**Oh, the Places You'll Go!** OUP Oxford Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out

meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Educator's Field Guide helps teachers get off to a running start. The only book that covers all four key cornerstones of effective teaching—organization, classroom

management, instruction, and assessment—this handy reference offers a bridge from college to classroom with a hearty dose of practical guidance for teachers who aspire to greatness. At a time when school leaders are pressed to hire and retain high-quality teachers, this guidebook is indispensable for defining and nurturing the qualities the qualities teachers strive for and students deserve. Helpful tools include: Step-by-step guidance on instructional organization, behavior management, lesson planning, and formative and summative assessment User-friendly taxonomic guides to help readers quickly locate topics The latest information on student diversity, special needs, and lesson differentiation Teacher testimonials and examples Explanations

of education standards and initiatives. Each key concept is addressed in a resource-style format with activities and reproducible that can be customized. Teachers will also find lesson plan templates, graphs, charts, quizzes, and games—all in one easy-to-use source. *The Young Adult Starter Kit* Heinemann Educational Books

A heart-warming picture book that has a wonderful message for young children about making friends. A heart-warming picture book that has a wonderful message for young children about making friends. When Fox's mommy tells him to go off and "make" some friends, he takes her at her word. He rushes off excitedly to make a friend out of sticks, an apple, and some nuts. But he's rather disappointed in this new stick friend, so

he enlists the help of a passing rabbit, then a squirrel. Working as a team, they do their best to help Fox make bigger and better friends, but none of these inanimate objects turn out to be great playmates. Mom finds Fox feeling sad and disappointed but soon points out to him that he has made friends—his new best buddies Squirrel and Rabbit are standing right beside him!

The world is changing fast, and education hasn't caught up. Teachers know schools need more innovation, change-making, and relevance. But in the midst of overwhelming challenges, how can these needs turn into action? Blanchet and Bakkegard grew tired of everyone telling teachers what to fix without sharing the "how," so they created easy-to-use professional development tools and strategies to help teachers think like startup entrepreneurs. Using a visual, interactive format, *The Startup Teacher Playbook* helps teachers tackle challenges, turn their ideas into action, and tap into their potential to lead change in the

classroom, school, and community. This shows you how to evolve your teaching and learning to serve the changing needs of students, use professional learning and meeting time to break down challenges and create solutions, and cultivate your leadership capacity to take your ideas further than you ever imagined. The Educator Canvas Teachers and school leaders will immediately use the author's powerful and practical Educator Canvas, which will guide your personalized learning and collaboration with your colleagues. The Startup Teacher Playbook is both professional growth guidebook and meeting workbook, combined into one impactful tool that you will want with you at all times.

For 21st Century Educators - The New Rules Of Student Engagement Today's classroom demands teacher innovation

and rejection of outdated practices, especially when someone tells you it's "always been done" a certain way. In this book, Josh Stumpenhorst details his methods for improving student outcomes with unorthodox thinking. Content includes: Building relationships built on trust and respect, not fear and punishment Why you need to rethink homework and letter grades, which—in their current forms—are harming learning How to leverage technology by not treating it as a "shiny toy", but rather fully understanding their power as tools for massive progress
