POWERS PERKINS

Democracy, Diversity and Good Government University of Toronto Press
 Canada's representative democracy is confronting important challenges. At the top of the list is the growing inability of the national government to perform its most important roles: namely mapping out collective actions that resonate in all regions as well as enforcing these measures. Others include Parliament's failure to carry out important responsibilities, an activist judiciary, incessant calls for greater transparency, the media's rapidly changing role, and a federal government bureaucracy that has lost both its way and its standing. Arguing that Canadians must reconsider the origins of their country in order to understand why change is difficult and why they continue to embrace regional identities, *Democracy in Canada* explains how Canada's national institutions were shaped by British historical experiences, and why there was little effort to bring Canadian realities into the mix. As a result, the scope and size of government and Canadian federalism have taken on new forms largely outside the Constitution. Parliament and now even Cabinet have been pushed aside so that policy makers can design and manage the modern state. This also accounts for the average citizen's belief that national institutions cater to economic elites, to these institutions' own members, and to interest groups at citizens' own expense. A masterwork analysis, *Democracy in Canada* investigates the forces shaping the workings of Canadian federalism and the country's national political and bureaucratic institutions.

Canadian Politics, Sixth Edition Dundurn

The sixth edition of *Canadian Politics* offers a comprehensive introduction to Canadian government and politics by a highly respected group of political scientists. For this edition, the editors have organized the book into six parts. Part I examines Canadian citizenship and political identities, while Parts II and III deal with Canadian political institutions, including Aboriginal governments, and contain new chapters on the public service and Quebec. Parts IV and V shift the focus to the political process, discussing issues pertaining to culture and values, parties and elections, media, groups, movements, gender, and diversity. The chapters on Parliament, bureaucracy, political culture, political communications, social movements, and media are new to this edition. Finally, three chapters in the last section of the book analyze components of Canadian politics that have been gaining prominence during the last decade: the effects of globalization, the shifting ground of Canadian-American relations, and the place of Canada in the changing world order. Of the 21 chapters in this edition, 9 are new and the remainder have been thoroughly revised and updated.

Introduction to Canadian Politics and Government University of Toronto Press

Contemporary and accessible, *Inside Canadian Politics* provides a fresh perspective on the institutions and issues at the heart of our political system. This text explores key concepts and topics in Canadian politics from federalism, regionalism, indigeneity, and diversity, to the party system, media and political communication, and elections. Each chapter invites students to debate and discuss the effectiveness of government mechanisms in the daily lives of Canadians. This new edition has been fully updated to include the political realities of Canada today, including discussion of fakenews, the effects of social media on democracy, issues surrounding resource development and climate change, and the renegotiation of crucial trade agreements.

Politics in Canada University of Toronto Press

Political Elites in Canada offers a timely look at Canadian politics and how power brokers are adapting to a fast-paced digital media environment. Elite power structures are changing worldwide, and the rise and fall of political influencers permeates national headlines. In many areas, traditional elites are losing authority over prevailing social, economic, and political structures. Communication

between and among elites and citizens is having dramatic implications for political institutions and governance. This volume explores the changing landscape of power brokers, the ascent of new elites, and how these groups are using digital communication to connect with Canadians in unprecedented ways. Featuring empirical studies of governmental decision makers in the public service, such as political staff and public servants, premiers, and judges, and non-governmental influence brokers, such as social media commentators and non-profit organizations, this collection is a much-needed synthesis of elite politics in Canada.

Applied Political Theory and Canadian Politics UBC Press

Canadian Politics: Democracy and Dissent provides a fresh approach to the study of Canadian politics. The authors use the parallel concepts of democracy and dissent to frame an in-depth and critical examination of Canadian political issues. With chapters such as Legislatures and Cabinets, Cities and Municipalities, Aboriginal Politics, and Women and Politics, written by contributors from universities across Canada, the text covers a broad range of important topics and themes from the basic institutions of Canadian government to the practical concerns of Canadian democracy in action.

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics UBC Press

"In *Canadian Democracy* Stephen Brooks explores the characteristics, complexities, and controversies associated with Canada's politics. Introducing the basic ideas, institutions, and processes of Canadian politics, he asks questions about the nature of Canadian democracy and focuses on issues of individual, group, and regional equality and freedom. Chapters on language politics, diversity in Canadian society, and Canada in the world cover issues at the core of contemporary debates on the quality of Canadian democracy. All aspects of the book have been thoroughly updated for this fourth edition, which includes numerous new tables and figures, editorial cartoons on Canadian politics, and an expanded glossary of key terms."--BOOK JACKET.

Canadian Politics Springer Nature

The Conditions of Diversity in Multinational Democracies studies the many dimensions of diversity in multinational settings. The contributions, from leading experts from Spain, the United Kingdom, Germany, and Canada, consider the theoretical, institutional, and legal conditions for the development of nations that exist within the boundaries of larger political institutions. They examine how various political regimes manage multiple demands for recognition and how their respective approaches toward diversity affect the stability of the state. Contributors include Alain-G. Gagnon, Montserrat Guibernau, Michael Keating, Peter A. Kraus, André Lecours, John Loughlin, Roderick A. Macdonald, Jocelyn Maclure, David McCrone, Kenneth McRoberts, Luis Moreno, François Rocher, Michel Seymour, Stephen Tierney, and Nadia Verrelli.

Parameters of Power UBC Press

The Oxford Handbook of Canadian Politics provides a comprehensive overview of the transformation that has occurred in Canadian politics since it achieved autonomy nearly a century ago, examining the institutions and processes of Canadian government and politics at the local, provincial and federal levels. It analyzes all aspects of the Canadian political system: the courts, elections, political parties, Parliament, the constitution, fiscal and political federalism, the diffusion of policies between regions, and various aspects of public policy.

To purchase MySearchLab, please visit www.mysearchlab.com or you can purchase a package of the physical text and MySearchLab by searching for ISBN 10: 0133794075 / ISBN 13: 9780133794076. *Rules of the Game: An Introduction to Canadian Politics* is an accessible and engaging introduction to Canadian politics. Author Hamish Telford presents material from the perspective of a first-time voter: the text starts out simplistically, but the complexity of the material

increases with each section, weaving theory, history and questions of diversity through the narrative. With a conversational tone and an emphasis on understanding the narrative of Canadian politics as a whole, *Rules of the Game* provides students with the vocabulary and conceptual tools to follow politics in the media, engage in political discourse with family and friends, and ultimately to participate in the political process.

What's Trending in Canadian Politics? Dundurn

The studies in this volume examine the nature and extent of their participation in Canadian politics, in both political parties and the House of Commons. While these groups feel marginalized, they believe strongly in the objectives of democracy and want to participate in a Canada that realizes those ideals more successfully.

Ethnicity, Politics, and Public Policy UBC Press

This is your government! Democracy, Diversity, and Good Government, with a unique approach and attractive, four-colour design, is the first new introductory text for Canadian Politics courses to be published in many years. This is a lively text that aims to provide students with the foundation they will need in the discipline, with a minimum of jargon, while raising thought-provoking questions designed to engage their interest in Canadian politics. It focuses particularly on the special challenges for the practice of democracy and good government that arise from the great diversity within the Canadian population.

Framed UBC Press

State building is an ongoing process that first defines legitimate citizenship and then generates citizens. Political analysts and social scientists now use the concept of citizenship as a lens for considering both the evolution of states and the development of their societies. In *Citizenship as a Regime* leading political scientists from Canada, Europe, and Latin America use insights from comparative politics, institutionalism, and political economy to understand and analyze the dynamics of contemporary policies and politics. This book celebrates Jane Jenson's work and many of her contributions to political science and the study of Canadian politics. Featuring Jenson's concept of "citizenship regime", the collected chapters consider its theoretical and methodological underpinning and presents new applications to various empirical contexts. Contributors present original research, critically assess the idea of a citizenship regime, and suggest ways to further develop Jane Jenson's notion of a "citizenship regime" as an analytical tool. Research essays in this volume consider various social forces and dynamics such as neoliberalism, inequality, LGBTQ movements, the rise of populism amid nationalist movements in multinational societies—including Indigenous self-determination claims—and how they transform the politics of citizenship. These collected contributions—by former students, collaborators and colleagues of Jenson—highlight her lasting influence on the contemporary study of citizenship in Canada and elsewhere. Contributors include: Marcos Ancelovici (UQAM), James Bickerton (St Francis Xavier University), Maxime Boucher (Université de Montréal), Neil Bradford (Huron University College), Alexandra Dobrowolsky (Saint Mary's University), Pascale Dufour (Université de Montreal), Jane Jenson (Université de Montréal), Rachel Laforest (Queen's University), Rianne Mahon (Wilfrid Laurier University), Bérengère Marques-Pereira (Université Libre de Bruxelles), Martin Papillon (Université de Montréal), Denis Saint-Martin (Université de Montréal), and Miram Smith (York University).

Electing a Diverse Canada Dundurn

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics offers the first and only handbook in the field of Canadian politics that uses 'gender' (which it interprets broadly, as inclusive of sex, sexualities, and other intersecting identities) as its category of analysis. Its premise is that political actors' identities frame how Canadian politics is thought, told, and done; in turn, Canadian politics, as a set of ideas, state institutions and decision-making processes, and civil society mobilizations, does and redoes gender. Following the standard structure of mainstream introductory Canadian politics textbooks, this handbook is divided into four sections (ideologies, institutions, civil society, and public policy) each of which contains several chapters on topics commonly taught in Canadian politics classes. The originality of the handbook lies in its approach: each chapter reviews the basics of a given topic from the perspective of gendered/sexualized and other intersectional identities. Such an approach makes the handbook the only one of its kind in Canadian Politics.

Lived Fictions UBC Press

Bringing together political theorists and specialists in Canadian politics, *Applied Political Theory and Canadian Politics* combines conceptual frameworks from political theory and empirical evidence to offer fresh perspectives on political events in contemporary Canada. Examining complex and timely subjects such as equality, social justice, democracy, citizenship, and ethnic diversity, contributors present current and archival research supplemented with insights drawn from political theory to give readers a deep and nuanced understanding of increasingly pressing issues in Canadian society. For scholars and students seeking a work of political theory that is tangible, focused, and connected to the real world of everyday politics, *Applied Political Theory and Canadian Politics* will be an important resource, combining philosophical insights and empirical evidence to enhance our understanding of contemporary Canadian politics.

Canadian Politics Today UBC Press

What trends are shaping contemporary political communication and behaviour in Canada, and

where are they heading? *What's Trending in Canadian Politics?* examines political communication and democratic governance in a digital age. Exploring the effects of conventional and emerging political communication practices in Canada, contributors investigate the uses of digital media for political communication, grassroots-driven protest, public behaviour prediction, and relationships between members of civil society and the political establishment. Original and timely, this interdisciplinary volume lays robust theoretical and methodological foundations for the study of transformative trends in Canadian political communication.

Applied Political Theory and Canadian Politics McGill-Queen's Press - MQUP

This book is part of the *Towards the New Millennium Series*, featuring the works of thoughtful Canadians who are profoundly interested in the future of Canada and the world. Most democracies do not use Canada's "first past the post" voting system. To give a party more seats than its share of the popular vote warrants is deemed undemocratic by most. Such democracies use proportional representation to ensure a party's seat-share does not exceed its vote-share. Former MLA, Nick Loenen, examines what proportional representation can do for Canadian politics. He finds that a change to proportional representation holds the potential to involve citizens more meaningfully and give political parties a more significant policy development role. It would also move power from the prime minister's office to Parliament, and from the premiers to provincial legislatures, shifting the focus in politics from leaders, style and images, to parties, principles and platforms. Instead of the adversarial politics of confrontation, which aim to exclude and eliminate political opponents, proportional representation holds promise for a consensual, cooperative style of governing that includes a broad spectrum of political diversity. The book also counters many popular misconceptions about proportional representation. It traces Canada's most intractable political problems such as national unity, high taxation, government over-spending, excessive party discipline, the concentration of power in our leaders, and our peculiar archaic voting system. The end product is the most detailed analysis of the effects of proportional representation on Canadian politics ever published.

Rebuilding Canadian Party Politics McGill-Queen's Press - MQUP

This is your government! This text provides students with an introduction to the major aspects of Canadian politics with a special emphasis on the unique challenges our diverse population places on the practice of democracy and good government. With each aspect covered, it raises thought-provoking questions designed to encourage students to think critically about the important issues and topics currently shaping politics in Canada. Featuring relatable examples, a full-colour interior, and a jargon-free writing style, *Canadian Politics* will engage students and provide them with the foundation they need for future study.

The Unbroken Machine Prentice Hall

On 2 May 2011, Canadians watched as the Stephen Harper Conservatives won their first majority government. Jack Layton led the NDP to its best performance in history, and Michael Ignatieff and the federal Liberals had their worst showing to date. For most casual observers, this election marked a major shift in Canadian politics. In reality, the country's political landscape and national party system had been changing for quite some time. *Parties, Elections, and the Future of Canadian Politics* offers the first comprehensive account of political change in Canada over the past two decades. It explores developments in the political landscape from both historical and contemporary perspectives and speculates on the future of the national party system. By documenting how parties and voters responded to new challenges between 1993 and 2011, this volume enhances our understanding of one of the most tumultuous periods in Canadian political history.
