterrestrial contacts in remote regions of Tibet, the Gobi Desert, and the truth behind legends of Shamballa and Agartha;- China's participation in a United Nations run SSP designed to foster greater international cooperation in responding to the existence of extraterrestrial life;- The space weapons and electromagnetically propelled spacecraft secretly being developed and deployed by China;- The threat posed by Communist China's plan to use Artificial Intelligence to become the dominant superpower on Earth and in Space. The Rise of the Red Dragon represents both a global crisis and opportunity presented by China. Are the US and China

destined to violently clash in an inevitable cataclysmic space war or are they to become strategic partners in guiding humanity's peaceful transition into a space faring galactic civilization?

**Safe Havens for Hate** Arcturus Publishing

\*As featured in the streaming documentary #UNTRUTH—now with a new foreword by George Conway and an afterword by the author\* A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (Kirkus Reviews). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former "Moonie" himself, and he presents a "thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press" (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). *The Cult of Trump* is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. "This book is a must for anyone who wants to understand the current political climate" (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

**Revolution Q** Springer Nature

"A deeply personal and revealing memoir and Hollywood-survival story by *The lost boys* and *Stand by me star*"--

**Folklore and Social Media** Ordfront

"I hope everyone reads this book. It has become such a crucial thing for all of us to understand." —Erin Burnett, CNN "An ideal tour guide for your journey into the depths of the rabbit hole that is QAnon. It even shows you a glimmer of light at the exit." —Cullen Hoback, director of HBO's *Q: Into the Storm* Its messaging can seem cryptic, even nonsensical, yet for tens of thousands of people, it explains everything: What is QAnon, where did it come from, and is the Capitol insurgency a sign of where it's going next? On October 5th, 2017, President Trump made a cryptic remark in the State Dining Room at a gathering of military officials. He said it felt like "the calm before the storm"—then refused to elaborate as puzzled journalists asked him to explain. But on the infamous message boards of 4chan, a mysterious poster going by "Q Clearance Patriot," who claimed to be in "military intelligence," began the elaboration on their own. In the days that followed, Q's wild yarn explaining Trump's remarks began to rival the sinister intricacies of a Tom Clancy novel, while satisfying the deepest desires of MAGA-America. But did any of what Q predicted come to pass? No. Did that stop people from clinging to every word they were reading, expanding

its mythology, and promoting it wider and wider? No. Why not? Who were these rapt listeners? How do they reconcile their worldview with the America they see around them? Why do their numbers keep growing? Mike Rothschild, a journalist specializing in conspiracy theories, has been collecting their stories for years, and through interviews with QAnon converts, apostates, and victims, as well as psychologists, sociologists, and academics, he is uniquely equipped to explain the movement and its followers. In *The Storm Is Upon Us*, he takes readers from the background conspiracies and cults that fed the Q phenomenon, to its embrace by right-wing media and Donald Trump, through the rending of families as loved ones became addicted to Q's increasingly violent rhetoric, to the storming of the Capitol, and on. And as the phenomenon shows no sign of calming despite Trump's loss of the presidency—with everyone from Baby Boomers to Millennial moms proving susceptible to its messaging—and politicians starting to openly espouse its ideology, Rothschild makes a compelling case that mocking the seeming madness of QAnon will get us nowhere. Rather, his impassioned reportage makes clear it's time to figure out what QAnon really is — because QAnon and its relentlessly dark theory of everything isn't done yet.

**Satanismo. Historia del culto al Mal** Open Minds Media  
In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among "Forgotten Americans" despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage—combative, maverick, and fearless. Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider's view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton's crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony

Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. *The Making of the President 2016* reveals how Trump brilliantly picked at Hillary Clinton's weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote. Stone's analysis is akin to Theodore H. White's seminal book *The Making of the President 1960*. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called "one tough cookie."

*Diplomatic and Mediated Arguments in the North Korean Crisis*  
MIT Press

*Unraveling QAnon: A Survivor's Guide to Recovery* Over the past two years, Katrina Vaillancourt shared her story of entry into and exit from the QAnon conspiracy community with me for a book on which I was working. Her account is brimming with curiosity, insight, and vulnerability. So many of us have stereotypes of people who follow QAnon and other conspiracy theories, and we forget the very human reasons that people turn in this direction, which offers equally human strategies to bring them back. Through her radical openness, Katrina opens a door for those curious enough to listen instead of judging. Her message can help many." ~ Jamil Zaki, Stanford Professor of Psychology and author of *War for Kindness* and *Hope for Cynics*  
In the throes of the 2020 pandemic, Katrina Vaillancourt, a dedicated Bernie Sanders supporter and seasoned Nonviolent Communication trainer, found herself unexpectedly spiraling down the rabbit hole of QAnon. "ReQovery: How I Tumbled Down the QAnon Rabbit Hole and Climbed Out" is her candid, vulnerable account of the six tumultuous months she spent ensnared by the "Pastel Q" phenomenon—a journey marked by shock, elation, deep disillusionment, and ultimately recovery. Navigating through intense emotional highs and devastating lows, Katrina's story is not just about the allure of a conspiracy that captivated millions worldwide, but also about the profound psychological toll it takes. With the world turned upside down by a global crisis, she delves into how sophisticated social media algorithms exploit our deepest fears and desires, creating echo chambers that reinforce extreme ideologies. Through her expertise in Nonviolent Communication, Katrina offers a rare glimpse into the subtle yet powerful ways our everyday interactions can either fuel division or foster understanding. "ReQovery" goes beyond a personal saga— it is a crucial guide laden with insights into dismantling the psychological traps set by movements like QAnon and reclaiming a sense of reality grounded in present-moment truths. This book is an indispensable resource for anyone struggling to understand a loved one lost to QAnon, providing not just context but also hope and practical solutions for bridging seemingly insurmountable ideological divides. Join Katrina on her journey back to rationality, equipped with empathy, clarity, and a heartfelt roadmap for healing. Topics Thoroughly Covered in ReQovery: • How could anyone intelligent fall into QAnon? • How on earth could a Bernie supporter flip to supporting Trump? • How did she get out? • What did other's do that helped her come around? • What were the turning points that helped her question QAnon? And so much more ReQovery is a must-read for anyone personally touched by or studying the challenges of misinformation and ideological extremism dividing our nation and

harming the mental health of our people. As a scholar deeply committed to engaging our differences together in deliberation rooted in the fundamental American values we share, I find Katrina's path to be a powerful call to embrace our shared humanity. ~ Barbara A. McGraw, JD, PhD, professor of social ethics, law, public life and politics; author of *Rediscovering America's Sacred Ground: Public Religion and Pursuit of the Good in a Pluralistic America*. As a certified Nonviolent Communication trainer for over two decades, and a mediator before that, I struggled when two dear friends fell into QAnon in 2020. I had tried everything and still these relationships were suffering. When Katrina reached out to me for support during her recovery, our conversations provided mutual benefit. I offered her empathy, and she gave me insights into QAnon that I couldn't have gained otherwise. This education helped me rebuild and maintain close friendships with those holding different worldviews than my own. May the wisdom of Katrina's personal experience of recovery, as shared in this book, be a beacon of light for all who are seeking to restore relational bonds in the wake of QAnon. ~ Jim Manske, Nonviolent Communication assessor, trainer & mediator As an expert in neuroscience, trauma, and Compassionate Communication, I believe Katrina's story is essential to creating compassion and connection across political divides, especially divisions caused by QAnon. ~ Sarah Peyton, certified NVC trainer, founder of Resonance Healing, author of *The Antiracist Heart Words for Warriors PublicAffairs*

The ubiquity of the internet and social media has influenced the lives of people across the globe, including young people involved in street gangs and troublesome youth groups. This development raises important questions about the causes, features, and consequences of online gang behavior, as well as the consequences of this new phenomenon for gang prevention and intervention. In this edited volume, members of an international network of gang researchers, the Eurogang Program of Research, present findings and insights from recent academic gang studies focused on the use of internet and social media. It focuses on online features of gangs and the consequences of social media for the study of these groups. The second section of the book focuses on the meaning of online media for the prevention, monitoring and intervention of gangs, and for gang disengagement processes. This is the first volume focused on the role of internet and social media in the study of gangs. Providing much needed insights into online gang processes, it will appeal to students and researchers interested in gangs and juvenile delinquency, and to professionals, practitioners, and policy-makers working on preventing or reducing gang involvement and delinquent behavior.

*The Mill* Editorial Almuzara

The iLLamanati have emerged from hidden places of the Earth to shed light on the dark side of human endeavors by collating and publishing literature on the secrets of the Illuminati. Representing the Grand Llama, an omniscient, extradimensional light being who is channeled by our Vice-Admiral, Captain Space Kitten, the iLLamanati is organized around a cast of interstellar characters who have arrived on Earth to wage a battle for the light. *Bloodlines of the Illuminati* was written by Fritz Springmeier. He wrote and self-published it as a public domain .pdf in 1995. This seminal book has been republished as a three-volume set by the iLLamanati. Volume 1 has the first eight of the 13 Top Illuminati bloodlines: Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, and Onassis. Volume 2 has the remaining five of the 13 Top Illuminati bloodlines: Rockefeller, Rothschild, Russell, Van Duyn, and Merovingian. Volume 3 has four other prominent Illuminati bloodlines: Disney, Reynolds, McDonald, and Krupps. *Kill All Normies* TAN Books

Named one of Mother Jones' BOOKS WE NEEDED IN 2022 Named one of CrimeReads' BEST NEW TRUE CRIME BOOKS OUT NOW A true-crime story for the post-truth era In the early hours of July 10, 2016, gunshots rang out and a young man lay fatally wounded on a quiet Washington, DC, street. But who killed Seth Rich? When he was buried in his hometown, his rabbi declared: "There are no answers for a young man gunned down in the prime of his life." The rabbi was wrong. There were in fact many answers, way too many. In the absence of an arrest, a howling mob filled the void. Wild speculation and fantastical theories surfaced on social media and gained traction thanks to a high-level cast of provocateurs. But it wasn't until Fox News took the rumors from the fringes to the mainstream that Seth Rich's life and death grew into something altogether unexpected—one of the foundational conspiracy theories of modern times. *A Death on W Street* unravels this gripping saga of murder, madness, and political chicanery, one that would ensnare Hillary Clinton and Steve Bannon, a popular pizzeria in northwest DC and the most powerful voices in American media. It's the story of an idealistic twenty-seven-year-old political staffer who became a tragic victim of the culture wars, until his family decided that they had no choice but to defend his name and put an end to the cruel deceptions that surrounded his death. This is the definitive story of Seth Rich, of those who tried to weaponize his memory in a war of words unlike any other, and of one family's crusade to protect the truth against all odds.

**A Death on W Street** PublicAffairs

La historia de cómo un siervo de Dios se convirtió en un ídolo para las élites que dominan el mundo. Túnicas negras, velas, sacrificios humanos, abusos a menores... Si por algo se caracteriza la historia del satanismo es por la acumulación de tópicos. Sin embargo, la realidad es muy distinta. La creencia en la existencia de una especie del dios del mal es hija del clima político que vivieron los judíos en el periodo que transcurre entre la redacción del Antiguo y el Nuevo Testamento, y que llega a su máximo apogeo con la aparición de una nueva religión fundada por un tal Jesús de Nazaret. Desde entonces y hasta hoy, serían los cristianos los verdaderos creyentes en el maligno, aunque algunos grupos han intentado reescribir su biografía y apropiárselo. La religión, la política, la literatura, la filosofía, la música o el *true crime* fueron moldeando la creencia del satanismo como la definición del mal, que consiguió volverse contra sus creadores y acabó alumbrando, en los años sesenta, la Iglesia de Satán.

[Open Your Mind to Change](#) Bloodlines of the Illuminati

"A deep dive into the world of Flat Earth conspiracy theorists . . . that brilliantly reveals how people fall into illogical beliefs, reject reason, destroy relationships, and connect with a broad range of conspiracy theories in the social media age. Beautiful, probing, and often empathetic . . . An insightful, human look at what fuels conspiracy theories." —Science Since 2015, there has been a spectacular boom in a centuries-old delusion: that the earth is flat. More and more people believe that we all live on a pancake-shaped planet, capped by a solid dome and ringed by an impossible wall of ice. How? Why? In *Off the Edge*, journalist Kelly Weill draws a direct line from today's conspiratorial moment, brimming not just with Flat Earthers but also anti-vaxxers and QAnon followers, back to the early days of Flat Earth theory in the 1830s. We learn the natural impulses behind these beliefs: when faced with a complicated world out of our control, humans have always sought patterns to explain the inexplicable. This psychology doesn't change. But with the dawn of the twenty-first century, something else has shifted. Powered by Facebook and YouTube algorithms, the Flat Earth movement is growing. At once a definitive history of the movement and an essential look at its

unbelievable present, *Off the Edge* introduces us to a cast of larger-than-life characters. We meet historical figures like the nineteenth-century grifter who first popularized the theory, as well as the many modern-day Flat Earthers Weill herself gets to know, from moms on vacation to determined creationists to neo-Nazi rappers. We discover what, and who, converts people to Flat Earth belief, and what happens inside the rabbit hole. And we even meet a man determined to fly into space in a homemade rocket-powered balloon—whose tragic death is as senseless and absurd as the theory he sets out to prove. In this incisive and powerful story about belief, Kelly Weill explores how we arrived at this moment of polarized realities and explains what needs to

happen so that we might all return to the same spinning globe. *American Jewish Year Book 2016* Free Press

*The World's Worst Conspiracies* is a compilation of the most fascinating, bizarre and compelling conspiracy theories in the world today. Delving into speculation about the assassination of JFK, chemtrails, the emergence of the 'New World Order', the sinister experiments at CERN, possible cover-ups regarding Area 51 and the so-called Clinton Body Count, this collection provides an essential reference for everyone interested in learning more about the secret forces that may be controlling our world. Taking a balanced and measured approach, it explores why these theories have taken hold, and how much truth lies at their foundations. Do you believe them?
