Amazon.com: CdTe and Related Compounds; Physics, Defects ... Read "CdTe and Related Compounds; Physics, Defects, Hetero- and Nano-structures, Crystal Growth, Surfaces and Applications Crystal Growth, Surfaces and Applications" by Robert Triboulet available from Rakuten Kobo. Sign up today and get \$5 off your first purchase. Almost thirty years after the remarkable monograph of K. Zanio and the numerous conferences and articles dedicated since that time to CdTe and CdZnTe, after ... We report on the fabrication and characterization of a new type of mid-infrared photodetector. The infrared sensitive element of the detector is a PbSe single quantum well (SQW) embedded in an intrinsic region of a CdTe p-i-n diode. Electron-beam-induced current (EBIC) measurements confirm the location of the PbSe SQW near the middle of the intrinsic CdTe layer. PbSe/CdTe single quantum well infrared detectors: AIP ... CdTe and Related Compounds; Physics, Defects, Hetero- and Nano-structures, Crystal Growth, Surfaces and Applications (European Materials Research Society Series) eBook: Robert Triboulet, Paul Siffert: Amazon.co.uk: Kindle Store CdTe and Related Compounds; Physics, Defects, Hetero- and ... We report on a study of deep levels in semi-insulating CdTe:Cl by means of a time-of-flight spectral approach. By varying the wavelength of a pulsed optical source within the CdTe energy gap, transitions to/from localized levels generate free carriers which are analysed through the induced photocurrent transients. Both acceptor-like centers, related to the A-center, and a midgap level, 0.725 ... Subgap time of flight: A spectroscopic study of deep ...
