The highly regarded French philosopher, tienne Gilson, brilliantly plumbs the depths of Thomistic Realism, and false Thomisms as well, in this answer to Kantian modernism. The important work, exquisitely translated by Mark Wauck, brings the essential elements of philosophy into view as a cohesive, readily understandable, and erudite structure, and does so rigorously in the best tradition of St. Thomas. Written as the definitive answer to those philosophers who sought to reconcile critical philosophy with scholastic realism, Gilson saw himself as an historian of philosophy whose main task was one of restoration, and principally the restoration of the wisdom of the Common Doctor of the Church, St. Thomas Aquinas. Gilson's thesis was that realism was incompatible with the critical method and that realism, to the extent that it was reflective and aware of its guiding principles, was its own proper method. He gives a masterful account of the various forces that shaped the neo-scholastic revival, but Gilson is concerned with the past only as it sheds light on the present. In addition to his criticisms, Gilson presents a positive exposition of true Thomist realism, revealing the foundation of realism in the unity of the knowing subject.

In *Critique of Black Reason* eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe

powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With *Critique of Black Reason*, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

Discursive and Non-Discursive Realities in Critical Social Research
"O'Reilly Media, Inc."

Why do critics feel impelled to unmask and demystify the works that they read? What is the rationale for their conviction that language is always withholding some important truth, that the critic's task is to unearth what is unsaid, naturalized, or repressed? These are the features of critique, a mode of thought that thoroughly dominates academic criticism. In this book, Rita Felski brilliantly exposes critique's more troubling qualities and proposes alternatives to it. Critique, she argues, is not just a method but also a sensibility—one best captured by Paul Ricoeur's phrase "the hermeneutics of suspicion." As the characteristic affect of critique, suspicion, Felski shows, helps us understand critique's seductions and limitations. The questions that Felski poses about critique have implications well beyond intramural debates among literary scholars. Literary studies, says Felski, is facing a legitimation crisis thanks to a sadly depleted language of value that leaves the field struggling to find reasons why students should care about Beowulf or Baudelaire. Why is literature worth bothering with? For Felski, the tendencies to make literary texts the object of suspicious reading or, conversely, impute to them qualities of critique, forecloses too many other possibilities. Felski offers an alternative model that she calls "postcritical reading." Rather than looking behind the text for its hidden causes, conditions, and motives, she suggests that literary scholars place themselves in front of a text, reflecting on what it calls forth and makes possible. Here Felski enlists the work of Bruno Latour to rethink reading as a co-production between actors, rather than an unraveling of manifest meaning, a form of making rather than unmaking. As a scholar with an abiding respect for theory who has long deployed elements of critique in her own work, Felski is able to provide an insider's account of critique's limits and

alternatives that will resonate widely in the humanities.

How to Critique Journal Articles in the Social Sciences Simon and Schuster

Real critique has become a lost skill among collaborative teams today. Critique is intended to help teams strengthen their designs, products, and services, rather than be used to assert authority or push agendas under the guise of "feedback." In this practical guide, authors Adam Connor and Aaron Irizarry teach you techniques, tools, and a framework for helping members of your design team give and receive critique. Using firsthand stories and lessons from prominent figures in the design community, this book examines the good, the bad, and the ugly of feedback. You'll come away with tips, actionable insights, activities, and a cheat sheet for practicing critique as a part of your collaborative process. This book covers: Best practices (and anti-patterns) for giving and receiving critique Cultural aspects that influence your ability to critique constructively When, how much, and how often to use critique in the creative process Facilitation techniques for making critiques timely and more effective Strategies for dealing with difficult people and challenging situations

Starting Your Career as an Artist Ignatius Press

Ad Critique teaches advertising, marketing, and management students—both the "suits" and the "creatives"—how to effectively judge and critique creativity in advertising. This textbook is an instruction manual; a facilitator of dialogue; a companion piece to classroom content. Its lessons result in actual skills that enable students to look at the creative product and embolden them to say something constructive and worthwhile.

Secrets and Lies in a Silicon Valley Startup Sristhi Publishers & Distributors

Now that literary critique's intellectual and political pay-off is no longer quite so self-evident, critics are vigorously debating the functions and futures of critique. The contributors to *Critique and Postcritique* join this conversation, evaluating critique's structural, methodological, and political potentials and limitations. Following

the interventions made by Bruno Latour, Eve Kosofsky Sedgwick, Sharon Marcus and Stephen Best, and others, the contributors assess the merits of the postcritical turn while exploring a range of alternate methods and critical orientations. Among other topics, the contributors challenge the distinction between surface and deep reading; outline how critique-based theory has shaped the development of the novel; examine Donna Haraway's feminist epistemology and objectivity; advocate for a "hopeful" critical disposition; highlight the difference between reading as method and critique as genre; and question critique's efficacy at attending to the affective dimensions of experience. In these and other essays this volume outlines the state of contemporary literary criticism while pointing to new ways of conducting scholarship that are better suited to the intellectual and political challenges of the present. Contributors: Elizabeth S. Anker, Christopher Castiglia, Russ Castronovo, Simon During, Rita Felski, Jennifer L. Fleissner, Eric Hayot, Heather Love, John Michael, Toril Moi, Ellen Rooney, C. Namwali Serpell

The Word on College Reading and Writing BookRix

This original book offers a systematic overview of contemporary accounts of social critique in critical theory and beyond.

No Red Pen Harper Collins

This is a personal notebook from a conceptual travel. But, in a different sense, it also represents a report on travelling. The main part of the manuscript was written in Brazil, Denmark and England, whilst notes have also been inspired by visits to other countries. So, the book not only represents conceptual travel, it also reflects seasons of real travelling.

A Critique SAGE Publications

All writing--whether it's an essay, a personal letter, or a detailed business report--is at its most memorable when it's built on the fundamental and critical skills that transform your words from good to great. The first lectures provide the first key to more engaging and effective writing: understanding literary genres and the ways their unique styles can shape and inform your own voice. The focus then shifts to the art of rhetoric and the ways it can help you adapt your writing to a variety of situations. The final part is a step-by-step guide through the writing process in its four major stages: researching, first draft, editing and rewriting.

Post-Truth Imaginations M&S

This book engages with post-truth as a problem of societal order

and for scholarly analysis. It claims that post-truth discourse is more deeply entangled with main Western imaginations of knowledge societies than commonly recognised. Scholarly responses to post-truth have not fully addressed these entanglements, treating them either as something to be morally condemned or as accusations against which scholars have to defend themselves (for having somehow contributed to it). Aiming for wider problematisations, the authors of this book use post-truth to open scholarly and societal assumptions to critical scrutiny. Contributions are both conceptual and empirical, dealing with topics such as: the role of truth in public; deep penetrations of ICTs into main societal institutions; the politics of time in neoliberalism; shifting boundaries between fact - value, politics - science, nature - culture; and the importance of critique for public truth-telling. Case studies range from the politics of nuclear power and election meddling in the UK, over smart technologies and techno-regulation in Europe, to renewables in Australia. The book ends where the Corona story begins: as intensifications of Modernity's complex dynamics, requiring new starting points for critique.

To Kill a Mockingbird Columbia University Press

Critical philosophy has always challenged the division between theory and practice. At its best, it aims to turn contemplation into emancipation, seeking to transform society in pursuit of equality, autonomy, and human flourishing. Yet today's critical theory often seems to engage only in critique. These times of crisis demand more. Bernard E. Harcourt challenges us to move beyond decades of philosophical detours and to harness critical thought to the need for action. In a time of increasing awareness of economic and social inequality, Harcourt calls on us to make society more equal and just. Only critical theory can guide us toward a more self-reflexive pursuit of justice. Charting a vision for political action and social transformation, Harcourt argues that instead of posing the question, "What is to be done?" we must now turn it back onto ourselves and ask, and answer, "What more am I to do?" Critique and Praxis advocates for a new path forward that constantly challenges each and every one of us to ask what more we can do to realize a society based on equality and justice. Joining his decades of activism, social-justice litigation, and political engagement with his years of critical theory and philosophical work, Harcourt has written a magnum opus.

How to Engage and Write about Anything Springer

Trying to Finish Your Book? There's Strength in Numbers Whether you're trying to revise your novel or polish up an article to pitch to magazines, it pays to have a few sets of eyes look over your work. But, how can you be sure you're getting an unbiased and objective opinion? A writing critique group may be the answer you're looking for, and this book arms you with everything you need to find a group that suits your specific writing needs. Whether you're looking to join an existing group or start one of your own, you'll learn how to:

- Find compatible critique partners
- Develop your "editor's eye" and analyze writing like a professional
- Construct organized and well thought-out critiques
- Give and receive constructive feedback
- Run efficient critique meetings and maintain a good group dynamic
- Apply the feedback you receive to your own writing and make revisions

Complete with worksheets, sample critiques and examples, *The Writing & Critique Group Survival Guide* gives you tools to hone your editing skills and deepen your understanding of how to revise your own work as well as someone else's. With the help of this guide your writing critique group can be a helpful resource for you and your writing partners for years to come.

Kant's Critiques Duke University Press

The intimate focus of a family drama.

Towards a Philosophy and Ethics of Business Management Rowman & Littlefield

Charlotte Perkins Gilman's 1892 short story, *The Yellow Wallpaper* is a valuable piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with "temporary nervous depression - a slight hysterical tendency" by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: "It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell."

Do you feel stuck in life, not knowing how to make it more

successful? Do you wish to become more popular? Are you craving to earn more? Do you wish to expand your horizon, earn new clients and win people over with your ideas? *How to Win Friends and Influence People* is a well-researched and comprehensive guide that will help you through these everyday problems and make success look easier. You can learn to expand your social circle, polish your skill set, find ways to put forward your thoughts more clearly, and build mental strength to counter all hurdles that you may come across on the path to success. Having helped millions of readers from the world over achieve their goals, the clearly listed techniques and principles will be the answers to all your questions.

A Guide to Interpreting Literary Genres of the Old Testament Princeton University Press

A guide to the various kinds of literature in the Old Testament—narrative, history, law, oracles, and more—and how to interpret them. Contributors include Eugene Merrill, Walt Kaiser, and Tremper Longman, III.

Unlocking the Treasures Reserved for You Black Irish Entertainment LLC

Peggy Orenstein, acclaimed author of the groundbreaking *New*

York Times bestsellers *Girls & Sex* and *Schoolgirls*, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of Girl Power in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable—yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

A Time for Critique Columbia University Press

A sharp-eyed look at the mysteries of love and obsession. From the prize-winning author of *All Desires Known*, a subtle examination of romantic and family conflict that is both devastating and funny, while all the time reminding us of the ultimate triumph of goodness.

A Guide to Launching a Creative Life Rowman & Littlefield
Your dissertation is not a hurdle to jump or a battle to fight; as this handbook makes clear, your dissertation is the first of many destinations on the path of your professional career. *Destination Dissertation* guides you to the successful completion of your dissertation by framing the process as a stimulating and exciting trip—one that can be completed in fewer than nine months and by following twenty-nine specific steps. Sonja Foss and William Waters—your guides on this trip—explain concrete and efficient processes for completing the parts of the dissertation that tend to cause the most delays: conceptualizing a topic, developing a pre-proposal, writing a literature review, writing a proposal, collecting and analyzing data, and writing the last chapter. This guidebook is crafted for use by students in all disciplines and for both quantitative and qualitative dissertations, and incorporates a wealth of real-life examples from every step of the journey.
