Crimes of Dissent

Hogarth

Winner of the Longman-History Today Book Prize: A 'profoundly moving chronicle' (Observer) that tells the story of Ravensbrück, the only concentration camp designed specifically for women, using new testimony from survivors. On a sunny morning in May 1939 a phalanx of 800 women - housewives, doctors, opera singers, politicians, prostitutes - were marched through the woods fifty miles north of Berlin, driven on past a shining lake, then herded through giant gates. Whipping and kicking them were scores of German women guards. Their destination was Ravensbrück, a concentration camp designed specifically for women by Heinrich Himmler, prime architect of the Nazi genocide. For decades the story of Ravensbrück was hidden behind the Iron Curtain and today is still little known. Using testimony unearthed since the end of the Cold War, and interviews with survivors who have never spoken

before, Helm has ventured into the heart of the camp, demonstrating for the reader in riveting detail how easily and quickly the unthinkable horror evolved. 'It not only fills a gap in Holocaust history but it is an utterly compelling read' Taylor Downing, History Today 'A sense of urgency infuses this history, which comes just in time to gather the testimony of the camp's survivors . . . meticulous, unblinking . . . [Helm's] book comes not a moment too soon' The Economist

Psychology And The Human Dilemma Freedom Press (CA)

A major participant in the influential Tel Quel group in France, Jean-Joseph Goux here offers a bold reevaluation of both the Marxist economic model and the Freudian concept of the unconscious. Symbolic Economies makes available for the first time in English generous selections from Goux's Freud, Marx: Economie et symbolique (1973) and Les iconoclastes (1978). Goux brings the theories of historical materialism and of psychoanalysis into play to illuminate and enrich each other, and undertakes a compelling integration of the

contributions of structuralism and post-structuralism. Looking closely at the work of such major figures as Lacan, Derrida, and Nietzsche, Goux extends the implications of Marxism and Freudianism to an interdisciplinary semiotics of value and proposes a radical concept of exchange. Literary theorists, philosophers, social scientists, cultural historians, and feminist critics alike will welcome this important and provocative work.

Here Rollo May discusses our loss of our personal identity in the contemporary world, the sources of our anxiety, the scope of psychotherapy, and the ultimate paradox of freedom and responsibility. Whether reflecting on war, psychology, or the ideas of existentialist thinkers such as Sartre and Kierkegaard, Dr. May everywhere enlarges our outlook on how people can develop creatively within the human predicament.

 This volume examines the present status and future trends of textbook studies. Cutting-edge essays by leading experts and emerging scholars explore the field's theories, methodologies, and topics with the goal of generating debate and providing new perspectives. The Georg Eckert Institute's unique transdisciplinary focus on international textbook research has shaped this handbook, which explores the history of the discipline, the production processes and contexts that influence textbooks, the concepts they incorporate, how this medium itself is received

and future trends. The book maps and discusses approaches based in cultural studies as well as in the social and educational sciences in addition to contemporary methodologies used in the field. The book aims to become the central interdisciplinary reference for textbook researchers, students, and educational practitioners.
Enquiry Concerning Political Justice, and Its Influence on Morals and Happiness Dar El Kalema Publishing House
 From animal rights to anti-abortion, from tax resistance to anti-poverty, activists from across the political spectrum often deliberately break the law to further their causes. While not behaviors common to hardened or self-seeking criminals, the staging of civil disobedience, non-violent resistance, and direct action can nevertheless trigger a harsh response from law enforcement, with those arrested risking jail time and criminal records. Crimes of Dissent features the voices of these activists, presenting a fascinating insider's look at the motivations, costs and consequences of deliberately violating the law as a strategy of social

change. *Crimes of Dissent* provides readers with an in-depth understanding of why activists break the law, and what happens to them when they do. Using dynamic examples, both historic and recent, Jarret Lovell explores how seasoned protesters are handled and treated by the criminal justice system, shedding light on the intersection between the political and the criminal. By adopting the unique vantage of the street-level activist, *Crimes of Dissent* provides a fascinating view of protest from the ground, giving voice to those who refuse to remain silent by risking punishment for their political actions.

Challenging traditional historiographical approaches, this book offers a new history of Italian Jews in the early modern age. The fortunes of the Jewish communities of Italy in their various aspects – demographic, social, economic, cultural, and religious – can only be understood if these communities are integrated into the picture of a broader European, or better still, global system of Jewish communities and populations; and, that this history should be analyzed from within the dense web of relationships with the non-Jewish surroundings that enveloped the Italian communities. The book presents new approaches on such essential issues as ghettoization, antisemitism, the Inquisition, the history of conversion, and Jewish-

Christian relations. It sheds light on the autonomous culture of the Jews in Italy, focusing on case studies of intellectual and cultural life using a micro-historical perspective. This book was first published in Italy in 2014 by one of the leading scholars on Italian Jewish history. This book will appeal to students and scholars alike studying and researching Jewish history, early modern Italy, early modern Jewish and Italian culture, and early modern society.

Mussolini and the Jews

Arcadia Books Limited
What did Pius XII do to aid Jews during World War II? This is an examination of efforts on behalf of Jews in Italy, the country where the pope was in a position to be most helpful. It finds that despite a persistent myth to the contrary, Pius and his assistants at the Vatican did very little.

The Conquest of Bread is a political treatise written by the anarcho-communist philosopher Peter Kropotkin. Written after a split between anarchists and Marxists at the First International (a 19th-century association of left-wing radicals), *The Conquest of Bread*

advocates a path to a communist society distinct from Marx and Engels's Communist Manifesto, rooted in the principles of mutual aid and voluntary cooperation. Since its original publication in 1892, *The Conquest of Bread* has immensely influenced both anarchist theory and anarchist praxis. As one of the first comprehensive works of anarcho-communist theory published for wide distribution, it both popularized anarchism in general and encouraged a shift in anarchist thought from individualist anarchism to social anarchism. It was also an influential text among the Spanish anarchists in the Spanish Civil War of the 1930s, and the late anarchist theorist and anthropologist David Graeber cited the book as an inspiration for the Occupy movement of the early 2010s in his 2011 book *Debt: The First 5,000 Years*. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Afghan-American Nadia Hashimi's literary debut novel is a searing tale of

powerlessness, fate, and the freedom to control one's own fate that combines the cultural flavor and emotional resonance of the works of Khaled Hosseini, Jhumpa Lahiri, and Lisa See. In Kabul, 2007, with a drug-addicted father and no brothers, Rahima and her sisters can only sporadically attend school, and can rarely leave the house. Their only hope lies in the ancient custom of *bacha posh*, which allows young Rahima to dress and be treated as a boy until she is of marriageable age. As a son, she can attend school, go to the market, and chaperone her older sisters. But Rahima is not the first in her family to adopt this unusual custom. A century earlier, her great-great grandmother, Shekiba, left orphaned by an epidemic, saved herself and built a new life the same way. *Crisscrossing in time, The Pearl the Broke Its Shell* interweaves the tales of these two women separated by a century who share similar destinies. But what will happen once Rahima is of marriageable age? Will Shekiba always live as a man? And if Rahima cannot adapt to life as a

bride, how will she survive?

The haunting novel of love and survival that inspired Mexico's official submission for International Feature Film—now shortlisted for the 94th Academy Awards® and streaming on Netflix “Prayers for the Stolen gives us words for what we haven't had words for before, like something translated from a dream in a secret language. . . . Beguiling, and even crazily enchanting.”—Francisco Goldman, *New York Times* Book Review FINALIST FOR THE PEN/FAULKNER PRIZE • AN IRISH TIMES BOOK OF THE YEAR
Ladydi Garcia Martínez is fierce, funny, and smart. She was born into a world where being a girl is a dangerous thing. In the mountains of Guerrero, Mexico, women must fend for themselves, as their men have left to seek opportunities elsewhere. Here in the shadow of the drug war, bodies turn up on the outskirts of the village to be taken back to the earth by scorpions and snakes. School is held sporadically, when a volunteer can be coerced

away from the big city for a semester. In Guerrero the drug lords are kings, and mothers disguise their daughters as sons, or when that fails they “make them ugly”—cropping their hair, blackening their teeth, anything to protect them from the rapacious grasp of the cartels. And when the black SUVs roll through town, Ladydi and her friends burrow into holes in their backyards like animals, tucked safely out of sight. While her mother waits in vain for her husband’s return, Ladydi and her friends dream of a future that holds more promise than mere survival, finding humor, solidarity, and fun in the face of so much tragedy. When Ladydi is offered work as a nanny for a wealthy family in Acapulco, she seizes the chance, and finds her first taste of love with a young caretaker there. But when a local murder tied to the cartel implicates a friend, Ladydi’s future takes a dark turn. Despite the odds against her, this spirited heroine’s resilience and resolve bring hope to otherwise heartbreaking conditions. An illuminating and affecting portrait of women in rural Mexico, and a stunning

exploration of the hidden consequences of an unjust war, *Prayers for the Stolen* is an unforgettable story of friendship, family, and determination.

 In March 1921 the sailors of Kronstadt, the naval fortress in the Gulf of Finland, rose in revolt against the Bolshevik government, which they themselves had helped into power. Under the slogan of "Free soviets," they established a revolutionary commune that survived for sixteen days, until an army came across the ice to crush it. After a savage struggle, the rebels were subdued.

Paul Avrich vividly describes the uprising and examines it in the context of the development of the Soviet state. Originally published in 1970. 1956: Amara, a young Italian journalist, is sent to report on the growing political divide between East and West in post-war central Europe. She also has a more personal

mission: to find out what happened to Emanuele, her childhood friend and soulmate from pre-war Florence. Emanuele and his family were Jews transported by the Nazis from wartime Vienna. So she visits the Holocaust museum at Auschwitz, and Budapest, where she is caught up in the tumultuous events of the October rising against the Soviet Union. Along the way she meets many other survivors, each with their own story to tell. But did Emanuele survive the war or, like so many other Viennese Jews, did he die in Auschwitz or a ghetto in Poland?

Autonomea

Es la primera vez que un volumen de carácter monográfico se ocupa, como reza su título, de las Antifascistas italianas en la Guerra Civil española, 1936-1939. Se trata, pues, de un primer mapeo de la presencia femenina de las voluntarias italianas en esta guerra nacional e internacional. No se trata, empero, de una simple recopilación de tipo onomástico, sino de la reconstrucción de la acción política y social desarrollada por estas mujeres.
