A nice New England family has a dark secret in this “superb exercise in suspense” from the New York Times–bestselling author (TheNew York Times Book Review). Megan and Duncan Richards are no longer the radical activists they were in 1968. He’s a banker, and she works in real estate. They have a fine house, impeccable reputations, and three beautiful kids. Their past is safely stashed away until the day Duncan gets a call from the woman he’s spent decades trying to forget. Once, he knew her as Tanya, the charismatic leader of Northern California’s

militant Phoenix Brigade. She had orchestrated their last robbery—a catastrophe that ended in bloodshed and murder. While Megan and Duncan escaped to their new lives, Tanya wasn’t so lucky. She’s spent eighteen years in prison . . . eighteen years planning the perfect revenge on her deserters. Now she’s free, and there isn’t a soul Megan and Duncan can turn to for help. What happens when a family is pushed to the brink? The answer “is the stuff of which parents’ nightmares—and well-crafted novels—are made” (The Atlanta Journal-Constitution). “Day of Reckoning is dynamite.” —Chicago Tribune “Gripping.” —The Washington Post *VideoHound's Golden Movie Retriever* Chronicle Books
 Embroidery empress Jenny Hart taught her legion of fans the basics with the best-

selling Stitch-It Kit and Sublime Stitching. Now she takes stitchers one step further with instructions and diagrams for more than 35 stitches, some published here for the first time. To top it off, Embroidered Effects includes dozens of original (and reusable) iron-on transfers. With lots of project photos for guidance, even beginners can learn how to stitch faux tattoos on their shirt sleeves, cheeky fan dancers on their shower curtains, and many more fun projects. *ONCE GONE: A Riley Paige Mystery (Book 1)* Wageningen Academic Publishers
 Clearly babies come into the world remarkably receptive to its wonders. Their alertness to sights, sounds, and even abstract concepts makes them inquisitive explorers—and learners—every waking minute. Well before formal schooling

begins, children's early experiences lay the foundations for their later social behavior, emotional regulation, and literacy. Yet, for a variety of reasons, far too little attention is given to the quality of these crucial years. Outmoded theories, outdated facts, and undersized budgets all play a part in the uneven quality of early childhood programs throughout our country. What will it take to provide better early education and care for our children between the ages of two and five? *Eager to Learn* explores this crucial question, synthesizing the newest research findings on how young children learn and the impact of early learning. Key discoveries in how young children learn are reviewed in language accessible to parents as well as educators: findings about the interplay of biology and environment, variations in learning among individuals and children from different social and economic groups, and the importance of health, safety, nutrition and interpersonal warmth to early learning. Perhaps most significant, the book documents how very early in life learning really begins. Valuable conclusions and recommendations are presented in the areas of the teacher-child relationship, the organization and content of curriculum, meeting the needs of those children most at risk of school failure, teacher preparation, assessment of teaching and learning, and more. The book discusses: Evidence for competing theories, models, and approaches in the field and a hard look at some day-to-day practices and activities generally used in preschool. The role of the teacher, the importance of peer interactions, and other relationships in the child's life. Learning needs of minority children, children with disabilities, and other special groups. Approaches to assessing young children's learning for the purposes of policy decisions, diagnosis of educational difficulties, and instructional planning. Preparation and continuing development of teachers. *Eager to Learn* presents a comprehensive, coherent picture of early childhood learning, along with a clear path toward improving this important stage of life for all children.

No fue en busca de ella como había prometido y Bess no volvió a saber de él... hasta veinte años después. Estando de nuevo en la playa, donde se refugiaba de un matrimonio en crisis, el cuerpo de Nick regresaba de las tinieblas del purgatorio para cumplir con su palabra. Amar peligrosamente Sarah McCarty Shadow Ochoa estaba oculto en Kansas esperando a que sus compañeros de los rangers de Texas limpiasen su nombre. O eso estaba haciendo hasta que lo capturaron para llevarlo a la horca por un supuesto robo de caballos, y la preciosa Fei Yen intervino. Amparándose en una ley prácticamente en desuso, su exótica protectora aceptó casarse con Shadow y salió corriendo de allí llevándose consigo. Chicas con suerte Kayla Perrin Annelise ha sido afortunada en el amor y en cuestión de cuatro meses va a ser madre, pero antes de pasar por la sala de partos tiene que encargarse de un asunto pendiente: emparejar a sus amigas solteras con dos hermanos de lo más sexy durante un viaje muy especial. Lishelle y Claudia están más que dispuestas a disfrutar de una aventura sin ataduras, y poco después, la primera y el atractivo e insaciable Jared ya están dando rienda suelta a la pasión. Rock Stars on the Record Harper Collins An all-star lineup of rock-n-rollers relay the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. *Rock Stars on the Record* is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laura Jane Grace to Ian MacKaye, Don McLean to Cherie Currie, Alice Bag to Mac DeMarco, Perry Farrell to Suzi Quatro and Verdine White, and many more, bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone. Everyone's most cherished childhood record—be it a battered piece of vinyl, torn cassette tape, or scratched CD—has a story, and those stories can be more revealing about their owners than you might expect. Read about how “Weird Al” Yankovic refined his accordion skills by playing along to Elton John's Goodbye Yellow Brick Road, or how

Fishbone's Angelo Moore saved his life with a boombox and a Bad Brains album. Or about how Wendy Melvoin and Lisa Coleman of Prince's longtime band, The Revolution, fell in love while trading mixtapes. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present. “Absolutely fascinating. It's hard to believe that no one has done this before, but now that I've read it, it seems totally obvious—except that most journalists wouldn't be able to get people to talk so openly and compellingly about something that, to an artist, may feel very private. I know these great musicians and their music better now. Thank you, Eric.”

—Daniel J. Levitin, bestselling author of *This Is Your Brain on Music*, professor of Neuroscience and Music at McGill University in Montreal “In asking a slew of rock stars about the record that changed their lives, Eric Spitznagel also ferrets out fascinating backstories and unexpected anecdotes. Who knew that Tommy Roe's granddaughter calls him ‘the Justin Bieber of the ‘60s’? Or that Perry Farrell entertained his older siblings' friends' by dancing the Hully Gully at their parties? *Rock Stars on the Record* is so much fun, and more illuminating that you'd expect.” —Caroline Sullivan, author of *Bye Bye Baby: My Tragic Love Affair with the Bay City Rollers*

With over half the world's population now deemed to be urbanised, cities are assuming a larger role in political debates about the security and sustainability of the global food system. Hence, planning for sustainable food production and consumption is becoming an increasingly important issue for planners, policymakers, designers, farmers, suppliers, activists, business and scientists alike. The rapid growth of the food planning movement owes much to the fact that food, because of its unique, multi-functional character, helps to bring people together from all walks of life. In the wider contexts of global climate change, resource depletion, a burgeoning world population, competing food production systems and diet-related public health concerns, new paradigms for urban and regional planning capable of supporting sustainable and equitable food systems are urgently needed. This book addresses this urgent need. By working at a range of scales and with a variety of practical and theoretical models, this book reviews and elaborates definitions of sustainable food

systems, and begins to define ways of achieving them. To this end 4 different themes have been defined as entry-points into the discussion of 'sustainable food planning'. These are (1) urban agriculture, (2) integrating health, environment and society, (3) food in urban design and planning and (4) urban food governance. *Tempted (Mills & Boon Spice)* Harper Collins

Tesla Martin is drifting pleasantly through life, slinging lattes at Morningstar Mocha, enjoying the ebb and flow of caffeine-starved customers, devoted to her cadre of regulars. But none of the bottomless-cup crowd compares with Meredith, a charismatic force of nature who can coax intimate tales from even the shyest of Morningstar's clientele. Caught in Meredith's sensual, irresistible orbit, inexpressibly flattered by the siren's attention, Tesla shares long-buried chapters of her life, holding nothing back. Nothing Meredith proposes seems impossible—not even Tesla sleeping with Meredith's husband, Charlie, while she looks on. After all, it's all in fun, isn't it? In a heartbeat, vulnerable Tesla is swept into a spectacular love triangle. Together, gentle, grounded Charlie and sparkling, maddening Meredith are everything Tesla has ever needed, wanted, or dreamed of, even if no one else on earth understands. They're three against the world. But soon one of the vertices begins pulling away until only two points remain—and the space between them gapes with confusion, with grief and with possibility.... *Disarming Beauty* McSweeney's "Society for Ecological Restoration"--Cover.

No strings...no regrets...and no going back. I didn't think he wanted me. And I wasn't about to get involved with him, not after what I'd heard. Alex Kennedy was tall, dark and unbearably hot, but I've been burned before. Maybe it was stupid of me to offer, but he needed a place to crash and I needed to pay the rent. But now he's my tenant...with benefits. Now that we've crossed that line, I can't seem to find my way back. Except I can't give my heart to a man who's so...unconventional. His last relationship was with a married couple. It's enough that my ex-fiance preferred men -- I won't take that chance again no matter how much my body thrives on Alex's touch. I can't risk it, but I can't resist it, either. Alex can be very convincing when he wants something. And he wants me. *Supernova (Amulet #8)* Anchor
Estoy en un tren. No sé en qué parada tengo que bajar; solo sé que el tren va

rápido y el mundo de fuera se desdibuja. Debería bajar, pero no bajo. El universo me está gastando una broma cósmica. Yo tenía mi vida, una vida agradable con todo lo que una mujer puede desear, y de pronto aparece algo que ni siquiera sabía que podía llegar a tener. Una oportunidad de sentirme satisfecha y contenta. Y, quizá incluso, en alguna ocasión, delirante y exuberantemente feliz. Así que aquí estoy, en un tren que escapa por completo a nuestro control. Si pudiera hacerme creer a mí misma que todo ha ocurrido por casualidad, que no he podido evitarlo, que me he visto arrastrada, que esto no es culpa mía, sino del destino, ¿sería más fácil? La verdad es que no sabía que estaba buscando esto hasta que encontré a Will, pero debo de haber estado buscándolo durante todo este tiempo. Y ahora no es cosa del azar, ni del destino, ni nada me arrastra. Soy yo la que decide. Y no sé cómo detenerme. Ni siquiera sé si quiero parar.

The Man in the Passage National Geographic Books

In this version of the children's nursery rhyme, Lamb and Mary fall in love. Then Mary has second thoughts. Lamb is a lamb, after all, not a man. Lamb, heartbroken, turns to drinking. Lamb goes to a madhouse. Mary buries her feelings. And then somehow, Lamb pulls it together. He leaves the madhouse mature--saddened but more dignified, ready for another chance to win Mary's heart, if she will have him. Award-winning poet Matthea Harvey offers a story told in short packets of verse, and artist Amy Jean Porter brings each stanza vividly to life with her eye-popping illustrations.

What can stories of magical engraved rings or prophetic inscriptions on walls tell us about how writing was perceived before print transformed the world? Writing beyond Pen and Parchment introduces readers to a Middle Ages where writing is not confined to manuscripts but is inscribed in the broader material world, in textiles and tombs, on weapons or human skin. Drawing on the work done at the Collaborative Research Centre "Material Text Cultures," (SFB 933) this volume

presents a comparative overview of how and where text-bearing artefacts appear in medieval German, Old Norse, British, French, Italian and Iberian literary traditions, and also traces the paths inscribed objects chart across multiple linguistic and cultural traditions. The volume's focus on the raw materials and practices that shaped artefacts both mundane or fantastical in medieval narratives offers a fresh perspective on the medieval world that takes seriously the vibrancy of matter as a vital aspect of textual culture often overlooked.

De vez en cuando, Stella compraba un billete de avión para dejar su vida atrás. Su casa era un lugar con demasiados recuerdos, y marcharse era la mejor distracción para ella. En cuanto llegaba a su destino, iba al bar del aeropuerto, pedía una copa y esperaba a que apareciera el tipo idóneo. Un hombre de negocios aburrido, un mochilero, un mozo de equipajes que acabara de terminar su turno. Y, si le apetecía tener una aventura sin compromisos, era perfecto. En cada una de aquellas ocasiones, esa aventura resultaba ser una emocionante huida de la realidad que le daba a la palabra "escala" un nuevo significado. Cuando un fin de semana conoció en Chicago al enigmático Matthew, se encontró con unas fuertes turbulencias. Matthew tenía algo que le dio a entender que ella no era la única que estaba huyendo del pasado. La conexión fue explosiva y, por primera vez, a Stella no le bastó con un solo encuentro. Sin embargo, el hecho de volver y encontrarse a aquel hombre espectacular esperándola fue la parte más fácil. Enfrentarse al motivo por el que estaba allí era otra cuestión muy diferente... In 2005, Father Julián Carrón became the leader of the global ecclesial movement Communion and Liberation, following the death of the movement's founder, Father Luigi Giussani. *Disarming Beauty* is the English translation of an engaging and thought-provoking collection of essays by one of the principal Catholic leaders and intellectuals in the world today. Adapted from talks given by Fr. Carrón, these essays have been thoroughly reworked by the author to offer an organic presentation of a decade-long journey. They present the content of his elaboration of the gospel message in light of the tradition of Fr. Giussani, the teachings of the popes, and the urgent needs of contemporary people. Carrón offers a broad diagnosis of challenges in society and then introduces their implications in contexts such as families, schools, workplaces, and political communities. In a dialogue with his listeners, he inspires and encourages them to lay out a new path for the Catholic church and the world. Throughout his essays, Carrón addresses the most pressing questions facing theologians today and provides insights that will interest everyone, from the most devout to the firm nonbeliever. Grappling with the interaction of Christian faith and modern culture, Carrón treats in very real and concrete ways what is essential to maintaining and developing Christian faith, and he invites an ongoing conversation about the meaning of faith, truth, and freedom.

This enchanting tale is at once a beautifully rendered narrative of childhood loss and a powerfully simple fable about the necessity of imagination. Pobby and Dingan are Kellyanne Williamson's best friends, maybe her only friends, and only she can see them. Kellyanne's brother, Ashmol, can't see them and doesn't

believe they exist anywhere but in Kellyanne's immature imagination. Only when Pobby and Dingan disappear and Kellyanne becomes heartsick over their loss does Ashmol realize that not only must he believe in Pobby and Dingan, he must convince others to believe in them, too.

En sus manos No pienses. No preguntes. Actúa. Aquel anónimo no iba dirigido a mí. No te equivoques conmigo, no tengo la costumbre de leer el correo ajeno, pero era un simple pedazo de papel con unas cuantas líneas escritas a mano. Era evidente que iba dirigido a otro vecino. Parecía una nota inocente, pero, decididamente -y deliciosamente-, no lo era. Al desnudo Sin ataduras. Sin reproches. Sin vuelta atrás. No creía que él pudiera desearme. Y no iba a liarme con él, sobre todo después de lo que había oído. Alex Kennedy era alto, moreno e increíblemente guapo, pero yo ya había sufrido un gran golpe. Cuando le pedí que posara para mí, no esperaba que la sesión fotográfica se volviera tan apasionada. Viaje al pasado Un accidente de infancia convirtió a Emmaline en una persona propensa a sufrir alarmantes desvanecimientos; aunque apenas duraban unos minutos, para ella parecían prolongarse durante una eternidad. Aquellos episodios eran incómodos, pero manejables... hasta que conoció a Johnny Dellasandro. Aquel pintor huraño y solitario había ganado notoriedad en los años setenta por su estilo de vida desenfrenado y sus películas pornográficas de arte y ensayo.
