According to the 1999 Salary Survey conducted by MCP Magazine, the average MCSE has 6.8 years of experience. The average self-employed MCSE consultant with 6 - 9 years of experience earns \$85,000 - that's over \$8,000 more than the average salary +bonus and benefits package of other MCSEs. There is a demand for MCSEs who can offer a variety of technical expertise and services, and this book will show readers how to create a successful consulting business. MCSE Consulting Bible walks readers through the issues to consider when making the decision to start their own consulting business and then offers key advice on each aspect of the business from deciding what services to offer, to marketing, to maintaining customer relationships.

The claim is that in 1946, theology, history, culture, and politics led to a biblical mistranslation of catastrophic proportions. Supposedly the 1946 movie is a revolutionary documentary that chronicles how the misuse of a single word in 1 Corinthians 6:9 changed the course of modern history. The 1946 Movie says that their research was "a journey which unveils the mystery of how theology, history, culture, and politics led to a Biblical mistranslation, the man who tried to stop it, and the impassioned academic crusade of the LGBTQIA+ Christian community-driven to discover the truth. More than 45,000 churches today still preach that homosexuality is a sin, citing

biblical references that condemn "homosexuals." 1946 Movie asks, 'What would change if churches discovered the truth — the word "homosexual" was added to the Bible in 1946 by mistake?' Was it added by mistake? Andrews, author of 170+ books in THE 1946 PROJECT, will investigate this claim and see if the filmmakers discovered the truth or created their own truth.
